KEY TRANSIT FACTORS

☉ Sun ∟ Semi sextile ♀ Venus ★

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☾ Moon ♂ Opposition ♎ natal Moon

Right now you are likely to feel **emotionally restless and at odds with yourself**, as if your usual ways of managing stress are not working. You may snap at people you care about or withdraw when you normally would reach out, leaving you confused about what you actually want. Over the coming weeks, this mismatch between your instinctive needs and your current emotional state will push you to notice patterns you have been avoiding.

♇ Pluto △ Trine ♆ natal Neptune

Right now you find it easier to **see through confusion and detect what is actually true in complicated situations**. Your instinct about people and motives sharpens, and you can sense patterns others miss without needing proof. Over the coming weeks this clarity helps you make decisions with more confidence, even when the full picture is not yet visible.

♃ Jupiter ♂ Quincunx ♎ natal Moon

Over the coming weeks you may feel pulled between wanting more comfort and feeling restless with your current situation. Your emotional needs don't quite match what's actually available to you right now, so you keep adjusting your expectations without getting settled. This **mild discomfort with routine** often pushes you to make small changes in how you manage your home or relationships, even if you're not entirely sure what you want.

☾ Moon ♂ Conjunction ♊ natal NNode

These days you feel more drawn to people and situations that feel familiar or emotionally safe, even if they are not new. You are likely **seeking connection with others who understand your values without needing to explain yourself**. This pull toward comfort and belonging will fade in a week or two, but right now it is worth noticing who or what actually makes you feel at home.

☉ Sun □ Square ♂ natal Mars

Right now you're running into more friction than usual when you try to take action. People push back harder against your ideas, and you feel like you have to fight for things that normally come easily, which makes you **impatient and quick to argue**. These clashes aren't random — they're showing you where your confidence has gotten ahead of what you've actually prepared or thought through.

☉ Sun ♂ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun ☌ Semi sextile ♂ Mars

These days you feel **motivated to take small steps forward** without forcing things or burning out. Your practical energy matches what you actually want to do right now, so starting a project or having a difficult conversation feels less exhausting than usual. This is a good window to build momentum on something you care about while the effort still feels natural.

LUNAR DAY

Moon in ♊ Gemini · Day 2 / 30 · New Moon

Social activity picks up for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.

CLOTHING & JEWELRY

Monday · ☾ Moon · Venus in Cancer

Monday belongs to the Moon — wear silver, white, or soft green tones. Moonstone or pearl as a pendant or ring amplifies the day's intuitive, nurturing energy.
