KEY TRANSIT FACTORS

☉ Sun ☾ Semi sextile ♀ Venus ★

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☿ Mercury ☿ Quincunx ♅ natal Uranus

Your thinking becomes restless and hard to pin down while this lasts, making it difficult to follow through on practical plans. You might start several mental projects or conversations but abandon them midway because your focus keeps **jumping to new angles** without warning. This is a good time to notice which ideas actually matter to you and which ones are just distractions.

☿ Mercury ☐ Square ♃ natal Jupiter

Over the coming weeks, you're likely to **overstate your case and talk past people** instead of listening to what they actually need. Your confidence in your own ideas is running high, but you're glossing over details and assuming you already understand the full picture. This habit can damage practical plans at work or create real friction in conversations where precision actually matters.

♆ Neptune ☿ Quincunx ♂ natal Mars

Over the coming weeks, you may find your usual drive and confidence feel slightly out of sync with what's actually happening around you. Your instinct to act or push forward keeps bumping up against situations that need a softer touch or more patience than you'd normally give them. **You're more likely to second-guess your own strength**, which can work either way—sometimes holding back saves you trouble, and sometimes it just creates frustration with yourself.

♇ Pluto ♂ Conjunction ♁ natal Lilith

Right now you are examining parts of yourself that you normally keep hidden or suppress, and this feels both uncomfortable and oddly necessary. You may find yourself **pushing back against rules or expectations** that never actually fit you, whether at work or in relationships. Over the coming weeks, this restlessness will likely push you to make a practical change in how you present yourself or what you actually allow yourself to want.

☾ Moon ☐ Square ♄ natal Saturn

Right now you feel **emotionally heavy and withdrawn**, as if your normal mood swings have turned sluggish and grey. You notice yourself avoiding people, cancelling plans, and sitting with feelings of inadequacy that feel hard to shake. Over the coming weeks, this low mood will likely push you to look honestly at what you actually need instead of what you think you should want.

☉ Sun △ Trine ☾ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

☉ Sun □ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.
