KEY TRANSIT FACTORS

☉ Sun ☿ Conjunction ♊ natal NNode ★

Right now you are **more willing to step into situations that feel slightly unfamiliar**, whether that's speaking up in a group, trying a new activity, or saying yes to something you would normally decline. Your confidence is higher than usual, and people around you are responding to that shift in how you carry yourself. Over the coming weeks, pay attention to what kinds of opportunities you naturally gravitate toward, because they often point to what you actually want to develop.

☉ Sun ☿ Opposition ☾ natal Moon ★

Right now you feel caught between what you want to do and what you feel you should do, and this split is making you irritable and tired. Your **need for rest clashes with external demands**, so you're pushing yourself when your body is asking for a break. Over the coming weeks, others may see you as withdrawn or difficult, when really you're just exhausted from the mismatch between your inner state and what the outside world expects from you.

☉ Sun ♃ Semi sextile ♄ natal Saturn ★

These days you find it easier to **follow through on commitments** without feeling weighed down by them. Your sense of responsibility feels less like a burden and more like something you can actually manage. This lighter touch with structure means you get things done while still leaving room to enjoy yourself.

♃ Jupiter ☐ Square ♁ natal Chiron

Right now your **tendency to overestimate what you can fix** is causing real friction in your relationships and work. You are pushing too hard to solve problems that belong to other people, and they are pulling back or getting annoyed with your interference. Over the coming weeks, you will need to learn where your actual limits are by running into them repeatedly.

♊ NNode ☿ Opposition ♇ natal Pluto

Right now you are **resisting changes that feel necessary but threatening**. You want to stay in control of situations that are slipping away, and that grip is making you anxious and irritable with people around you. Over the coming weeks, the more you push back against what needs to shift, the more friction you will create in your relationships and work.

♄ Saturn Rx · ♑ Capricorn

Ambitions, career structures, and long-term goals are under the most rigorous review possible during this period. Work that has been sustained through discipline alone may now reveal where genuine motivation is missing. This is a demanding but genuinely clarifying period for honest assessment of your long-term direction.

☉ Sun ☿ Quincunx ☾ Moon

At the moment, your **emotional needs and practical goals are pulling in different directions**, and this creates a low-level discomfort that's hard to name. You might feel restless or slightly out of sync—your body wants one thing while your mind is focused on something else entirely. This isn't a crisis, but it does mean you'll need to make small adjustments throughout the day to feel more settled.

☉ Sun ☌ Quincunx ♄ Saturn

Right now you feel a mismatch between what you want to do and what seems practical or allowed. You might push forward with a plan only to run into a real obstacle that makes you reconsider, or hold back when you actually have a real opportunity. **This awkward timing between your drive and your responsibilities** means you cannot simply act on instinct—you need to adjust, compromise, or wait for better conditions.

☉ Sun ☌ Quincunx ♇ Pluto

Right now you might feel **out of step with your own needs**, as if what you want and what's actually happening don't quite match up. You notice yourself making small adjustments to stay in control of a situation, only to realize those tweaks aren't really working. This mismatch between your intentions and real results can leave you feeling frustrated until you accept that some things need to shift more completely than you planned.
