KEY TRANSIT FACTORS

♆ Neptune ☾ Semi sextile ☾ natal Moon · peak 20 Jan

These days you notice **softer feelings** about situations that normally upset you, making it easier to let minor annoyances pass without reaction. Your emotional responses feel less sharp while *Neptune* supports your *Moon*, and you find yourself more willing to give people the benefit of the doubt. This period is good for noticing what actually matters to you emotionally rather than defaulting to old defensive patterns.

♆ Neptune ☿ Quincunx ♁ natal NNode · peak 8 Jan

Over the coming weeks, you may find it harder to stick to your usual social routines and feel less sure about which people or groups really matter to you. Your sense of direction in friendships becomes **less clear and more fluid**, making it difficult to commit to plans or decide where you genuinely belong. This is a good time to notice which connections feel off or forced rather than act on those feelings right away.

♄ Chiron * Sextile ☿ natal Mercury · peak 14 Jan

Right now you're finding it easier to talk about things that normally feel awkward or painful, and people respond well to your honesty. Your **ability to explain difficult feelings in clear, straightforward language** is sharper than usual, which helps you connect with others without getting stuck in defensiveness. Over the coming weeks, conversations that might have been tense instead become a chance to actually understand each other better.

♅ Uranus ☿ Quincunx ☉ natal Sun · peak 23 Jan

These days you feel out of step with your usual routine, even though nothing obvious has changed. Your instinct is to **shake things up or rebel against your normal habits**, but the timing feels awkward and you are not sure what you actually want to do differently. Over the coming weeks, this restless feeling will likely push you to make small adjustments to how you work or present yourself, rather than the dramatic overhaul your mind keeps suggesting.

♃ Jupiter ☐ Square ♇ natal Pluto · peak 2 Jan

Right now you're pushing harder on situations that resist you, and the harder you push the more they push back. You're likely **overestimating how much control you actually have** over people or circumstances that operate by their own rules. Over the coming weeks this friction will either force you to step back and accept limits, or exhaust you trying to prove a point that doesn't need proving.

♄ Saturn ☉ Opposition ♂ natal Mars · peak 1 Jan

Right now you're running into real resistance whenever you try to push forward with your plans. Your usual drive feels blocked or slowed down, and what normally comes easily now requires twice the effort and planning. **You're learning that not everything can be forced**, and this frustration is the teacher—but it's an uncomfortable lesson that lasts weeks.

♅ Pluto ☐ Square ♂ natal Mars · peak 1 Jan

You are feeling blocked when you try to act on what you want, and small frustrations can trigger **sudden intense anger** that surprises even you. Your usual way of getting things done meets resistance from other people or from circumstances, leaving you feeling powerless and resentful. Over the coming weeks, you will need to pay attention to where you are actually pushing too hard instead of assuming others are the problem.

♁ Uranus ∟ Semi sextile ☾ natal Moon · peak 1 Jan

Over the coming weeks, you notice yourself willing to **try new routines without getting attached to them**, which makes daily life feel less rigid. Your emotional responses shift just enough to give you a little breathing room when you'd normally feel stuck in the same reactions. This gentle loosening helps you handle small changes at home or in your personal habits with more ease than usual.

♁ Uranus ♀ Opposition ♄ natal Saturn · peak 31 Jan

Over the coming weeks you will feel **restless within your usual routines** and want to break free from structures you normally rely on. Rules and limits that usually feel safe will start to feel like a cage, pushing you to make sudden changes that skip the practical planning stage. The tension between wanting stability and wanting to rebel creates real friction in your work and relationships as you swing between these two pulls.

♄ Chiron ∟ Semi sextile ♅ natal Pluto · peak 1 Jan

Over the coming weeks, you find it easier to talk about difficult experiences without getting stuck in blame or shame. You notice yourself **mentioning hard things from your past in casual conversation**, then moving forward naturally instead of dwelling. This small shift lets you build real connections with people who appreciate your honesty.

♁ Uranus ♁ Quincunx ♋ natal NNode · peak 1 Jan

Right now you are noticing that your usual routines and comfort zones feel slightly off, and you keep getting small urges to try something different even though you are not sure why. You might find yourself questioning choices that normally feel safe to you, or feeling restless in social groups and communities where you usually fit in well. Over the coming weeks, this friction between what feels familiar and what feels new will push you to make small practical adjustments rather than big changes.

♃ Jupiter △ Trine ♿ natal Mercury · peak 1 Jan

Right now your thinking is clearer than usual and you find it easier to explain what you mean to other people. You're picking up on details and patterns you normally miss, which helps you solve problems faster and make better decisions in practical situations. This is a good time to write, teach, negotiate, or learn something new because your mind is working **with less friction** and your words land better with others.

♄ Saturn ♁ Quincunx ♀ natal Venus · peak 1 Jan

Over the coming weeks, you may feel **awkward or hesitant in relationships** even though you want to be close to someone. Small gestures of affection or attempts to connect might feel clumsy or poorly timed, leaving you wondering if you are doing things right. This is temporary friction between what you want emotionally and what feels practical or safe right now.

♆ Neptune ♁ Quincunx ☉ natal Sun · peak 31 Jan

Over the coming weeks, you may feel **slightly out of step with your usual sense of direction**, as if the goals you normally pursue don't quite fit who you are right now. Your confidence in what you want gets fuzzy, and you might second-guess decisions you'd normally make without hesitation. This mismatch between who you think you should be and what actually matters to you will probably clear up once this *Neptune* influence passes.

♅ Pluto △ Trine ♀ natal Venus · peak 1 Jan

You find it easier to say what you actually want in your relationships right now, and people respond well to your honesty. Your **natural magnetism increases** — you draw others toward you without trying hard or performing. Over the coming weeks, connections deepen because you're showing up as yourself, and that authenticity makes a real difference in how people treat you.

LUNATIONS

● New Moon · Wednesday, 12 Jan

in ♄ Capricorn

long-term goals, ambition, structural reset

in H5 — Creativity & Romance

A new creative or romantic cycle is opening. This lunation brings **fresh energy to self-expression, passion, and pleasure** — it's the right moment to begin a creative project, allow yourself to be seen fully in a relationship, or bring more play and joy into your daily life. Children, art, and anything that makes your heart lighter all carry special significance now. What you initiate here connects directly to your happiness.

○ Full Moon · Thursday, 27 Jan

in ♌ Leo

recognition, drama, creative culmination

in H12 — Inner Life & Solitude

Something hidden is surfacing. This full moon illuminates **the private, unconscious, and carefully concealed aspects of your life** — old emotional patterns, self-sabotaging habits, or matters you've kept from even yourself. This is one of the most psychologically significant lunations and often coincides with a release of something that has been draining you in private. What comes to light now, though it may be uncomfortable, ultimately creates space for genuine renewal.

KEY DATES

Sat, 1 Jan ♄ Saturn ☌ Opposition ☌ natal Mars

♅ Pluto ☐ Square ☌ natal Mars

♃ Jupiter △ Trine ♀ natal Mercury

Sun, 2 Jan ♃ Jupiter ☐ Square ♅ natal Pluto

♄ Chiron ✱ Sextile ♀ natal Mercury

Mon, 10 Jan ♅ Pluto ☐ Square ☌ natal Mars

Wed, 12 Jan New Moon in Capricorn

Fri, 14 Jan ♀ Mercury enters ♋ Aquarius

♄ Chiron ✱ Sextile ♀ natal Mercury

Mercury in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

Thu, 20 Jan ☉ Sun enters ♋ Aquarius

♀ Venus enters ♋ Aquarius

Sun in *Aquarius* brings a **shift toward independence** and a stronger need to do things your own way instead of following the usual pattern. At work and in conversations, you'll **notice people speak up more** about ideas that feel different or go against what everyone expects. In relationships and friendships, **distance often increases** slightly as people pull back to focus on their own projects and interests rather than staying close to the group.

Sat, 22 Jan ♁ NNode enters ♏ Scorpio

North Node in *Scorpio* pushes people toward **deeper honesty** in relationships and work, making surface-level small talk feel hollow and triggering a need to deal with actual problems instead of avoiding them. When difficult topics come up—money, power dynamics, past hurts—most people find **staying quiet** harder and speaking up more natural, even if conversations get uncomfortable. At work and home, this pattern rewards those who **dig into real issues** rather than pretend everything is fine, though the learning curve involves some awkward moments before people get better at saying what they actually mean.

Sun, 23 Jan ♂ Uranus ☌ Opposition ♄ natal Saturn

Thu, 27 Jan Full Moon in Leo

Fri, 28 Jan ☌ Mars enters ♋ Aquarius

Mars in *Aquarius* pushes people to **act on ideas** rather than emotions, so you'll notice a shift toward logical problem-solving and less patience for traditional ways of doing things at work or in groups. In relationships and conversations, this transit brings **directness about independence** — people tend to state what they want without softening it, which can feel refreshing or blunt depending on who you're talking to. The pattern is that **group projects and teamwork** become more appealing than solo efforts, even though *Mars* here makes people more willing to disagree with the group if they think something's wrong.

Sat, 29 Jan ♄ Saturn enters ♋ Pisces

Saturn in *Pisces* brings **stricter limits** to areas where things used to feel open-ended—people often notice they can't rely on vague plans or wishful thinking anymore, and work or personal projects suddenly require **clear structure** and solid deadlines. In relationships and at work, boundaries become **harder to ignore**, meaning difficult conversations that got put off finally need to happen, and people tend to feel more **responsible** for their own mess rather than hoping it sorts itself out. Most people find themselves **editing down** what they actually commit to—saying no more often, showing up more consistently to fewer things, and noticing that **confusion costs them** in practical ways they can't avoid.
