## KEY TRANSIT FACTORS

### ♀ Venus ☐ Square ☉ natal Sun

Right now you feel **less attractive and less sure of yourself** than usual, which makes social situations feel awkward instead of enjoyable. You may notice that people are not responding to you the way they normally do, or that you are picking fights over small things in your close relationships. This friction is temporary, but while it lasts, you will need to be more intentional about how you show up around others instead of relying on your usual charm.

### ♂ Mars ☐ Square ☉ natal Sun

Right now you're running into **friction between what you want to do and what you actually have the energy for**. People around you might feel your impatience or see you push too hard on small disagreements that normally wouldn't bother you. This restless mood will fade in a few weeks, but for now you need to notice when you're forcing things instead of letting them happen naturally.

### ♇ Pluto ☉ Opposition ☿ natal Mercury

Right now you're experiencing **intrusive thoughts and difficulty trusting what you think you know** — conversations feel loaded, and you second-guess your own words before you say them. Your mind is working overtime to find hidden meanings in what others tell you, which can make ordinary exchanges feel exhausting or even paranoid. This period pushes you to examine whether your thinking has become too rigid, but the discomfort of doing so is real and will last several weeks.

### ☾ Moon ∟ Semi sextile ☿ natal Mercury

These days you find it easier to **put your feelings into words** without overthinking or second-guessing yourself. Your conversations with others feel more natural and relaxed because your emotional state and your thinking are working together smoothly. Over the coming weeks, this makes it simpler to explain what you actually need or how you really feel, and people tend to listen better when you're this straightforward.

### ☿ Mercury ☉ Opposition ♇ natal Pluto

Right now you're likely to say things that feel urgent and important but come across as harsh or controlling to others. You may notice yourself pushing conversations toward uncomfortable truths or **interrogating people about their motives** in ways that feel justified to you but leave them feeling attacked. These days, your words have a sharp edge, and backing down or softening what you've said feels impossible until this transit passes.

### ♂ Mars Rx • ♍ Virgo

Critical energy turns inward during this period, and self-criticism tends to be more active than productive action. Health, daily routines, and work habits come under scrutiny in ways that may feel more burdensome than useful. Small consistent efforts now build toward genuine improvement more reliably than sweeping overhauls.

☉ Sun △ Trine ☾ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

☉ Sun ♂ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun ∟ Semi sextile ♇ Pluto

These days you have a quiet **ability to notice what really matters** underneath surface conversations and behaviour. Your psychological instincts are sharper than usual, so you pick up on unspoken feelings in others and respond with genuine understanding. This minor aspect between *the Sun* and *Pluto* gives you a practical advantage in conversations where honesty counts.

LUNAR DAY

Moon in ♊ Gemini · Day 10 / 30 · First Quarter

**Social activity picks up** for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.
