KEY TRANSIT FACTORS

♂ Mars * Sextile ☉ natal Sun ★

Right now you feel **naturally motivated to get things done** without pushing yourself too hard. Your confidence is steady, and you tackle practical tasks at work or home with clear direction and follow-through. This is an ideal window to start a project or commit to something you've been thinking about, because your actions line up with what actually matters to you.

☿ Mercury ☐ Square ♁ natal Uranus

Right now your thinking is scattered and you jump between ideas without finishing them, which makes it hard to explain what you actually want to others. You feel **restless and impatient** with normal conversation, often blurting out opinions you later regret or missing what someone else is trying to tell you. Over the coming weeks, this mental friction could damage plans or relationships if you don't write things down before you speak or act on them.

♁ Uranus ♁ Opposition ♁ natal Uranus

Right now you're feeling restless with your current situation and want to break free from something, but you're not sure what or how to do it safely. You might push back against rules or routines that actually serve you, or make sudden changes that create more instability rather than solving real problems. **The unpredictability cuts both ways** — while you crave more freedom, you're also becoming less reliable to the people who depend on you, and that friction is hard to avoid over the coming weeks.

☉ Sun ☐ Quincunx ♇ natal Pluto

Right now you feel pulled between wanting to take charge and sensing that things need to happen differently than you planned. You might notice yourself **pushing hard on something, then suddenly backing off** because you realize your approach isn't working. This awkward back-and-forth between your will and what the situation actually requires will ease once you stop fighting it and adjust your tactics instead.

♁ Uranus * Sextile ♃ natal Jupiter

These days you're spotting opportunities that other people miss, and you have the confidence to act on them without overthinking. You feel **more willing to take calculated risks** in practical matters like work or finances, and things that seemed impossible a few weeks ago suddenly feel doable. This is a good time to pitch ideas, pursue opportunities you've been curious about, or make changes that align better with what you actually want.

☉ Sun ∟ Semi sextile ♃ natal Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

› Moon ☐ Square ♀ Mercury

Right now your **feelings and thoughts are working against each other**, making it hard to say what you actually mean. You might feel irritated or misunderstood because your emotions are moving faster than your ability to explain them. These days conversations tend to go sideways even when you're trying to be clear, because *Moon* and *Mercury* are pulling in opposite directions.

› Moon * Sextile ♀ Venus

Right now you find it easier to **express what you actually feel** without worrying what others will think. People around you respond well because you seem more genuine and relaxed than usual. This is a good period to have honest conversations or do something kind for someone close to you.

LUNAR DAY

Moon in ♊ Gemini · Day 8 / 30 · First Quarter

Social activity picks up for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.

CLOTHING & JEWELRY

Thursday · ♃ Jupiter · Venus in Cancer

Thursday is Jupiter's day — deep blue or royal indigo invites expansion and optimism. Amethyst worn as a ring or necklace supports wisdom and measured confidence.
