KEY TRANSIT FACTORS

☉ Sun △ Trine ♀ natal Venus

Right now you find it easier to like yourself and feel comfortable in your own skin, which naturally makes other people want to be around you more. You're less critical of your flaws and **more accepting of who you are**, so conversations flow better and you come across as genuinely relaxed instead of trying too hard. This period is ideal for repair work in relationships, starting something new socially, or simply enjoying the company of people you care about without the usual second-guessing.

♁ NNode ∠ Semi sextile ♇ natal Pluto

Over the coming weeks, you find it easier to **speak up about what you actually want** instead of staying quiet to keep the peace. Small conversations that would normally feel risky now feel manageable, and people respond better than you expected. This is a good time to set a boundary you have been putting off or to tell someone what you really think.

♂ Mars □ Square ♃ natal Mercury

Right now you're more **quick to argue and interrupt** without thinking through what you're about to say. Your impatience makes it harder to listen, so conversations turn combative when they don't need to be. Over the coming weeks, you'll notice this pattern most at work or with people who challenge your ideas, and stopping to take a breath before you speak will save you real conflicts.

♀ Venus ♂ Opposition ♇ natal Pluto

Right now you feel pulled toward people or situations that seem magnetic but also unsettling, and you have a hard time walking away even when something feels off. Your **compulsive attraction to intensity** makes you overlook red flags in relationships or financial decisions. Over the coming weeks, this pattern will likely cost you something—clarity, money, or peace of mind—before you realize you needed to say no.

♃ Jupiter qx Quincunx ♇ natal Pluto

Over the coming weeks, you may feel **restless with situations you thought were settled**, wanting to change things that previously felt stable or important to you. Your confidence in what you control grows, but it doesn't match up neatly with what's actually possible right now, leaving you frustrated. These misalignments between what you want to reorganize and what the real world allows are the main friction you'll notice while *Jupiter* stays at odds with your *Pluto*.

☾ Moon □ Square ♆ Neptune

Right now your emotional responses feel disconnected from what is actually happening around you. You might **overreact to small problems or miss real warning signs** because your feelings are not matching the facts. This mismatch between what you feel and what is real makes it hard to trust your own judgment about people and situations.

♿ Mercury * Sextile ♅ Uranus

Your thinking is unusually quick and flexible right now, making it easy to spot patterns others miss and come up with **original solutions to practical problems**. Conversations tend to flow in unexpected directions, and you find yourself saying things that surprise even you in a good way. This is ideal timing for brainstorming, learning something new, or explaining complicated ideas in fresh ways that actually make sense to people.

♀ Venus * Sextile ♂ Mars

Right now you find it easier to ask for what you want without being aggressive or defensive about it. *Venus* and *Mars* working together means your **desires and your confidence are aligned**, so you come across as genuine rather than pushy. These days people respond well to you because you want something and you're not afraid to say it, but you're also not trying to force anyone into agreement.
