KEY TRANSIT FACTORS

☾ Moon qx Quincunx ♀ Venus ★

Right now your emotional needs and what you want socially are slightly out of sync, so you might feel pulled in two directions. You could notice yourself wanting comfort and closeness at times when you'd rather stay independent, or the opposite. This **mismatch between feeling and wanting** is temporary, and noticing it is the first step to working with it instead of against it.

♃ Jupiter * Sextile ☿ natal Mercury

Your mind works faster and more clearly right now, making it easier to see solutions you usually miss. You find yourself **explaining things well** and picking up new information quickly, whether at work or in conversations. This is a practical window to tackle writing projects, learning, or any discussion that matters to you.

♁ Chiron qx Quincunx ♆ natal Neptune

Right now you are noticing gaps between what you believe about yourself and how you actually behave in stressful moments. You might find yourself **acting more defensively or withdrawn than you expect**, especially when someone questions your motives or judgment. These days the disconnect feels awkward rather than painful, but it is pushing you to pay closer attention to where your ideals do not match your real actions.

☿ Mercury ☉ Opposition ♆ natal Neptune

Right now your thinking is foggy and your communication keeps misfiring because you cannot tell what is real from what you are imagining. You find yourself **second-guessing your own words** mid-conversation and struggling to explain what you actually mean to other people. This confusion will fade once *Mercury* moves past this opposition to your *Neptune*, but for now you need to slow down, write things down, and ask for clarification instead of assuming you have been understood.

♇ Pluto ☉ Opposition ☿ natal Mercury

Right now you're experiencing **intrusive thoughts and difficulty trusting what you think you know** — conversations feel loaded, and you second-guess your own words before you say them. Your mind is working overtime to find hidden meanings in what others tell you, which can make ordinary exchanges feel exhausting or even paranoid. This period pushes you to examine whether your thinking has become too rigid, but the discomfort of doing so is real and will last several weeks.

♊ NNode qx Quincunx ☿ natal Mercury

Over the coming weeks, you'll notice your usual way of explaining things doesn't quite land the way it normally does. People seem to need you to say things differently than feels natural to you right now, which can be **awkward and frustrating** in conversations. The mismatch between what you want to communicate and what actually gets understood will push you to find new ways of thinking about how you talk to others.

♂ Mars Rx · ♍ Virgo

Critical energy turns inward during this period, and self-criticism tends to be more active than productive action. Health, daily routines, and work habits come under scrutiny in ways that may feel more burdensome than useful. Small consistent efforts now build toward genuine improvement more reliably than sweeping overhauls.

♄ Saturn Rx · ♎ Libra

Commitments, contracts, and relationship structures are being reviewed for their genuine fairness and sustainability. Long-standing agreements that have been tolerated rather than honored may surface for honest reassessment. This period asks you to hold yourself to the same standards you expect from others.

☾ Moon ☿ Opposition ♀ Mercury

Right now your feelings and your thoughts are pulling in different directions, which makes it hard to say what you actually mean. You might feel upset about something but explain it in a way that sounds cold or defensive, so people don't understand what's really bothering you. This mismatch between what you feel and what you say creates **confusion in conversations**, and you'll likely need to circle back later to clear things up.

☾ Moon ♁ Quincunx ♃ Jupiter

These days your feelings and your practical plans don't quite line up, so you end up second-guessing yourself more than usual. You might feel **restless or dissatisfied** even when things are going reasonably well, because part of you wants something bigger while another part knows the timing isn't right. This mismatch between what you want emotionally and what you can actually do creates an awkward pressure that pushes you to make small adjustments rather than major moves.
