KEY TRANSIT FACTORS

♃ Jupiter * Sextile ☾ natal Moon · peak 1 Feb ★

Right now you feel **more at ease with what you're feeling**, and that ease spreads to how you treat the people around you. You're quicker to laugh, more patient with complaints from family or friends, and you actually listen instead of just waiting for your turn to talk. Over the coming weeks, this emotional looseness often leads to real conversations that improve your relationships or help someone feel heard by you.

♄ Saturn qx Quincunx ☿ natal Mercury · peak 15 Feb

Right now your thinking feels clumsy and slow compared to how you normally operate. You have to work harder to organize your thoughts or explain yourself clearly, even when you know what you mean. This awkward phase lasts a few weeks and usually passes once you stop fighting the slower pace and just accept that communication takes more effort at the moment.

♅ Uranus ♂ Conjunction ☾ natal Moon · peak 3 Feb

You feel restless in your emotional life right now and want to break free from familiar patterns without fully understanding why. Your moods shift more suddenly than usual, and you may **make unexpected changes to your living situation or daily routines** just to feel different. These sudden moves often feel necessary at the time, though you might question them once the impulse passes.

♃ Jupiter ♂ Opposition ♂ natal Mars · peak 7 Feb

These days you're more likely to overcommit and then resent the people asking things of you, even though you said yes. Your impatience is high and **you push hard on goals without checking if you're actually moving in the right direction**. Over the coming weeks, small frustrations pile up into real conflicts because you're acting faster than you're thinking.

♃ Jupiter qx Quincunx ♀ natal Venus · peak 2 Feb

Right now you're noticing that what you want socially or romantically doesn't quite fit with what you're actually doing about it. You might feel **pulled in opposite directions**—generous impulses clash with practical limits, or you're generous in ways that don't land the way you hoped. Over the coming weeks, small adjustments to how you show up in relationships will feel more natural than pushing harder in any one direction.

♅ Uranus ♂ Opposition ♁ natal NNode · peak 1 Feb

You feel pulled away from the people and commitments that usually ground you, and this creates real friction in your relationships and work life. Your instinct right now is to **break free from obligations**, but the timing often catches others off guard, leaving them confused or hurt. Over the coming weeks, you will have to choose between your need for independence and the practical consequences of abandoning plans that matter to the people around you.

♄ Chiron ∟ Semi sextile ♃ natal Mercury · peak 15 Feb

These days you find it easier to **explain things that usually confuse people**, because you naturally spot where someone's understanding breaks down. Your words feel clearer and more helpful, and conversations that might have turned into arguments instead become real problem solving. While this lasts, you're picking up on what others actually need to hear rather than just saying what comes to mind first.

♆ Neptune □ Square ♆ natal Neptune · peak 28 Feb

You're finding it harder right now to trust your own judgment about what's real and what you're imagining. Your sense of direction—both practical and psychological—feels foggy, and you may catch yourself **making decisions based on wishful thinking rather than facts**. These days your instinct to escape or avoid difficult situations is stronger than usual, and giving in to that impulse will only create more problems down the line.

♄ Saturn △ Trine ♇ natal Pluto · peak 28 Feb

You find it easier right now to **follow through on difficult changes** you have been putting off. Your practical side is working well with your ability to handle intensity, so you can tackle problems that usually feel too overwhelming. Over the coming weeks, you may notice you are more willing to do the hard work needed to transform something real in your life.

♄ Chiron * Sextile ♇ natal Pluto · peak 1 Feb

You're finding it easier right now to **talk honestly about what's been holding you back**, and people are actually listening instead of getting defensive. This period is giving you a window to work through old patterns without the usual shame or resistance getting in your way. Over the coming weeks, you might notice yourself making real changes in how you handle power struggles or difficult relationships because you can see what's happening without beating yourself up about it.

♅ Uranus ♁ Opposition ☉ natal Sun · peak 28 Feb

Right now you feel restless with who you've become and **struggle to act like yourself** in situations where you normally feel confident. People around you might push back or seem surprised by your sudden shifts in opinion and behaviour. Over the coming weeks, your sense of direction gets shaky because your usual identity markers no longer feel solid or reliable.

♇ Pluto ∟ Semi sextile ♆ natal Neptune · peak 28 Feb

You find it easier right now to **notice patterns in situations that confused you before**, especially in relationships or creative projects where things felt murky. Your practical judgment sharpens, letting you spot what's actually happening underneath surface appearances rather than getting lost in assumptions. This clarity lasts only a few weeks, so it's a good time to make decisions about situations you've been uncertain about.

♇ Pluto △ Trine ♃ natal Mercury · peak 8 Feb

Your mind becomes unusually clear about problems you've been turning over for months, and you find yourself able to talk about difficult topics without getting defensive. These days you're **cutting through confusion** and saying what you actually mean, which helps other people understand you better. Over the coming weeks this clarity gives you real confidence in decisions you've been postponing.

♃ Jupiter ♁ Quincunx ♄ natal Saturn · peak 1 Feb

Over the coming weeks, you feel caught between wanting to expand and needing to play it safe. You might say yes to an opportunity at work or in a relationship, then immediately feel anxious about whether you can actually handle it. **This creates a practical tension where you're pulling yourself in opposite directions**, making it hard to commit fully to new plans or let yourself relax into them.

♁ NNode ♁ Quincunx ♆ natal Neptune · peak 1 Feb

These days you are noticing gaps between what you imagine and what actually works in your relationships or creative projects. You feel pulled toward **adjusting your expectations** because reality keeps bumping up against your daydreams. Over the coming weeks, this friction between fantasy and fact will push you to make small practical changes instead of waiting for perfect conditions.

KEY DATES

Sat, 1 Feb ☿ Uranus ☾ Opposition ♃ natal NNode

♄ Chiron ✳ Sextile ♃ natal Pluto

Sun, 2 Feb ♂ Mars enters ♐ Sagittarius

Mars entering *Sagittarius* brings a shift toward **bigger goals and faster action** — people tend to stop sweating small details and push harder for what matters most. In relationships and work, you'll notice more **directness and impatience** with anything that feels like a waste of time, which can speed things up or create friction depending on how bluntly people speak. The practical upside is that **ambitious projects move forward** and people take risks they'd normally avoid, though they may also start more things than they finish during this transit.

Mon, 3 Feb ☿ Uranus ☽ Conjunction ☾ natal Moon

Fri, 7 Feb ♃ Jupiter ☾ Opposition ♂ natal Mars

Sun, 9 Feb ♃ Pluto stations Retrograde

New Moon in Aquarius

When *Pluto* stations retrograde, expect **delays or reversals** in situations involving power, money, or control — contracts may stall, workplace dynamics shift, or financial decisions get reconsidered. *Pluto* retrograde typically brings **hidden information to light**, so old problems resurface and you notice patterns you missed before, especially around who has influence over what. Over the next months, **internal work matters more than external action** — pushing hard on big changes usually backfires, but reviewing past choices and adjusting your approach actually works.

Mon, 10 Feb ☿ Uranus ☽ Conjunction ☾ natal Moon

Tue, 11 Feb ☿ Mercury enters ♋ Pisces

Mercury in *Pisces* makes your thinking **slower and less direct** — you'll notice yourself taking longer to find the right words, or changing your mind mid-conversation. In work and daily tasks, this transit rewards **intuition and pattern-spotting** over step-by-step logic, so you might solve problems by sensing what feels right rather than working through details. Relationships often improve because you're more **willing to listen without interrupting** and pick up on what people aren't saying aloud, though you may struggle to explain your own point clearly.

Thu, 13 Feb ♀ Venus enters ♋ Pisces

Venus in *Pisces* makes people **softer and more forgiving** in how they treat others, so you might find yourself saying yes to requests you'd normally turn down or letting old arguments go without needing to rehash them. In relationships and work, this transit brings **less direct communication** — people get quieter, drop hints instead of asking straight out, and assume others understand what they want without saying it. *Venus* here also pulls attention toward **feeling appreciated through small gestures** like a text check-in or someone remembering how you take your coffee, rather than big declarations or expensive gifts.

Sat, 15 Feb ♄ Chiron stations Direct

Chiron stationing direct means the **healing or learning process** you've been stuck on for months finally **moves forward again**, and you'll notice progress in whatever area felt frozen or repetitive. In practice, **clarity returns** about what actually helps—whether that's a health choice, a skill you're rebuilding, or how to handle a recurring problem—because you can see the full pattern now instead of going in circles. *Chiron* direct also lets you **stop second-guessing** what you've already figured out and start acting on those realizations, even if the fix isn't perfect.

Sun, 16 Feb ♆ Neptune ☐ Square ♆ natal Neptune

Wed, 19 Feb ☉ Sun enters ♋ Pisces

The Sun moving into *Pisces* shifts attention toward **listening and flexibility** for the next month, making people naturally more **willing to adjust plans** instead of pushing forward rigidly. At work and in relationships, you'll notice others become **harder to pin down** — deadlines slip, people change their minds, and vague agreements replace firm commitments, which requires patience rather than frustration. *Pisces* season softens the usual drive to compete or win, so **collaboration and going with the flow** tend to work better than direct pressure during this time.

Fri, 21 Feb ♃ Jupiter enters ♋ Pisces

Jupiter entering *Pisces* makes people more **generous with time and money**, often without calculating whether they can afford it. At work and in relationships, you'll notice more **willingness to help**, but also more scattered focus—deadlines slip because someone needed listening to instead. Over the next year, **luck tends to favor** situations involving creativity,

healthcare, counseling, or anything behind-the-scenes rather than public-facing roles.

Mon, 24 Feb Full Moon in Virgo

Thu, 27 Feb ♁ Lilith enters ♊ Gemini

Lilith in *Gemini* makes people **speak up more directly** about things they normally keep quiet, especially uncomfortable truths or unpopular opinions at work and in relationships. The pattern is **restlessness with small talk** — conversations feel pointless unless they address real disagreements or forbidden topics, which can create tension with colleagues or partners who prefer to keep things smooth. In practice, this transit pushes people to **ask harder questions** and say no to social scripts they've been following, though they often notice their words land differently than they expect.
