## KEY TRANSIT FACTORS

### ☉ Sun ☐ Square ♂ natal Mars

Right now you're running into more friction than usual when you try to take action. People push back harder against your ideas, and you feel like you have to fight for things that normally come easily, which makes you **impatient and quick to argue**. These clashes aren't random — they're showing you where your confidence has gotten ahead of what you've actually prepared or thought through.

### ♇ Pluto ☐ Quincunx ♀ natal Venus

You feel oddly disconnected from what normally makes you happy, as though your usual pleasures have lost their appeal. Your social or romantic relationships may feel slightly off, making you wonder what has changed when nothing obvious has shifted. Over the coming weeks, you might notice yourself pulling back from people or activities you usually enjoy, until this uncomfortable mismatch eventually settles.

### ♆ Neptune △ Trine ♃ natal Jupiter

You're naturally more **optimistic about what's possible** right now, and people pick up on this openness. Your thinking tends toward the generous side, making you quicker to give someone a second chance or believe in a plan that seemed risky before. Over the coming weeks, this shift can help you connect with others more easily or move forward on something you've been hesitant about.

### ☿ Mercury △ Trine ☿ natal Mercury

Right now your thinking feels clearer and you organize your thoughts more easily than usual. You find yourself **explaining things well to others** and picking up on what people actually mean instead of misunderstanding them. These days conversations flow better and you solve practical problems faster because your mind is working smoothly.

### ♂ Mars ☐ Quincunx ♅ natal Uranus

Right now your instinct is to **break free from routines**, but your actions keep hitting unexpected obstacles that force you to adjust course. You feel restless and impatient with how things normally work, yet when you try to move forward you find yourself having to backtrack or modify your approach. This mismatch between what you want to do and what actually works can feel frustrating, but it's teaching you which rules actually matter and which ones you can safely ignore.

### ☉ Sun ♂ Conjunction ♃ Jupiter

Right now you feel more confident about your abilities and less worried about what could go wrong. You are **more willing to take on bigger challenges** and speak up in situations where you normally stay quiet. This period tends to bring real opportunities your way because you are actually showing up differently, not because of luck.

### ☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

☉ Sun ☌ Semi sextile ♇ Pluto

These days you have a quiet **ability to notice what really matters** underneath surface conversations and behaviour. Your psychological instincts are sharper than usual, so you pick up on unspoken feelings in others and respond with genuine understanding. This minor aspect between *the Sun* and *Pluto* gives you a practical advantage in conversations where honesty counts.

LUNAR DAY

Moon in ♏ Scorpio · Day 29 / 30 · Waning Crescent

**Psychological intensity rises** for the next 48 hours, and surface-level talk becomes noticeably less satisfying. People read into what others leave unsaid more than usual, and private matters feel more pressing.
