KEY TRANSIT FACTORS

♂ Mars * Sextile ☉ natal Sun · peak 30 Jan ★

Right now you feel **naturally motivated to get things done** without pushing yourself too hard. Your confidence is steady, and you tackle practical tasks at work or home with clear direction and follow-through. This is an ideal window to start a project or commit to something you've been thinking about, because your actions line up with what actually matters to you.

♄ Chiron △ Trine ♇ natal Pluto · peak 29 Jan

Over the coming weeks, you find it easier to **talk honestly about difficult things** without getting defensive or shutting down. People respond well to your openness because you're not attacking or blaming them, just saying what actually happened and how it affected you. This period gives you a practical window to repair relationships or clear the air in conversations you've been avoiding.

♆ Neptune ♂ Conjunction ♁ natal Lilith · peak 13 Jan

You're becoming much less clear about your own boundaries and what you actually want right now. People around you pick up on this softness and may start testing your limits or making requests they normally wouldn't. Over the coming weeks, pay attention to situations where you say yes when you mean no, because you'll find it harder than usual to feel what your real preference is.

♃ Jupiter △ Trine ♂ natal Mars · peak 21 Jan

Right now you feel **more capable and willing to take action** on things you have been putting off. Your confidence in your own abilities is higher than usual, and you find yourself moving forward without the self-doubt that normally holds you back. Over the coming weeks, this is a good window to start a physical project, sign up for something challenging, or push for what you actually want instead of settling.

♃ Jupiter qx Quincunx ♀ natal Venus · peak 16 Jan

Right now you're noticing that what you want socially or romantically doesn't quite fit with what you're actually doing about it. You might feel **pulled in opposite directions**—generous impulses clash with practical limits, or you're generous in ways that don't land the way you hoped. Over the coming weeks, small adjustments to how you show up in relationships will feel more natural than pushing harder in any one direction.

♁ NNode △ Trine ♆ natal Neptune · peak 15 Jan

While this lasts, you find it easier to **trust your instincts** about people and situations without needing to analyze everything. Your imagination becomes more practical during these weeks, letting you spot creative solutions in ordinary problems at work or home. You naturally connect with what others need from you emotionally, so your relationships feel less strained and your social interactions run smoother than usual.

♃ Jupiter ☍ Opposition ☾ natal Sun · peak 3 Jan

Right now you are running into people and situations that directly challenge what you believe about yourself. You feel **pulled in opposite directions** — one part of you wants to expand and take on more, while another part doubts whether you can actually deliver. Over the coming weeks, this friction is likely to expose where you've been overestimating your capabilities or making promises you can't keep.

♃ Jupiter ☍ Quincunx ♄ natal Saturn · peak 7 Jan

Over the coming weeks, you feel caught between wanting to expand and needing to play it safe. You might say yes to an opportunity at work or in a relationship, then immediately feel anxious about whether you can actually handle it. **This creates a practical tension where you're pulling yourself in opposite directions**, making it hard to commit fully to new plans or let yourself relax into them.

♅ Uranus △ Trine ♅ natal Uranus · peak 1 Jan

While this lasts, you find it easier to **accept change without resisting it**, and situations that would normally feel unsettling instead feel like natural next steps. You might suddenly see a practical way to break a habit, update an old routine, or move toward something you've been thinking about for months. This period gives you the psychological flexibility to experiment with new approaches and trust your instincts about what needs to shift in your life right now.

♄ Chiron □ Square ☿ natal Mercury · peak 1 Jan

Right now you're second-guessing what you say before you say it, which makes conversations feel awkward and slow. You notice **doubts creeping in about your own knowledge** — facts you were sure about suddenly feel uncertain, and you hesitate to speak up. This friction between thinking and speaking will ease in a few weeks, but for now it's worth recognizing that this self-doubt is temporary, not a real change in how smart you actually are.

♅ Uranus ☍ Conjunction ♃ natal Jupiter · peak 1 Jan

You feel a sudden urge to break free from routines that have been holding you back, and you're more willing to take risks than usual. Your thinking becomes **unconventional and experimental**, pushing you toward opportunities or changes that feel both exciting and slightly uncertain. Over the coming weeks, you may make quick decisions about work, finances, or your direction that bypass your usual caution—some will work out well, others may need adjusting.

♆ Neptune * Sextile ♆ natal Neptune · peak 31 Jan

You find it easier right now to **notice patterns in your own thinking** without getting caught up in them. Your intuition about what people need from you becomes clearer, and you can offer support without losing yourself in their problems. Over the coming weeks, this practical clarity about emotional situations helps you make better choices about who and what deserves your time.

♃ Jupiter ☍ Conjunction ☾ natal Moon · peak 1 Jan

You feel more **comfortable asking for what you need** from people around you right now. Your emotional confidence is higher than usual, which makes it easier to speak up in conversations and express your opinions. Over the coming weeks, you'll likely notice others responding better to you because you're clearer about your feelings and less defensive than normal.

♃ Jupiter ☍ Opposition ♃ natal NNode · peak 1 Jan

Over the coming weeks, you're likely to **overcommit yourself** and take on more than you can realistically handle. Your usual sense of what fits your life gets temporarily skewed, and you end up saying yes to opportunities that pull you away from what actually matters to you. This period asks you to notice where you're spreading yourself too thin and to start saying no more often.

♃ NNode ☍ Quincunx ☿ natal Mercury · peak 1 Jan

Over the coming weeks, you'll notice your usual way of explaining things doesn't quite land the way it normally does. People seem to need you to say things differently than feels natural to you right now, which can be **awkward and frustrating** in conversations. The mismatch between what you want to communicate and what actually gets understood will push you to find new ways of thinking about how you talk to others.

♄ Saturn Rx · ♊ Gemini

Mental discipline and consistency in communication are being tested right now. Projects that require sustained intellectual effort may expose areas where your commitment has been shallow. Returning to half-finished work rewards you more during this period than starting fresh.

KEY DATES

Sat, 1 Jan Full Moon in Cancer

♅ Uranus △ Trine ♅ natal Uranus
♁ Chiron □ Square ♃ natal Mercury
♅ Uranus ♂ Conjunction ♃ natal Jupiter

Mon, 3 Jan ♃ Jupiter ♁ Opposition ☉ natal Sun

Wed, 5 Jan ♇ Pluto stations Retrograde

When *Pluto* stations retrograde, expect **delays or reversals** in situations involving power, money, or control — contracts may stall, workplace dynamics shift, or financial decisions get reconsidered. *Pluto* retrograde typically brings **hidden information to light**, so old problems resurface and you notice patterns you missed before, especially around who has influence over what. Over the next months, **internal work matters more than external action** — pushing hard on big changes usually backfires, but reviewing past choices and adjusting your approach actually works.

Mon, 10 Jan ♄ Saturn enters ♉ Taurus

♅ Uranus △ Trine ♅ natal Uranus

Saturn in *Taurus* makes people **more cautious about money** and slower to make big purchases or commitments. At work and in relationships, you'll notice a shift toward **building things that last** — people get pickier about quality, save more carefully, and avoid quick decisions. The pattern is **delayed results** but real ones: patience pays off, though most people feel the slowness and wish things would move faster.

Wed, 12 Jan ♃ Mercury enters ♑ Capricorn

Mercury entering *Capricorn* shifts how you talk and think toward **practical results** — you'll notice yourself cutting out small talk and focusing on what actually matters at work or in conversations. People around you tend to **respect the directness** more during this time, even if your words feel plainer than usual, because *Capricorn* makes communication **efficient and honest**. At work especially, **planning and problem-solving** feel sharper; *Mercury* here rewards you for thinking several steps ahead instead of reacting on the spot.

Thu, 13 Jan ♆ Neptune ♂ Conjunction ♃ natal Lilith

Sat, 15 Jan ♁ NNnode △ Trine ♆ natal Neptune

Sun, 16 Jan New Moon in Capricorn

♁ Chiron △ Trine ♇ natal Pluto

Mon, 17 Jan ♀ Venus enters ♓ Pisces

Venus in *Pisces* makes people **softer and more forgiving** in how they treat others, so you might find yourself saying yes to requests you'd normally turn down or letting old arguments go without needing to rehash them. In relationships and work, this transit brings **less direct communication** — people get quieter, drop hints instead of asking straight out, and assume others understand what they want without saying it. *Venus* here also pulls attention toward **feeling appreciated through small gestures** like a text check-in or someone remembering how you take your coffee, rather than big declarations or expensive gifts.

Fri, 21 Jan ☉ Sun enters ♒ Aquarius

♃ Jupiter △ Trine ♂ natal Mars

Sun in *Aquarius* brings a **shift toward independence** and a stronger need to do things your own way instead of following the usual pattern. At work and in conversations, you'll **notice people speak up more** about ideas that feel different or

go against what everyone expects. In relationships and friendships, **distance often increases** slightly as people pull back to focus on their own projects and interests rather than staying close to the group.

Sun, 23 Jan ☿ Uranus stations Retrograde

Uranus stationing retrograde typically brings **delays and reversals** in tech, internet connections, and unexpected plans that felt solid just weeks ago. Areas like innovation projects, group friendships, or sudden life changes often **pause or shift direction** — what looked like progress stalls, and people find themselves rethinking decisions they thought were final. In practice, this period favors **reviewing old ideas** rather than launching new ones, and you'll notice others becoming less willing to commit to radical changes or unusual partnerships.

Mon, 24 Jan ♆ Neptune ♂ Conjunction ♁ natal Lilith

♁ NNode △ Trine ♆ natal Neptune

Sat, 29 Jan ♄ Chiron △ Trine ♃ natal Pluto

Mon, 31 Jan ♄ Saturn stations Direct

♆ Neptune ✕ Sextile ♆ natal Neptune

Saturn turning direct means **stuck decisions and delayed projects** can finally move again after months of standing still. What felt unclear or blocked in your work, finances, or long-term plans becomes **clearer and actionable** as *Saturn* pushes forward. The pattern most people notice is **real progress on what matters** — whether that's getting a commitment from someone, finishing something you started, or seeing results from hard work you put in during the retrograde.
