KEY TRANSIT FACTORS

♀ Venus ☿ Quincunx ☾ natal Moon ★

Over the coming weeks, you may find your usual way of showing affection feels slightly off or awkward. You might want closeness but struggle to express it in ways that actually land with the people you care about. Small adjustments to how you approach relationships will help you feel more comfortable.

♀ Venus ♁ Semi sextile ☉ natal Sun ★

These days you feel **more comfortable being yourself around others**, and people respond well to that ease. You're not trying as hard to impress anyone, which actually makes your conversations flow better and your relationships feel less strained. This small shift in *Venus* supporting your *Sun* won't solve everything, but it gives you a genuine advantage in how you present yourself while it lasts.

☉ Sun ♂ Conjunction ♀ natal Venus

Right now you're more **drawn to people and less interested in being alone**. You find it easier to start conversations, accept invitations, and let others see you as you really are. This period is good for asking for what you want in relationships, because you're more confident that you deserve it.

♂ Mars ♁ Trine ♄ natal Saturn

Right now you're finding it easier to **follow through on difficult tasks without cutting corners**, because your impatience has natural brakes built in. You have the stamina to do slow, steady work that actually matters, and you don't feel frustrated by the time it takes. Over the coming weeks, people notice you as someone who delivers reliable results instead of making excuses.

♁ Chiron ★ Sextile ♇ natal Pluto

You're finding it easier right now to **talk honestly about what's been holding you back**, and people are actually listening instead of getting defensive. This period is giving you a window to work through old patterns without the usual shame or resistance getting in your way. Over the coming weeks, you might notice yourself making real changes in how you handle power struggles or difficult relationships because you can see what's happening without beating yourself up about it.

☉ Sun ♂ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun ♁ Trine ♂ Mars

Right now you feel **capable and ready to act** on things you've been thinking about. You have the psychological boost to start projects or push through obstacles without burning out or getting frustrated. This period makes practical effort feel natural instead of forced.

☉ Sun ☐ Square ♆ Neptune

Right now you are likely to **confuse what you want with what you imagine you want**, making it hard to set realistic goals or stick to decisions. People around you may seem unreliable or evasive, and you might notice yourself doing the same thing without meaning to. This period asks you to slow down and write things down before acting, because your usual sense of what is real gets cloudy.
