KEY TRANSIT FACTORS

☾ Moon * Sextile ♃ natal Jupiter ★

You feel **more generous and open to other people** right now, which makes conversations easier and helps you connect with others without overthinking things. Your mood is lighter, and you're more likely to say yes to social invitations or to help someone out without keeping score. This is a good window to ask for what you need or to approach someone you've been meaning to reach out to, because you come across as relaxed and genuinely interested in them.

♇ Pluto qx Quincunx ☿ natal Mercury

While this lasts, you may notice that your usual way of explaining yourself stops landing the way it normally does. Your thoughts feel scrambled when you try to communicate what you actually mean, and others seem to misunderstand your point more often than usual. This **mental friction** between what you think and what comes out is temporary, so slowing down before you speak or write can help bridge the gap.

☾ Moon △ Trine ☾ natal Moon

Right now you feel **emotionally settled** and less reactive to small annoyances that normally wind you up. People around you notice you're easier to be with because you're not second-guessing yourself or getting stuck in your own head. This window of *Moon* trine *Moon* support lasts a few weeks, so use it to handle conversations or decisions you've been putting off.

☿ Mercury △ Trine ♇ natal Pluto

Right now you can see through surface-level explanations and ask the questions that actually matter. Your mind feels sharper when it comes to **spotting what's really going on** beneath people's words or situations. Over the coming weeks, this clarity helps you communicate difficult truths in a way others can actually hear.

☿ Mercury □ Square ☿ natal Mercury

Right now your thinking feels scattered and your words come out wrong more often than usual. You second-guess yourself mid-conversation, switch topics without finishing your point, and struggle to explain what you actually mean to people around you. This friction between what you think and what you say creates **misunderstandings at work and home** that frustrate both you and the people listening to you.

♃ Jupiter Rx · ♍ Virgo

The expansion of practical systems, health routines, and work habits slows during this period in ways that demand honest assessment. Growth that has been accumulating may need to be reviewed for sustainability. Quality over quantity in your work and health practices rewards you more right now.

☉ Sun ♂ Conjunction ♂ Mars

Right now you feel **more direct and willing to take action** on things you normally hesitate about. You're likely to speak up in conversations, push forward with a project, or make a decision you've been putting off. This practical confidence usually fades once the transit passes, so use it to handle what actually needs doing.

☉ Sun ☌ Quincunx ☌ Jupiter

These days you feel pulled between wanting to take action and doubts about whether you're doing enough, which can leave you **restless and second-guessing your choices**. Your confidence in what you're doing right now doesn't quite match what you think you should be doing, so you might start something and then hesitate or change direction. This mismatch between your actual situation and your sense of what's possible tends to create practical friction rather than clear obstacles.

☾ Moon ☌ Semi sextile ☌ Jupiter

These days you feel a bit more generous with yourself and others, which makes social situations feel easier and less forced. You're noticing small good things around you more readily, and this **gentle optimism** makes it simpler to ask for help or offer support without overthinking it. The *Moon* and *Jupiter* connection right now creates a quiet permission to be a little kinder to yourself about your limitations.

LUNAR DAY

Moon in ♌ Leo · Day 11 / 30 · First Quarter

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
