♊ North Node	in ♊ Gemini	20°45'24"	X Rx
♁ Lilith	in ♏ Sagittarius	4°28'48"	IV

## KEY TRANSIT FACTORS

### ♅ Uranus ☌ Opposition ♃ natal Mercury · peak 27 May

Your thoughts feel scattered and hard to pin down right now, making it difficult to follow through on plans or explain yourself clearly to others. You may say things you didn't mean or misunderstand what people are trying to tell you, creating **unexpected miscommunication** in conversations that normally go smoothly. This period asks you to slow down and double-check your words and reasoning before acting on them, even though your mind is pushing you to move fast.

### ♃ Jupiter ☌ Conjunction ♃ natal Mercury · peak 11 May

You're thinking more expansively right now and your mind feels faster than usual. You're likely talking more, asking bigger questions, and finding it easier to explain your ideas to others. This is a good window to pitch a proposal, write something you've been putting off, or have conversations you've been avoiding because your confidence in what you're saying is genuinely higher.

### ♃ Jupiter ☌ Semi sextile ♇ natal Pluto · peak 18 May

While this lasts, you find yourself **willing to take small risks that push you past old limits**. You feel a quiet confidence in your ability to handle situations that normally feel too big or demanding, and you naturally start saying yes to opportunities you would have avoided before. Over the coming weeks, this steady courage tends to open doors that lead to real personal or professional growth.

### ♁ Chiron ☌ Square ♁ natal Chiron · peak 31 May

These days you are more aware of where you feel inadequate or defective, and this awareness is uncomfortable rather than helpful. You might find yourself **withdrawing from situations where you could actually contribute** because you are convinced you will fail or disappoint others. This period pushes you to face the difference between your actual limitations and the harsh internal voice that exaggerates them.

### ♆ Neptune ☌ Square ♁ natal Chiron · peak 1 May

Right now you are **ignoring practical warning signs** about where you are vulnerable or need real help. Your instinct is to downplay your limits or pretend problems will fix themselves, which leaves you exposed to mistakes you could have prevented. Over the coming weeks, reality will force you to stop dodging what needs attention and actually face how you can protect yourself.

### ♄ Saturn ☌ Opposition ♀ natal Venus · peak 4 May

Right now you feel less interested in socializing and more critical of the people close to you, which can make relationships feel colder or more distant than usual. You may notice yourself **pulling back from affection** or feeling reluctant to spend money on things that normally bring you pleasure. These days the cost of maintaining connections feels heavier, and you might question whether certain friendships or partnerships are actually worth the effort.

#### ♁ NNode ☉ Opposition ♃ natal Pluto · peak 31 May

Right now you are **resisting changes that feel necessary but threatening**. You want to stay in control of situations that are slipping away, and that grip is making you anxious and irritable with people around you. Over the coming weeks, the more you push back against what needs to shift, the more friction you will create in your relationships and work.

#### ♅ Uranus ☊ Quincunx ♃ natal Pluto · peak 1 May

You feel an odd restlessness about situations you thought you had under control, and you're picking up on small details that suddenly seem important. Your impulse is to shake things up or take back power, but the timing never quite feels right, leaving you **frustrated by your own hesitation**. Over the coming weeks, small adjustments to your approach will work better than any dramatic move.

#### ♃ Pluto ☌ Semi sextile ♄ natal Chiron · peak 31 May

Over the coming weeks, you notice you can **talk about past hurts without getting stuck in them**. People seem to listen differently when you speak, and you find yourself explaining your experiences in ways that actually help others understand you. This shift makes conversations feel lighter and more honest than usual.

#### ♃ Pluto ☌ Semi sextile ♃ natal Jupiter · peak 1 May

Over the coming weeks, you feel quietly **more willing to take practical steps toward your goals** without the usual second-guessing. *Pluto* is softly encouraging *Jupiter's* natural optimism, so small efforts you make tend to compound into real progress. This is a good time to act on plans you've been sitting with, because your confidence and follow-through are aligned right now.

#### ♄ Saturn ☉ Opposition ♄ natal Saturn · peak 31 May

You're running into **resistance from people in authority or from your own past commitments** right now, and it feels like the ground is shifting under you. What used to work—your routines, your long-term plans, the way you've always managed things—suddenly feels outdated or too restrictive. Over the coming weeks, you'll need to rebuild your approach to discipline and responsibility, which means letting go of some habits that no longer serve you, even though that discomfort is real and legitimate.

#### ♃ Jupiter ☐ Square ♆ natal Neptune · peak 1 May

Right now you are **overestimating what you can achieve** and making promises you cannot keep. Your optimism is running ahead of reality, and you may find yourself committed to projects or goals that are actually beyond your practical reach. Over the coming weeks, disappointment will follow when you realize the gap between what you imagined and what is actually possible.

#### ♃ Pluto ☊ Quincunx ♅ natal Uranus · peak 1 May

You feel pulled between wanting to break free from something and not knowing exactly what to change or how. This inner restlessness can make you **act impulsively on plans that aren't fully thought through**, only to second-guess yourself days later. Over the coming weeks, small adjustments to your routines or relationships will feel more useful than any dramatic moves.

#### ♄ Saturn ☊ Quincunx ☉ natal Mars · peak 4 May

These days you feel a disconnect between what you want to do and what you think you should do, and this creates practical friction in your daily routines. You might start a task with energy but then second-guess yourself or hit unexpected obstacles that force you to slow down and reconsider. This awkward mismatch between your impulses and real-world constraints is temporary, but right now it's teaching you where your approach needs **more realistic planning** instead of just pushing forward.

#### ♁ NNode ☊ Quincunx ♃ natal Mercury · peak 31 May

Over the coming weeks, you'll notice your usual way of explaining things doesn't quite land the way it normally does. People seem to need you to say things differently than feels natural to you right now, which can be **awkward and frustrating** in conversations. The mismatch between what you want to communicate and what actually gets understood will push you to find new ways of thinking about how you talk to others.

#### ♃ Mercury Rx · ♉ Taurus

Mental processes slow noticeably and a stubbornness in thinking makes it harder than usual to change your mind. These days you may return to financial decisions, possessions, or value-related questions that seemed settled. Take your time — the careful review you do now will save costly corrections later.

## LUNATIONS

---

○ Full Moon · Wednesday, 9 May

in ♏ **Scorpio**

hidden truths, emotional intensity, power shift

in H3 — **Communication & Learning**

A conversation, agreement, or learning process is reaching its culmination. Something that has been said or left unsaid is **demanding honest attention now**. The full moon illuminates your immediate environment — siblings, neighbors, short journeys, messages, and everyday exchanges. A truth that's been circling may finally land clearly. This is a moment to **complete a piece of writing, resolve a local dispute, or have the direct conversation** you've been avoiding.

● New Moon · Thursday, 24 May

in ♊ **Gemini**

new ideas, curiosity, short-term connections

in H10 — **Career & Reputation**

A major new chapter in your professional life and public reputation is beginning. This lunation plants seeds around **career direction, achievements, and how you're perceived by the world**. Goals you set now and steps you take toward your ambitions have greater traction than usual. If you've been waiting for the right moment to make a career move, pursue recognition, or clarify your professional direction, this lunation gives it meaningful momentum.

**KEY DATES**

**Tue, 1 May** ♃ Neptune □ Square ♄ natal Chiron

**Fri, 4 May** ♀ Venus enters ♈ Aries

♄ Saturn ♂ Opposition ♀ natal Venus

*Venus in Aries* tends to make people more **direct about what they want**, especially in relationships and social situations where they'd normally hold back. You might notice yourself **speaking up sooner** instead of waiting or overthinking, and others responding to that straightforward approach. At work and in friendships, this transit often brings **faster decisions** and less time spent on small talk or people-pleasing.

**Sat, 5 May** ♄ Saturn stations Retrograde

*Saturn* stationing retrograde means **delays and reviews become the pattern** for the next few months in work, responsibilities, and long-term plans. When this planet appears to move backward, people commonly experience **slowdowns in projects, contracts, or official processes** — deadlines shift, approvals take longer, and progress feels stuck even when you're putting in effort. The practical shift is to **focus on fixing past mistakes** and tightening up weak spots in your systems rather than pushing hard for new starts during this time.

**Wed, 9 May** Full Moon in Scorpio

**Fri, 11 May** ♃ Jupiter ♂ Conjunction ♃ natal Mercury

**Mon, 14 May** ♄ Saturn ♂ Opposition ♀ natal Venus

♃ Neptune □ Square ♄ natal Chiron

**Thu, 17 May** ♃ Mercury stations Direct

*Mercury* stationing direct means **conversations and decisions that felt stuck** will start moving again, and you'll notice **clarity returning** to emails, plans, and talks that were confusing before. At work and in daily life, **miscommunications often resolve themselves** once this station passes, and people tend to follow through on things they'd postponed. Over the next few days, **information you've been waiting for** usually arrives, and you'll feel ready to **commit to choices** you'd been sitting on.

**Sun, 20 May** ♃ Uranus ♂ Opposition ♃ natal Mercury

**Mon, 21 May** ☉ Sun enters ♊ Gemini

*Sun in Gemini* brings a **shift toward curiosity and talking things through** — you'll notice people asking more questions, starting conversations they'd normally skip, and wanting to understand how things work. At work and in relationships, **communication becomes easier and faster**, though the downside is that people scatter their attention across more projects and topics than they can actually finish. **Short trips, emails, and quick decision-making** pick up noticeably during this month, so if you've been putting off organizing your schedule or catching up with contacts, this is when that restless energy makes it feel natural.

**Thu, 24 May** New Moon in Gemini

**Sun, 27 May** ♃ Uranus ♂ Opposition ♃ natal Mercury

**Wed, 30 May** ♀ Venus enters ♉ Taurus

*Venus in Taurus* shifts how people handle money and relationships — you'll notice a **stronger pull toward stability** and less tolerance for drama or sudden changes. In work and friendships, this transit brings a **preference for steady progress** over risky moves, and people tend to stick with what works rather than constantly switch direction. Physical comfort matters more now, so expect **more attention to food, comfort items, and routine pleasures** as people

naturally invest in things that feel reliable and good.

### Thu, 31 May♂ Mars enters ♈ Aries

- ♄ Chiron □ Square ♄ natal Chiron
- ♅ NNode ♁ Opposition ♅ natal Pluto
- ♄ Saturn ♁ Opposition ♄ natal Saturn

*Mars in Aries* brings **directness and speed** to how people push for what they want, whether at work or in conversations. You'll notice people **act faster** on decisions and speak up more bluntly instead of holding back, which can get things done quickly but also create friction if someone feels steamrolled. In practical terms, this is when **competition heats up** — at the gym, in meetings, on projects — and people have less patience for delays or obstacles.
