KEY TRANSIT FACTORS

♀ Venus ∠ Semi sextile ♂ natal Mars ★

Right now you find it easier to **ask for what you want without apologizing**, whether in conversation or in your actions. Your usual hesitation about pursuing your own goals softens, and you can speak up or make moves with a natural confidence that feels good. This small but real shift helps you get things done and connect with others more directly over these coming weeks.

☉ Sun * Sextile ♂ natal Mars ★

Right now you feel **purposeful and able to act on what matters to you**, and tasks that usually feel like a drag become easier to start. Your practical energy is flowing, so this is a good time to tackle projects at work or home that need your direct effort and attention. Over the coming weeks, you're likely to notice people respond better to your straightforward approach and genuine confidence.

♃ Jupiter □ Square ♆ natal Neptune

Right now you are **overestimating what you can achieve** and making promises you cannot keep. Your optimism is running ahead of reality, and you may find yourself committed to projects or goals that are actually beyond your practical reach. Over the coming weeks, disappointment will follow when you realize the gap between what you imagined and what is actually possible.

♁ NNode ♋ Conjunction ♁ natal Chiron

Over the coming weeks, you become **more aware of how you respond when others are struggling or hurt**. You notice yourself wanting to help in ways that feel natural to you, and people actually seem to listen when you do. This isn't about fixing anyone—it's about recognizing where your practical support lands best and feels most genuine.

♇ Pluto ♋ Conjunction ♁ natal Chiron

You are becoming aware of old hurts or weak points in yourself that you have carried for years without noticing them much. **You feel motivated to examine these painful patterns closely** rather than ignore them as you normally do. This psychological pressure can be uncomfortable right now, but it is showing you exactly where you need to do real work on yourself over the coming weeks.

☉ Sun ♋ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun □ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

› **Moon * Sextile ♀ Venus**

Right now you find it easier to **express what you actually feel** without worrying what others will think. People around you respond well because you seem more genuine and relaxed than usual. This is a good period to have honest conversations or do something kind for someone close to you.

LUNAR DAY

Moon in ♏ Scorpio · Day 3 / 30 · New Moon

Psychological intensity rises for the next 48 hours, and surface-level talk becomes noticeably less satisfying. People read into what others leave unsaid more than usual, and private matters feel more pressing.
