KEY TRANSIT FACTORS

♂ Mars ∟ Semi sextile ♀ natal Venus · peak 1 Dec ★

These days you feel more **confident when connecting with people** you care about, and small gestures of affection come naturally to you. Your *Mars* is working smoothly with your *Venus*, making it easier to express what you want without being pushy or awkward about it. Over the coming weeks, you might find that conversations flow better and you're less hesitant to take the social initiative.

♂ Mars * Sextile ☉ natal Sun · peak 1 Dec ★

Right now you feel **naturally motivated to get things done** without pushing yourself too hard. Your confidence is steady, and you tackle practical tasks at work or home with clear direction and follow-through. This is an ideal window to start a project or commit to something you've been thinking about, because your actions line up with what actually matters to you.

♄ Chiron * Sextile ♀ natal Venus · peak 14 Dec

Over the coming weeks, you find it easier to talk about what actually matters to you in relationships instead of staying quiet or pretending everything is fine. Your **honesty about your own needs** seems to land better with others right now, and people respond by opening up more too. This natural flow between what you feel and what you say creates real connection without the usual awkwardness or hurt feelings.

♃ Jupiter ☌ Conjunction ♁ natal Lilith · peak 30 Dec

Over the coming weeks, you're likely to feel more **willing to ignore rules that don't make sense to you**. You might speak up in situations where you'd normally stay quiet, or push back against expectations that feel unfair. This boldness can open doors, but it can also create friction if you're not careful about who you're confronting.

♅ Uranus ☌ Opposition ♄ natal Saturn · peak 1 Dec

Over the coming weeks you will feel **restless within your usual routines** and want to break free from structures you normally rely on. Rules and limits that usually feel safe will start to feel like a cage, pushing you to make sudden changes that skip the practical planning stage. The tension between wanting stability and wanting to rebel creates real friction in your work and relationships as you swing between these two pulls.

♄ Saturn ☌ Quincunx ♆ natal Neptune · peak 1 Dec

Right now you're noticing the gap between what you imagine and what actually works in practice. You feel caught between wanting to escape reality and knowing you have real responsibilities that need attention. This uncomfortable mismatch forces you to make small adjustments to your plans, even if it feels frustrating at the moment.

♅ Uranus ☌ Opposition ♀ natal Venus · peak 31 Dec

Right now you feel **restless in your closest relationships** and may push away people you normally rely on. You want more freedom or something completely different from what your partner or friends expect, and this clash makes everything feel tense. Over the coming weeks, familiar patterns in how you connect with others will feel uncomfortable, and you might make sudden changes you later question.

♆ Neptune ∟ Semi sextile ♀ natal Moon · peak 1 Dec

These days you notice **softer feelings** about situations that normally upset you, making it easier to let minor annoyances pass without reaction. Your emotional responses feel less sharp while *Neptune* supports your *Moon*, and you find yourself more willing to give people the benefit of the doubt. This period is good for noticing what actually matters to you emotionally rather than defaulting to old defensive patterns.

♆ Neptune ☌ Quincunx ☉ natal Sun · peak 31 Dec

Over the coming weeks, you may feel **slightly out of step with your usual sense of direction**, as if the goals you normally pursue don't quite fit who you are right now. Your confidence in what you want gets fuzzy, and you might second-guess decisions you'd normally make without hesitation. This mismatch between who you think you should be and what actually matters to you will probably clear up once this *Neptune* influence passes.

♄ Chiron ∟ Semi sextile ♂ natal Mars · peak 31 Dec

These days you're finding it easier to **speak up about what you actually need** instead of pushing through on your own. You're noticing that asking for help or setting a boundary doesn't drain you the way it used to. This quieter confidence is showing up in conversations at work and in your relationships, making things feel less exhausting overall.

♆ Neptune ☌ Quincunx ♃ natal NNode · peak 1 Dec

Over the coming weeks, you may find it harder to stick to your usual social routines and feel less sure about which people or groups really matter to you. Your sense of direction in friendships becomes **less clear and more fluid**, making it difficult to commit to plans or decide where you genuinely belong. This is a good time to notice which connections feel off or forced rather than act on those feelings right away.

♄ Saturn △ Trine ☿ natal Mercury · peak 31 Dec

Your thinking becomes more organized and methodical right now, making it easier to work through complex problems without getting distracted. You find yourself **naturally able to follow through on plans** and communicate what you actually mean instead of talking in circles. This period is ideal for learning something practical or finishing projects that require sustained focus and clear explanations.

♅ Uranus ☌ Quincunx ☉ natal Sun · peak 1 Dec

These days you feel out of step with your usual routine, even though nothing obvious has changed. Your instinct is to **shake things up or rebel against your normal habits**, but the timing feels awkward and you are not sure what you actually want to do differently. Over the coming weeks, this restless feeling will likely push you to make small adjustments to how you work or present yourself, rather than the dramatic overhaul your mind keeps suggesting.

♄ Chiron * Sextile ♄ natal Saturn · peak 1 Dec

Right now you're finding it easier to **talk about your past mistakes without shame or defensiveness**. You can look at where you've struggled or failed and see useful lessons instead of just pain. This practical shift lets you move forward with real confidence based on actual experience.

♃ Jupiter * Sextile ♆ natal Neptune · peak 31 Dec

Over the coming weeks, you find it easier to **trust your intuition without overthinking**, and this quieter confidence actually helps you make better decisions in practical situations. Your imagination feels less chaotic right now, and you can use creative ideas to solve real problems at work or in your relationships instead of getting lost in them. This is a good window to act on something you've been imagining or planning, because your instincts and your common sense are actually working together.

KEY DATES

Thu, 1 Dec ☽ Uranus ♁ Opposition ♄ natal Saturn

Sat, 3 Dec New Moon in Sagittarius

Fri, 9 Dec ♃ Jupiter enters ♐ Sagittarius

Jupiter in Sagittarius tends to make people more generous with time and money, so you might find yourself saying yes to plans or spending more freely than usual. At work and in relationships, honest conversation flows easier, though some people notice they also speak without thinking first and accidentally offend others. The pattern is that learning new skills or travel becomes more appealing during this time, and people often take that course they've been putting off or book a trip they'd dismissed as unrealistic.

Mon, 12 Dec ♂ Mars enters ♍ Virgo

☽ Uranus ♁ Opposition ♄ natal Saturn

Mars in Virgo pushes you to focus your energy on details and efficiency rather than big dramatic moves, so you'll likely find yourself fixing things, organizing workspaces, or solving small problems that pile up. At work and in relationships, this transit brings a critical eye — people become more direct about what isn't working and more willing to do the unglamorous tasks that actually get results. When Mars lands here, impatience with sloppy work or vague plans shows up quickly, so clear systems and practical action tend to win over charm or wishful thinking.

Wed, 14 Dec ♄ Chiron ✱ Sextile ♀ natal Venus

Sat, 17 Dec Full Moon in Gemini

Mon, 19 Dec ☿ Mercury enters ♑ Capricorn

Mercury entering Capricorn shifts how you talk and think toward practical results — you'll notice yourself cutting out small talk and focusing on what actually matters at work or in conversations. People around you tend to respect the directness more during this time, even if your words feel plainer than usual, because Capricorn makes communication efficient and honest. At work especially, planning and problem-solving feel sharper; Mercury here rewards you for thinking several steps ahead instead of reacting on the spot.

Thu, 22 Dec ☉ Sun enters ♑ Capricorn

The Sun moving into Capricorn shifts focus toward getting results and building something real — you'll notice people around you tightening routines, setting deadlines, and cutting away what doesn't work. At work and in projects, there's a push for efficiency over comfort, so meetings get shorter, decisions happen faster, and people care less about feelings and more about the bottom line. In relationships and friendships, expect less small talk and more honest conversations about what actually matters — this is when people check in on whether things are moving forward or just stalling.
