KEY TRANSIT FACTORS

♄ Chiron qx Quincunx ♃ natal Jupiter · peak 31 Dec

Over the coming weeks, you notice a mismatch between what you want to believe about yourself and what actually works in your life. You find yourself **questioning your usual confidence** or having to adjust your plans when reality doesn't match your expectations. This gap between your hopes and the practical results you're getting will likely push you to make small changes to how you approach problems.

♁ NNode * Sextile ♀ natal Venus · peak 29 Dec

You find it easier right now to connect with people in genuine ways and speak up about what matters to you socially. Your **natural warmth and openness come across more clearly**, and others respond positively to this shift in how you show up. Over the coming weeks, this period supports making new friendships or deepening existing relationships without the usual awkwardness or second-guessing.

♃ Jupiter ☐ Square ☉ natal Sun · peak 25 Dec

Right now you are **overestimating what you can handle**, and this confidence is pulling you into commitments that drain your resources faster than you expected. *Jupiter* is amplifying your sense of possibility while *Sun* pushes you to prove yourself, making it hard to say no or admit limits. Over the coming weeks you will likely hit a wall—exhaustion, overspending, or failed promises—that forces you to recalibrate what actually matters to you.

♇ Pluto ☐ Square ♄ natal Chiron · peak 28 Dec

Right now you're bumping up against old wounds that usually stay quiet, and it feels uncomfortable because you can't just ignore them the way you normally do. You might find yourself **overreacting to small slights or feeling defensive** about situations that wouldn't usually bother you. Over the coming weeks, this friction is forcing you to look at how you protect yourself—not to fix everything at once, but to notice where your defenses are actually holding you back from connecting with other people.

♁ NNode ∠ Semi sextile ♂ natal Mars · peak 9 Dec

Over the coming weeks, you find yourself **more willing to take small risks and speak up for what you want**. People around you seem to respond better to your directness, and you notice you're not second-guessing yourself as much. This is a natural window where your practical confidence gets a gentle push forward, making it easier to pursue goals you've been putting off.

♃ Jupiter ☐ Square ☾ natal Moon · peak 2 Dec

Right now you feel **emotionally restless and dissatisfied** with situations that normally comfort you, like time with family or your home routine. You might overcommit yourself or make promises you cannot keep because your judgment about what you can actually handle is off. Over the coming weeks, this mismatch between what you want and what is realistic creates friction in your personal relationships and leaves you feeling bloated rather than nourished.

♄ Saturn △ Trine ♅ natal Pluto · peak 22 Dec

You find it easier right now to **follow through on difficult changes** you have been putting off. Your practical side is working well with your ability to handle intensity, so you can tackle problems that usually feel too overwhelming. Over the coming weeks, you may notice you are more willing to do the hard work needed to transform something real in your life.

♄ Saturn ☌ Quincunx ☿ natal Mercury · peak 11 Dec

Right now your thinking feels clumsy and slow compared to how you normally operate. You have to work harder to organize your thoughts or explain yourself clearly, even when you know what you mean. This awkward phase lasts a few weeks and usually passes once you stop fighting the slower pace and just accept that communication takes more effort at the moment.

♃ Jupiter □ Square ♁ natal NNode · peak 1 Dec

Over the coming weeks, you may feel pulled to take on more than you can reasonably handle, which can frustrate your actual sense of direction. Your **confidence outpaces your judgment**, making you say yes to opportunities that don't fit your real priorities or skills. This misalignment between what you think you should do and what actually works for you creates unnecessary setbacks and wasted effort.

♄ Chiron □ Square ♅ natal Uranus · peak 31 Dec

Right now you feel caught between wanting to break free and being afraid of what comes next. **You act impulsively without thinking through the consequences**, then immediately regret decisions you've made about your independence or your unconventional plans. Over the coming weeks, expect friction in areas where you've been trying to be different or rebel against expectations, because part of you still doubts whether the change is actually right for you.

♅ Uranus ♀ Opposition ♃ natal Jupiter · peak 1 Dec

Right now you are **questioning beliefs and plans that felt solid weeks ago**, and this doubt is making it hard to commit to anything. Your usual optimism about the future is getting interrupted by a voice telling you that what you want might not work, or that you have been overlooking real problems. Over the coming weeks this restlessness will push you to rethink your direction, but the process feels uncomfortable and destabilizing rather than clarifying.

♃ Jupiter * Sextile ♄ natal Saturn · peak 31 Dec

Right now you find it easier to **follow through on commitments** without feeling weighed down by them. *Jupiter* is supporting your *Saturn*, which means you can take on real responsibility and actually enjoy the structure instead of resenting it. Over the coming weeks, you'll notice that planning ahead and sticking to deadlines feels less like a burden and more like something that works in your favor.

♁ Lilith ♂ Conjunction ♄ natal Chiron · peak 31 Dec

You're becoming more aware of the ways you've learned to protect yourself by staying separate or defensive, and that awareness is making you uncomfortable right now. This period is pushing you to notice how **keeping people at a distance** actually stops you from getting the help or connection you need. Over the coming weeks, you may find yourself caught between your instinct to withdraw and a growing recognition that isolation isn't actually keeping you safe.

♅ Uranus * Sextile ♅ natal Uranus · peak 1 Dec

You find yourself **more willing to try new approaches** to problems that have frustrated you before. These days, you can spot practical changes that might actually work without overthinking them. Over the coming weeks, this clarity makes it easier to break free from routines that no longer fit your life.

♆ Neptune ☌ Quincunx ♆ natal Neptune · peak 1 Dec

Over the coming weeks, you may notice that your usual ways of managing uncertainty or confusion feel slightly off or awkward. You might find yourself second-guessing decisions you would normally make without hesitation, or struggling to trust your instincts about situations that are unclear. This subtle misalignment between what you think you should do and what actually feels right will pass, but right now it asks you to slow down and check your assumptions more carefully than usual.

LUNATIONS

- New Moon · Friday, 11 Dec

in ♎ Sagittarius

new beliefs, expansion, broader horizons

in H4 — Home & Family

A fresh chapter is beginning in your domestic life and inner world. Whether that means **a change of home, a shift in family dynamics**, or a renewed commitment to building emotional security, this lunation asks you to look at your roots. What you choose to build or let go of in your home environment now will shape your sense of belonging for months to come. Private matters deserve deliberate attention.

○ Full Moon · Friday, 25 Dec

in ♋ **Cancer**

emotional culmination, family matters, inner needs surface

in H11 — **Community & Goals**

A friendship, group affiliation, or long-held hope is reaching its culmination. Something that began as a shared goal or community connection is now **showing its true shape** — whether that means a meaningful bond being cemented or a misalignment in values becoming clear. This full moon often brings a resolution around social belonging: who your people actually are, which dreams remain worth pursuing, and which ones need to be updated based on who you've become.

KEY DATES

Tue, 1 Dec ♃ Jupiter □ Square ♃ natal NNode

♅ Uranus ♁ Opposition ♃ natal Jupiter

Wed, 2 Dec ♃ Jupiter □ Square ♀ natal Moon

Sat, 5 Dec ♀ Venus enters ♏ Scorpio

Venus in *Scorpio* makes people **more direct and intense** about what they want from others, cutting through small talk and surface-level connection. In relationships and at work, you'll notice people asking harder questions, setting clearer boundaries, and **pulling back from anything that feels fake** or half-hearted. This transit typically brings **deeper focus** on a few close connections rather than spreading energy wide, and people tend to be more honest about money, loyalty, and what they actually need.

Thu, 10 Dec ☿ Mercury enters ♑ Capricorn

Mercury entering *Capricorn* shifts how you talk and think toward **practical results** — you'll notice yourself cutting out small talk and focusing on what actually matters at work or in conversations. People around you tend to **respect the directness** more during this time, even if your words feel plainer than usual, because *Capricorn* makes communication **efficient and honest**. At work especially, **planning and problem-solving** feel sharper; *Mercury* here rewards you for thinking several steps ahead instead of reacting on the spot.

Fri, 11 Dec New Moon in Sagittarius

Sun, 13 Dec ♄ Saturn △ Trine ♇ natal Pluto

Mon, 14 Dec ♅ Uranus ♁ Opposition ♃ natal Jupiter

Sun, 20 Dec ♇ Pluto □ Square ♄ natal Chiron

♃ NNNode ✳ Sextile ♀ natal Venus

♄ Chiron □ Square ♅ natal Uranus

Tue, 22 Dec ☉ Sun enters ♑ Capricorn

♄ Saturn △ Trine ♇ natal Pluto

The Sun moving into *Capricorn* shifts focus toward **getting results** and **building something real** — you'll notice people around you tightening routines, setting deadlines, and cutting away what doesn't work. At work and in projects, there's a **push for efficiency** over comfort, so meetings get shorter, decisions happen faster, and people care less about feelings and more about the bottom line. In relationships and friendships, expect **less small talk** and more honest conversations about what actually matters — this is when people check in on whether things are moving forward or just stalling.

Fri, 25 Dec Full Moon in Cancer

♃ Jupiter □ Square ☉ natal Sun

Sat, 26 Dec ♅ Uranus stations Direct

Uranus turning direct after months backward means **stuck situations finally shift** — delays in tech, contracts, or unusual projects resume their forward motion. What felt **blocked or confusing** about your routines, friendships, or work systems becomes **clearer to act on** now that the planet moves the way it normally does. Most people notice they can **make real changes** instead of just thinking about them, whether that's switching jobs, updating systems, or ending relationships that went nowhere during the retrograde.

Mon, 28 Dec ♇ Pluto □ Square ♄ natal Chiron

Tue, 29 Dec ♃ NNNode ✳ Sextile ♀ natal Venus

Wed, 30 Dec ♀ Venus enters ♐ Sagittarius

Venus in *Sagittarius* brings a **looser, more generous** approach to spending and dating, with people tending to say yes to invitations and expensive outings rather than staying home. In relationships and work, this transit makes **honesty and directness** feel more important than keeping the peace, so conversations become blunter and less filtered. Most people notice they **want variety** — sticking with the same restaurant, routine, or person feels boring — and they're more willing to try something unfamiliar or travel to a new place.
