KEY TRANSIT FACTORS

♁ Chiron ☿ Quincunx ♀ natal Venus

Right now you notice small awkwardness in how you connect with people you care about, as if your usual way of showing affection doesn't quite land the way you expect. You might feel **slightly out of sync with your own preferences**, unsure whether you actually want what you thought you wanted in your relationships. Over the coming weeks, this discomfort is actually useful—it pushes you to adjust how you relate and to notice when you're settling or performing instead of being genuine.

♀ Venus ☿ Conjunction ♃ natal Jupiter

You feel more generous with your time and money right now, and people respond well to this openness. You're likely to say yes to social invitations, spend freely on things that bring pleasure, and **show up as warmer and more approachable than usual**. This window won't last long, so any goodwill you build or connections you strengthen during these weeks tend to stick around after the transit fades.

♅ Uranus △ Trine ♁ natal NNode

While this lasts, you find it easier to **break free from old patterns that no longer fit** and try something genuinely new. You feel less afraid of standing out or doing things differently than usual, and others seem to respond well to this shift in you. Over the coming weeks, this confidence in your own direction can open doors you didn't expect.

♆ Neptune △ Trine ♆ natal Neptune

Your intuition about other people becomes unusually reliable right now, and you find yourself understanding what others need without them having to explain it. You're also more comfortable sitting with uncertainty in practical situations instead of rushing to solve everything immediately. These small shifts make your relationships feel easier and give you permission to trust your gut more than usual.

☿ Mercury △ Trine ♅ natal Uranus

Your mind is working faster than usual right now, and you're making unexpected connections between ideas that seemed unrelated before. You find yourself **thinking in new directions** and willing to try approaches that normally wouldn't occur to you. Over the coming weeks, this mental clarity can help you solve practical problems or come up with fresh solutions at work or in your personal projects.

♄ Saturn Rx · ♊ Gemini

Mental discipline and consistency in communication are being tested right now. Projects that require sustained intellectual effort may expose areas where your commitment has been shallow. Returning to half-finished work rewards you more during this period than starting fresh.

☉ Sun ☿ Quincunx ☾ Moon

At the moment, your **emotional needs and practical goals are pulling in different directions**, and this creates a low-level discomfort that's hard to name. You might feel restless or slightly out of sync—your body wants one thing while your mind is focused on something else entirely. This isn't a crisis, but it does mean you'll need to make small adjustments throughout the day to feel more settled.

☉ Sun □ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

☉ Sun ☐ Square ♆ Neptune

Right now you are likely to **confuse what you want with what you imagine you want**, making it hard to set realistic goals or stick to decisions. People around you may seem unreliable or evasive, and you might notice yourself doing the same thing without meaning to. This period asks you to slow down and write things down before acting, because your usual sense of what is real gets cloudy.
