KEY TRANSIT FACTORS

☾ Moon ☌ Opposition ☾ natal Moon

Right now you are likely to feel **emotionally restless and at odds with yourself**, as if your usual ways of managing stress are not working. You may snap at people you care about or withdraw when you normally would reach out, leaving you confused about what you actually want. Over the coming weeks, this mismatch between your instinctive needs and your current emotional state will push you to notice patterns you have been avoiding.

♀ Venus * Sextile ♆ natal Neptune

You find it easier to be **gentle and accepting** with people right now, even when they disappoint you. Your *Venus* sextile to your *Neptune* makes you more forgiving and less likely to hold grudges over small slights. This softness in how you treat others tends to make your relationships feel safer and more connected over the coming weeks.

♁ Chiron * Sextile ☉ natal Sun

Right now you are more willing to **talk honestly about your mistakes and learn from them** without getting defensive or ashamed. This period gives you the practical ability to see where you have struggled and turn that into useful knowledge about yourself. Over the coming weeks, people around you will notice you handle feedback better and recover faster from setbacks.

♂ Mars ☌ Opposition ☉ natal Sun

Right now you're running into more resistance than usual, especially from people who see things differently than you do. You might feel **frustrated that others are blocking your plans** or disagreeing with your choices, even when you feel certain you're right. This friction won't last, but these weeks are asking you to slow down and pick your battles instead of pushing forward on every front.

☿ Mercury qx Quincunx ☉ natal Sun

Over the coming weeks, you'll notice your usual way of explaining yourself doesn't quite land the way it normally does. You may find yourself **rewording things multiple times** or feeling like people are missing your point even when you think you're being clear. This awkward fit between what you're trying to say and how others receive it will likely frustrate you until the transit passes.

♃ Jupiter Rx · ♋ Cancer

Emotional generosity and the expansion of close bonds may feel less available right now. Past connections, family relationships, or unresolved emotional commitments return to the foreground. Honest reflection on where your genuine care and loyalty are directed yields more than performing warmth you do not feel.

☉ Sun ☐ Square ♁ NNode

These days you feel pulled between who you are right now and who you think you should become, and this gap creates real frustration. You might **resist feedback or advice** because accepting it feels like admitting you are not enough as you are. The practical result is that growth happens anyway, but it costs you energy and confidence in the short term.

› Moon ☾ Quincunx ♄ Mercury

At the moment your *Moon* and *Mercury* are at odds, which makes it hard to say what you actually feel without overthinking it first. You might notice yourself **second-guessing your own reactions** or explaining your emotions in ways that don't quite fit the actual situation. This awkward angle between emotion and thinking tends to create mild frustration until you accept that some feelings just don't translate neatly into words.

› Moon ☾ Opposition ♂ Mars

Right now your **irritability is running high** and small annoyances feel like major problems. People around you seem to trigger you faster than usual, and you may snap at them or pick fights without meaning to. These days the gap between what you feel and what you're actually able to do creates real frustration, so patience is thin on the ground for everyone.

LUNAR DAY

Moon in ♊ Gemini · Day 16 / 30 · Full Moon

Social activity picks up for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.
