KEY TRANSIT FACTORS

♀ Venus ☿ Quincunx ☾ natal Moon ★

Over the coming weeks, you may find your usual way of showing affection feels slightly off or awkward. You might want closeness but struggle to express it in ways that actually land with the people you care about. Small adjustments to how you approach relationships will help you feel more comfortable.

☾ Moon ☉ Opposition ♁ natal NNode ★

Right now you feel pulled toward what feels familiar and safe, which puts you at odds with what you actually need to develop. You may retreat into old habits or lean on people who reinforce your comfort zone instead of pushing you forward. This friction between what you want right now and what would genuinely help you grow will likely feel uncomfortable for the next week or two.

☾ Moon ☉ Opposition ♅ natal Uranus ★

Right now you feel restless and want to break free from routines that suddenly feel suffocating. Your **need for sudden change clashes with your actual responsibilities**, leaving you irritable with people who expect you to stay consistent. Over the coming weeks, small frustrations can escalate into conflict unless you find a practical outlet for this agitation.

☾ Moon ★ Sextile ♃ natal Jupiter ★

You feel **more generous and open to other people** right now, which makes conversations easier and helps you connect with others without overthinking things. Your mood is lighter, and you're more likely to say yes to social invitations or to help someone out without keeping score. This is a good window to ask for what you need or to approach someone you've been meaning to reach out to, because you come across as relaxed and genuinely interested in them.

♀ Venus ♀ Semi sextile ☉ natal Sun ★

These days you feel **more comfortable being yourself around others**, and people respond well to that ease. You're not trying as hard to impress anyone, which actually makes your conversations flow better and your relationships feel less strained. This small shift in *Venus* supporting your *Sun* won't solve everything, but it gives you a genuine advantage in how you present yourself while it lasts.

☾ Moon ☿ Quincunx ♀ Venus ★

Right now your emotional needs and what you want socially are slightly out of sync, so you might feel pulled in two directions. You could notice yourself wanting comfort and closeness at times when you'd rather stay independent, or the opposite. This **mismatch between feeling and wanting** is temporary, and noticing it is the first step to working with it instead of against it.

☉ Sun ☿ Quincunx ♁ NNode

At the moment you are noticing a mismatch between what you want to do and what feels like the right direction to move in. You might find yourself **hesitating before making choices** because two parts of you are pulling slightly different ways. This isn't crisis or conflict—just an uncomfortable adjustment where you have to consciously decide which impulse to follow rather than acting on automatic.

☾ Moon ★ Sextile ♄ Saturn

These days you find it easier to **stick to what matters** and ignore what doesn't. Your emotional reactions are quieter and more measured, which means you can actually listen to people instead of just reacting. This period gives you the practical steadiness to follow through on commitments without needing constant reassurance.
