KEY TRANSIT FACTORS

♇ Pluto ☿ Quincunx ☉ natal Sun · peak 15 Feb

These days you feel pulled to change something about yourself or your life, but the direction isn't clear yet. You might notice **restlessness in how you present yourself** to others, or a sense that your usual way of handling things no longer fits. Over the coming weeks, small adjustments to your routine or how you assert yourself will feel more natural than any dramatic overhaul.

♆ Neptune ☿ Quincunx ♅ natal Uranus · peak 16 Feb

Over the coming weeks, you find yourself **second-guessing decisions you normally make without hesitation**, especially about independence or unconventional plans. Your instinct to break free from routine is still there, but doubt keeps creeping in about whether the timing or approach actually makes sense. This confusion fades once the transit passes and your clearer judgment returns.

♆ Neptune ☐ Square ♃ natal Jupiter · peak 3 Feb

Right now you are **overestimating what you can achieve** and making commitments based on wishful thinking instead of realistic assessment. Your usual confidence in your plans is being clouded by *Neptune*, so promises you make or goals you set are likely to fall apart once you try to execute them. Over the coming weeks, expect practical disappointment and the need to scale back or rebuild what you've rashly agreed to.

♄ Saturn ☉ Opposition ♇ natal Pluto · peak 5 Feb

Right now you feel **blocked by rules and limits** whenever you try to take control of a situation. You bump up against authority figures or your own need for structure, and it makes you resentful because you're used to having your own way. Over the coming weeks this friction won't ease—it's asking you to accept that some things aren't yours to force.

♁ Chiron * Sextile ♆ natal Neptune · peak 5 Feb

Over the coming weeks, you find it easier to **talk about your feelings without overdoing the drama**. Your natural compassion stays intact, but you're less likely to get lost in someone else's problems or your own fantasies about what they need. This is a good time to offer real support to people around you because you can actually listen instead of just projecting your own hopes onto their situation.

♃ Jupiter ∟ Semi sextile ♇ natal Pluto · peak 26 Feb

While this lasts, you find yourself **willing to take small risks that push you past old limits**. You feel a quiet confidence in your ability to handle situations that normally feel too big or demanding, and you naturally start saying yes to opportunities you would have avoided before. Over the coming weeks, this steady courage tends to open doors that lead to real personal or professional growth.

♅ Uranus ☐ Square ♃ natal Jupiter · peak 29 Feb

Right now you are restless with your current plans and want to scrap them for something completely different, even when things are working reasonably well. You feel **impatient with limits** and may make sudden decisions about money, education, or travel that you have not fully thought through. Over the coming weeks, impulsive moves could create real practical problems that take time to fix.

♅ Uranus ☐ Square ♁ natal Chiron · peak 1 Feb

Right now you are likely feeling **restless about old wounds** that you thought you had worked through. Your usual coping methods for psychological pain are not working the way they normally do, which can feel frustrating and unsettling. Over the coming weeks, you may need to experiment with entirely new approaches to your emotional recovery instead of relying on what has always felt safe.

♄ Saturn ☿ Quincunx ♀ natal Mercury · peak 1 Feb

Right now your thinking feels clumsy and slow compared to how you normally operate. You have to work harder to organize your thoughts or explain yourself clearly, even when you know what you mean. This awkward phase lasts a few weeks and usually passes once you stop fighting the slower pace and just accept that communication takes more effort at the moment.

♁ NNode ☿ Opposition ♀ natal Mercury · peak 1 Feb

Right now you find yourself **saying things that confuse or upset people** even when you do not intend to. Your usual way of explaining yourself is not landing the way it normally does, and you keep having to backtrack or clarify what you meant. Over the coming weeks, this friction in how you communicate may force you to slow down and actually listen to what others need to hear instead of just what feels natural to say.

♃ Jupiter * Sextile ♀ natal Mercury · peak 29 Feb

Your mind works faster and more clearly right now, making it easier to see solutions you usually miss. You find yourself **explaining things well** and picking up new information quickly, whether at work or in conversations. This is a practical window to tackle writing projects, learning, or any discussion that matters to you.

♁ NNode ☐ Square ♃ natal Neptune · peak 29 Feb

Right now you are drawn to **vague promises and unclear commitments** that later fall apart, leaving you frustrated and mistrustful. Your instinct to believe in people's good intentions keeps colliding with the reality that they have not actually committed to anything concrete. These days the gap between what you hope will happen and what people are actually willing to do feels wider than usual, and it is making you question whether you are naive or whether others are simply evasive.

♇ Pluto △ Trine ♄ natal Saturn · peak 24 Feb

You find it easier right now to stick with difficult tasks without losing confidence in yourself. **You work with steady focus** on what actually matters, turning big goals into concrete steps. This period supports you in building something real that lasts, whether at work or in how you organize your life.

♅ Uranus ☿ Quincunx ♅ natal Uranus · peak 29 Feb

You feel restless about routines that used to work for you, and small changes in your daily structure suddenly feel important to make. Your usual way of staying independent or rebelling against rules gets awkward or misaligned, like you are not sure whether to stick with what you know or push against it. Over the coming weeks, you might experiment more with how you organize your time or your space, testing what actually fits you right now.

♇ Pluto ∟ Semi sextile ☾ natal Moon · peak 1 Feb

Over the coming weeks, you're finding it easier to **notice what you actually need emotionally** instead of ignoring it or pushing through. Small practical changes—like setting a boundary with someone or rearranging your daily routine—feel less exhausting because you're clearer about what matters to you. This shift gives you a steadier sense of control over your own life without needing to overhaul everything at once.

♃ Jupiter Rx · ♍ Virgo

The expansion of practical systems, health routines, and work habits slows during this period in ways that demand honest assessment. Growth that has been accumulating may need to be reviewed for sustainability. Quality over quantity in your work and health practices rewards you more right now.

LUNATIONS

- New Moon · Tuesday, 4 Feb

in ♒ Aquarius

innovation, social ideals, future direction

in H6 — Health & Service

Your daily routines and health habits are ready for a reset. This lunation opens a new cycle around **work, service, and physical wellbeing** — an ideal moment to start a new diet, organize your work environment, or establish habits that will support your energy long-term. Small, consistent changes begun now will compound into significant improvements. Pay attention to your body's signals and don't dismiss minor issues before they develop further.

○ Full Moon · Tuesday, 18 Feb

in ♍ **Virgo**

work results, health review, critical peak

in **H1 — Self & Identity**

Something significant about your identity and self-presentation is coming to a head. A situation that has been developing is now reaching a **turning point involving your confidence, independence, or personal direction**. Others see you clearly now — which can bring recognition but also reveals whatever you've been projecting unconsciously. Decisions made at this peak about how you want to show up in the world will carry lasting weight. Your personal needs deserve to come first.

KEY DATES

Sat, 1 Feb ☿ Uranus ☐ Square ♃ natal Chiron
♁ NNode ☊ Opposition ☿ natal Mercury

Mon, 3 Feb ♆ Neptune ☐ Square ♃ natal Jupiter

Tue, 4 Feb New Moon in Aquarius

Wed, 5 Feb ♄ Saturn ☊ Opposition ♇ natal Pluto
♃ Chiron * Sextile ♆ natal Neptune

Mon, 10 Feb ♆ Neptune ☐ Square ♃ natal Jupiter

Sun, 16 Feb ☿ Mercury enters ♋ Pisces

♇ Pluto △ Trine ♄ natal Saturn

Mercury in *Pisces* makes your thinking **slower and less direct** — you'll notice yourself taking longer to find the right words, or changing your mind mid-conversation. In work and daily tasks, this transit rewards **intuition and pattern-spotting** over step-by-step logic, so you might solve problems by sensing what feels right rather than working through details. Relationships often improve because you're more **willing to listen without interrupting** and pick up on what people aren't saying aloud, though you may struggle to explain your own point clearly.

Mon, 17 Feb ♃ Chiron * Sextile ♆ natal Neptune

Tue, 18 Feb ♂ Mars enters ♒ Aquarius

Full Moon in Virgo

Mars in *Aquarius* pushes people to **act on ideas** rather than emotions, so you'll notice a shift toward logical problem-solving and less patience for traditional ways of doing things at work or in groups. In relationships and conversations, this transit brings **directness about independence** — people tend to state what they want without softening it, which can feel refreshing or blunt depending on who you're talking to. The pattern is that **group projects and teamwork** become more appealing than solo efforts, even though *Mars* here makes people more willing to disagree with the group if they think something's wrong.

Wed, 19 Feb ☉ Sun enters ♋ Pisces

♀ Venus enters ♒ Aquarius

The Sun moving into *Pisces* shifts attention toward **listening and flexibility** for the next month, making people naturally more **willing to adjust plans** instead of pushing forward rigidly. At work and in relationships, you'll notice others become **harder to pin down** — deadlines slip, people change their minds, and vague agreements replace firm commitments, which requires patience rather than frustration. *Pisces* season softens the usual drive to compete or win, so **collaboration and going with the flow** tend to work better than direct pressure during this time.

Mon, 24 Feb ♇ Pluto △ Trine ♄ natal Saturn

Tue, 25 Feb ♇ Pluto stations Retrograde

When *Pluto* stations retrograde, expect **delays or reversals** in situations involving power, money, or control — contracts may stall, workplace dynamics shift, or financial decisions get reconsidered. *Pluto* retrograde typically brings **hidden information to light**, so old problems resurface and you notice patterns you missed before, especially around who has influence over what. Over the next months, **internal work matters more than external action** — pushing hard on big changes usually backfires, but reviewing past choices and adjusting your approach actually works.

Sat, 29 Feb ☿ Uranus ☐ Square ♃ natal Jupiter
