KEY TRANSIT FACTORS

☾ Moon ☿ Quincunx ♀ Venus ★

Right now your emotional needs and what you want socially are slightly out of sync, so you might feel pulled in two directions. You could notice yourself wanting comfort and closeness at times when you'd rather stay independent, or the opposite. This **mismatch between feeling and wanting** is temporary, and noticing it is the first step to working with it instead of against it.

♂ Mars ∟ Semi sextile ♁ natal Chiron

These days you're finding it easier to take action on things that usually make you hesitant or self-conscious. Your **willingness to try despite old doubts** is genuine right now, and small steps forward feel less risky than they normally do. Over the coming weeks, you may notice you're actually doing the practical work instead of just thinking about it.

♅ Uranus ☿ Conjunction ☿ natal Mercury

Right now your thinking is unusually **restless and unpredictable**, and you may find yourself jumping between ideas or changing your mind more often than usual. People around you might notice you're speaking differently—more bluntly, more rapidly, or bringing up subjects you normally wouldn't mention. Over the coming weeks, this can shake up how you communicate at work or in relationships, so it helps to notice when you're being impulsive with your words.

☉ Sun △ Trine ♂ natal Mars

Right now you're finding it easier to **act on what you actually want** instead of hesitating or second-guessing yourself. Your confidence in your own decisions is natural and steady, so tasks that normally feel like a push come through with real effort behind them. Over the coming weeks, you'll likely notice you're getting things done and people respond well to your direct, purposeful approach.

♁ NNode □ Square ♅ natal Uranus

Right now you're caught between wanting to break free and feeling pulled toward fitting in with a group or community, which creates real friction in your social life. You might find yourself saying yes to commitments you don't actually want, then suddenly rejecting them or picking fights over small things. Over the coming weeks, this restlessness will push you to examine which relationships or groups are genuinely yours and which ones you've stayed in out of habit or obligation.

♇ Pluto △ Trine ♃ natal Jupiter

Over the coming weeks, you find it easier to take productive risks and push past self-imposed limits without overthinking. Your **confidence in your own judgment grows**, and you're more likely to follow through on plans that require persistence or personal reinvention. This is a good window to tackle something you've been putting off because it feels too big or demanding.

♄ Saturn Rx · ♌ Leo

Ambition and the structures supporting creative or public expression face an honest review during this period. Recognition that has been slow to arrive may be prompting important reassessment of your goals or methods. Internal validation serves you more right now than seeking external acknowledgment.

› Moon ☐ Square ♀ Mercury

Right now your **feelings and thoughts are working against each other**, making it hard to say what you actually mean. You might feel irritated or misunderstood because your emotions are moving faster than your ability to explain them. These days conversations tend to go sideways even when you're trying to be clear, because *Moon* and *Mercury* are pulling in opposite directions.

› Moon ♂ Conjunction ♃ Jupiter

Right now you feel more **generous and open to other people** than usual, which makes it easier to connect socially or ask for what you need. Your emotional confidence is higher, so you're more likely to take a chance on something that normally makes you nervous. This mood won't last forever, so use it to have conversations you've been putting off or to try something that requires a bit of courage.
