KEY TRANSIT FACTORS

☉ Sun * Sextile ♂ Mars *

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

♆ Neptune qx Quincunx ♃ natal Mercury

Over the coming weeks, you may find your thinking becomes **less direct and harder to organize** than usual. You might struggle to explain your ideas clearly to others, or notice that conversations wander off track more easily. This isn't permanent—it's just *Neptune* softening your usual mental sharpness, so patience with yourself during this period will help you move through it.

♁ NNode ♂ Conjunction ☾ natal Moon

These days you are drawn to people and situations that feel more emotionally familiar or aligned with who you want to become. You may find yourself **seeking out relationships or groups** that reflect your values more closely, or noticing which connections actually support you. This pull toward authenticity in your social life is likely to last several weeks as the *North Node* activates your *Moon*.

♁ Chiron Δ Trine ☾ natal Moon

Right now you find it easier to talk about what actually hurts instead of pushing feelings away or making yourself smaller. People around you respond differently when you speak from this honest place, and conversations that would normally feel risky become manageable. Over the coming weeks, this support from others gives you real permission to take your emotional needs seriously rather than dismissing them as weakness.

♀ Venus qx Quincunx ♂ natal Mars

Over the coming weeks, you may notice that what normally appeals to you doesn't quite fit your current drive, leaving you feeling **slightly out of sync with your own desires**. Your attractions and what you actually want to do pull in different directions, making it hard to settle on what matters most. This awkward gap typically passes as the transit moves on, but while it lasts you might need to slow down and check in with yourself about what you actually value right now.

☾ Moon * Sextile ♃ natal Mercury

Your thinking feels clearer than usual right now, and you find it easier to say what you actually mean in conversations. People respond well because you're coming across as both honest and considerate, not just logical or detached. This is a good window to **handle difficult talks, ask for what you need, or explain something you've been putting off**—your words land better when *the Moon* and *Mercury* work this way.

☉ Sun △ Trine ☾ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

☉ Sun ♂ Conjunction ♿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

** = natal resonance — this transit echoes your birth chart, amplifying its influence*

LUNAR DAY

Moon in ♍ Virgo · Day 10 / 30 · First Quarter

Attention sharpens on what is not working right now — small errors and inefficiencies become harder to ignore than usual. **The tendency to organize, correct, and refine** runs stronger for the next day or two, sometimes at the cost of the bigger picture.
