## KEY DATE

### ♀ Venus enters ♊ Gemini

Venus in *Gemini* makes people **more talkative and curious** about the people around them, so conversations feel lighter and flirtation happens more easily. At work and in friendships, you'll notice **shorter attention spans** — everyone wants variety instead of depth, which means plans change faster and people juggle multiple projects or interests at once. This transit typically brings **less commitment** to big decisions about money or relationships, so it's a better time to explore options than to lock anything down.

## KEY TRANSIT FACTORS

### ☉ Sun ☌ Conjunction ♁ natal NNode ★

Right now you are **more willing to step into situations that feel slightly unfamiliar**, whether that's speaking up in a group, trying a new activity, or saying yes to something you would normally decline. Your confidence is higher than usual, and people around you are responding to that shift in how you carry yourself. Over the coming weeks, pay attention to what kinds of opportunities you naturally gravitate toward, because they often point to what you actually want to develop.

### ☉ Sun ☌ Opposition ☾ natal Moon ★

Right now you feel caught between what you want to do and what you feel you should do, and this split is making you irritable and tired. Your **need for rest clashes with external demands**, so you're pushing yourself when your body is asking for a break. Over the coming weeks, others may see you as withdrawn or difficult, when really you're just exhausted from the mismatch between your inner state and what the outside world expects from you.

### ☉ Sun ∟ Semi sextile ♄ natal Saturn ★

These days you find it easier to **follow through on commitments** without feeling weighed down by them. Your sense of responsibility feels less like a burden and more like something you can actually manage. This lighter touch with structure means you get things done while still leaving room to enjoy yourself.

### ♂ Mars ☌ Opposition ♂ natal Mars

You're running into more resistance than usual right now, whether from other people or from your own body pushing back against what you want to do. **Your natural drive feels blocked or opposed at every turn**, making even simple tasks feel like you're fighting an invisible force. Over the coming weeks, this clash between what you want and what's actually possible will force you to get honest about whether your goals are realistic or whether you're trying to bulldoze your way through something that needs a different approach.

### ☾ Moon ☐ Square ♄ natal Saturn

Right now you feel **emotionally heavy and withdrawn**, as if your normal mood swings have turned sluggish and grey. You notice yourself avoiding people, cancelling plans, and sitting with feelings of inadequacy that feel hard to shake. Over the coming weeks, this low mood will likely push you to look honestly at what you actually need instead of what you think you should want.

### ☉ Sun △ Trine ☾ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

### ☉ Sun \* Sextile ♃ Jupiter

These days you feel more **willing to take reasonable risks** and try things you've been putting off. People around you seem more generous with their time and help, making it easier to move forward on practical goals. This period brings a straightforward boost to your confidence without the pressure to overcommit or perform.

### ☉ Sun ☿ Opposition ♇ Pluto

Right now you are more aware of what you cannot control, and this awareness makes you feel **powerless in situations where you normally feel in charge**. People around you may seem to be testing your authority or questioning your decisions in ways that feel personal. This period brings psychological friction because your sense of self is bumping up against forces larger than your willpower.

Moon in ♎ Libra · Day 11 / 30 · First Quarter

**The social atmosphere becomes more diplomatic** during this transit, with more care taken to avoid unnecessary friction. Decisions slow down as multiple perspectives get weighed, and outright conflict feels harder to initiate than usual.
