## KEY TRANSIT FACTORS

### ♂ Mars \* Sextile ☉ natal Sun \*

Right now you feel **naturally motivated to get things done** without pushing yourself too hard. Your confidence is steady, and you tackle practical tasks at work or home with clear direction and follow-through. This is an ideal window to start a project or commit to something you've been thinking about, because your actions line up with what actually matters to you.

### ♂ Mars ☐ Square ♄ natal Saturn

Right now you feel **blocked and frustrated** when you try to move forward on anything that matters to you. You push hard, but something keeps pushing back — maybe it's a person, a rule, or just bad timing — and the harder you try, the more stuck you feel. Over the coming weeks, you'll have to learn to work within limits instead of against them, or you'll burn yourself out for no gain.

### ♇ Pluto ☐ Square ☾ natal Moon

You feel unusually disconnected from people you're close to, as if you cannot quite let them comfort you the way you normally would. Your **emotional walls go up automatically**, and you may withdraw or push away support even when you need it. Over the coming weeks, this psychological distance can strain your relationships unless you notice what is happening and make an effort to stay connected despite the discomfort.

### ♅ Uranus ∠ Semi sextile ♂ natal Mars

You're noticing small windows of **creative restlessness** that actually help you break old habits without major disruption. *Uranus* is gently nudging your *Mars* energy sideways, so instead of forcing big changes, you find yourself naturally trying different approaches to familiar problems. Over the coming weeks, you'll discover that your usual way of doing things has room for improvement, and you're willing to experiment in ways that feel refreshing rather than risky.

### ♆ Neptune ☐ Square ♂ natal Mars

Right now your usual drive and confidence feel blurred, making it hard to know what you actually want versus what you think you should do. You may **start projects you abandon halfway through, or lose the will to push forward on things that normally matter to you**. This fog around your own direction lasts a few weeks and can leave you frustrated with yourself for lacking the usual clarity.

### ♃ Jupiter Rx • ♌ Leo

Creative confidence and the desire to be seen or celebrated retreat inward during this period. Projects that were expanding boldly may need a quieter phase of consolidation and honest self-review. Evaluating what you are genuinely proud of versus what requires more work is the most honest use of this time.

### ☉ Sun △ Trine ☾ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

### ☉ Sun ☿ Semi sextile ♀ Mercury

These days you find it easier to **say what you actually think** without overcomplicating things or getting stuck in your own head. Your mind and sense of purpose line up naturally, so explaining yourself to others feels straightforward rather than exhausting. This is a good window for conversations, presentations, or decisions where you need to be both clear and confident about what matters to you.

### ☉ Sun ☿ Quincunx ♃ Jupiter

These days you feel pulled between wanting to take action and doubts about whether you're doing enough, which can leave you **restless and second-guessing your choices**. Your confidence in what you're doing right now doesn't quite match what you think you should be doing, so you might start something and then hesitate or change direction. This mismatch between your actual situation and your sense of what's possible tends to create practical friction rather than clear obstacles.
