KEY TRANSIT FACTORS

☉ Sun * Sextile ♂ Mars *

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

♁ NNode ☐ Square ♂ natal Mars

Right now you're running into **obstacles when you try to take direct action**, especially on goals that matter to you personally. People around you seem to resist or block what you're pushing for, which makes you frustrated and impatient. Over the coming weeks, you'll need to slow down and reconsider your approach instead of just charging ahead like you normally do.

♁ Chiron △ Trine ♀ natal Neptune

While this lasts, you find it easier to **talk about your insecurities without shame**, and people respond with genuine understanding instead of judgment. Your usual defensiveness around emotional mistakes softens, letting you admit what you actually struggle with. This practical honesty tends to deepen your connections with others over the coming weeks.

♃ Jupiter ☐ Square ♁ natal Chiron

Right now your **tendency to overestimate what you can fix** is causing real friction in your relationships and work. You are pushing too hard to solve problems that belong to other people, and they are pulling back or getting annoyed with your interference. Over the coming weeks, you will need to learn where your actual limits are by running into them repeatedly.

♄ Saturn ∟ Semi sextile ☾ natal Moon

Over the coming weeks, you'll find it easier to **organize your feelings into practical steps** rather than getting stuck in emotional loops. Your emotional needs start to align with what you can actually do in your daily life, so you feel less pulled in two directions. This is a good time to set small routines that genuinely comfort you, since your practical side and your emotional side are working together instead of against each other.

♀ Venus ☉ Opposition ♄ natal Saturn

Right now you feel **rejected or less attractive**, even when that is not actually happening around you. Your self-doubt makes you withdraw from social situations or pull back from people you care about. Over the coming weeks, this pattern can become self-fulfilling unless you recognize that your fear of rejection is doing the rejecting for you.

☉ Sun ∟ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

☉ Sun ☌ Conjunction ☌ Uranus

At the moment, you feel **restless and impatient with routines that normally work fine**. You might suddenly want to change something about how you look, where you work, or how you spend your time, even if there's no real problem. This push to break free or do something different is normal right now, so notice what you actually want to change versus what's just nervous energy looking for an outlet.
