KEY TRANSIT FACTORS

♀ Venus ∠ Semi sextile ☉ natal Sun · peak 1 Jul ★

These days you feel **more comfortable being yourself around others**, and people respond well to that ease. You're not trying as hard to impress anyone, which actually makes your conversations flow better and your relationships feel less strained. This small shift in *Venus* supporting your *Sun* won't solve everything, but it gives you a genuine advantage in how you present yourself while it lasts.

♃ Jupiter ☐ Square ♆ natal Neptune · peak 5 Jul

Right now you are **overestimating what you can achieve** and making promises you cannot keep. Your optimism is running ahead of reality, and you may find yourself committed to projects or goals that are actually beyond your practical reach. Over the coming weeks, disappointment will follow when you realize the gap between what you imagined and what is actually possible.

♁ NNode ☐ Square ☾ natal Moon · peak 14 Jul

You are feeling **emotionally pulled in two directions** right now, wanting to stay comfortable while something pushes you toward unfamiliar social or practical territory. Your gut reactions clash with what people around you seem to expect, leaving you irritable and confused about what you actually need. Over the coming weeks, you will have to choose between repeating old emotional patterns or accepting that some relationships and routines no longer fit who you are becoming.

♄ Chiron △ Trine ♂ natal Mars · peak 1 Jul

Over the coming weeks, you find it easier to talk about what you actually want and need instead of pushing through silently. Your **willingness to ask for help** without shame or defensiveness opens doors with people who care about you. This practical shift means you get real support right when you need it, and conflicts that usually leave you exhausted tend to resolve with much less friction.

♁ NNode ☐ Square ♁ natal NNode · peak 22 Jul

Right now you feel pulled in two directions about what you should be doing with your time and energy. You might say yes to commitments that conflict with each other, or feel **restless and unable to settle** on a clear priority. Over the coming weeks, this confusion usually pushes you to make a hard choice about which direction actually matters to you.

♃ Jupiter ∠ Semi sextile ♇ natal Pluto · peak 24 Jul

While this lasts, you find yourself **willing to take small risks that push you past old limits**. You feel a quiet confidence in your ability to handle situations that normally feel too big or demanding, and you naturally start saying yes to opportunities you would have avoided before. Over the coming weeks, this steady courage tends to open doors that lead to real personal or professional growth.

♃ Jupiter ☿ Conjunction ♀ natal Mercury · peak 18 Jul

You're thinking more expansively right now and your mind feels faster than usual. You're likely talking more, asking bigger questions, and finding it easier to explain your ideas to others. This is a good window to pitch a proposal, write something you've been putting off, or have conversations you've been avoiding because your confidence in what you're saying is genuinely higher.

♁ NNODE ☐ Square ☉ natal Sun · peak 1 Jul

Right now you are **pulling away from situations where you normally feel confident**, even when stepping forward would serve you well. You might notice yourself second-guessing decisions that align with who you are, or feeling awkward when others look to you for leadership. Over the coming weeks, this friction between your instinct to act and an unfamiliar doubt can either paralyze you or force you to examine whether you are actually living in a way that fits your real values.

♄ Chiron ☐ Square ♀ natal Venus · peak 1 Jul

You may feel rejected or inadequate in your relationships right now, picking up on small slights and interpreting them as proof that you're not lovable. Your usual warmth and charm feel blocked, making it harder to ask for what you want or to enjoy physical affection without second-guessing yourself. Over the coming weeks, this discomfort pushes you to stop abandoning your own needs in order to keep people happy.

♁ NNODE △ Trine ♄ natal Saturn · peak 1 Jul

Over the coming weeks, you find it easier to stick with difficult tasks and follow through on commitments without losing motivation. Your natural **ability to be reliable and practical** aligns smoothly with what you actually want to build right now, so responsibilities feel less like obligations. People notice you are more grounded and trustworthy during this period, and that reputation opens doors in work and personal relationships.

♁ NNODE ☐ Square ♃ natal Uranus · peak 31 Jul

Right now you're caught between wanting to break free and feeling pulled toward fitting in with a group or community, which creates real friction in your social life. You might find yourself saying yes to commitments you don't actually want, then suddenly rejecting them or picking fights over small things. Over the coming weeks, this restlessness will push you to examine which relationships or groups are genuinely yours and which ones you've stayed in out of habit or obligation.

♇ Pluto △ Trine ♆ natal Neptune · peak 1 Jul

Right now you find it easier to **see through confusion and detect what is actually true in complicated situations**. Your instinct about people and motives sharpens, and you can sense patterns others miss without needing proof. Over the coming weeks this clarity helps you make decisions with more confidence, even when the full picture is not yet visible.

♁ NNODE ☒ Quincunx ♃ natal Jupiter · peak 31 Jul

Right now you are noticing a mismatch between what you believe will make you happy and what actually does. You keep planning for bigger opportunities or better outcomes, but the details keep shifting in ways that require you to **adjust your expectations repeatedly**. Over the coming weeks, this awkward fit between your hopes and your real circumstances will push you to be more realistic about what you can actually control.

♃ Uranus ☐ Square ♂ natal Mars · peak 1 Jul

These days you feel **restless and impatient with normal routines**, and you're more likely to act on impulses without thinking through the consequences. Your usual way of handling frustration stops working, so small annoyances trigger bigger reactions than they should. Over the coming weeks, this mismatch between what you want to do right now and what you actually should do will create real practical problems if you don't stay aware of it.

♄ Chiron ☐ Square ♄ natal Saturn · peak 1 Jul

Right now you're noticing where you've built walls to protect yourself, and those same walls are making you feel trapped and isolated. You become **more critical of yourself and others**, expecting failure before you even try, which makes it harder to reach out or take reasonable risks. Over the coming weeks, this period pushes you to examine whether your caution is actually keeping you safe or just keeping you small.

LUNATIONS

○ Full Moon · Thursday, 10 Jul

in ♄ Capricorn

career results, ambition tested, authority reviewed

in H5 — Creativity & Romance

A creative work, romantic situation, or matter involving children is reaching its peak. What began months ago in your love life or creative endeavors is now **ready for a culmination** — a relationship becoming more defined, a project completing, or a moment of genuine joy or heartbreak making itself felt. The full moon here amplifies feelings of passion and desire. Be honest about what and who actually brings you happiness, rather than what you think should.

● New Moon · Friday, 25 Jul

in ♌ Leo

creative spark, self-expression, new confidence

in H12 — Inner Life & Solitude

A new cycle is beginning in the hidden, private areas of your life. This lunation brings **inner work, spiritual renewal, and a clearing of old burdens** to the foreground. What you choose to let go of, process, or release over the coming weeks will free up significant inner resources. Solitude, contemplation, and honest self-examination are more productive than external activity right now. Trust what surfaces from beneath the surface — it's asking to be acknowledged.

KEY DATES

Tue, 1 Jul ♄ Chiron △ Trine ♂ natal Mars

Sat, 5 Jul ♀ Venus enters ♊ Gemini

♆ Neptune stations Retrograde

♃ Jupiter □ Square ♆ natal Neptune

Venus in *Gemini* makes people **more talkative and curious** about the people around them, so conversations feel lighter and flirtation happens more easily. At work and in friendships, you'll notice **shorter attention spans** — everyone wants variety instead of depth, which means plans change faster and people juggle multiple projects or interests at once. This transit typically brings **less commitment** to big decisions about money or relationships, so it's a better time to explore options than to lock anything down.

Mon, 7 Jul ♅ Uranus enters ♊ Gemini

Uranus in *Gemini* brings **sudden changes to how you communicate** — expect new ways of talking, writing, or sharing ideas to feel normal within weeks, and people around you will notice you're **more direct or unpredictable** in conversations. At work and in friendships, **technology and information shift** regularly, so the tools you use or the news that matters keeps changing, forcing you to **stay flexible** rather than stick to old methods. In relationships, *Uranus* here tends to **shake up routine talk** — you or your partner might suddenly need more freedom to say what you really think, and boring small talk becomes harder to do.

Thu, 10 Jul Full Moon in Capricorn

Sun, 13 Jul ♄ Saturn stations Retrograde

Saturn stationing retrograde means **delays and reviews become the pattern** for the next few months in work, responsibilities, and long-term plans. When this planet appears to move backward, people commonly experience **slowdowns in projects, contracts, or official processes** — deadlines shift, approvals take longer, and progress feels stuck even when you're putting in effort. The practical shift is to **focus on fixing past mistakes** and tightening up weak spots in your systems rather than pushing hard for new starts during this time.

Mon, 14 Jul ♃ NNNode □ Square ♄ natal Moon

♄ Chiron △ Trine ♂ natal Mars

Fri, 18 Jul ☿ Mercury stations Retrograde

♃ Jupiter ♂ Conjunction ☿ natal Mercury

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

Mon, 21 Jul ♃ NNNode □ Square ♄ natal Moon

Tue, 22 Jul ♃ NNNode □ Square ♃ natal NNNode

Wed, 23 Jul ☉ Sun enters ♌ Leo

The Sun entering Leo brings a **shift toward more direct self-expression** — people tend to speak up more at work, take on visible roles, and want their efforts noticed rather than working quietly behind the scenes. In relationships and social settings, **confidence and attention-seeking increase**, which can mean more fun and boldness but also more friction if someone feels overshadowed or ignored. Over the next month, most people find themselves **more willing to take charge**, pursue what they actually want, and care less about blending in.

Fri, 25 Jul New Moon in Leo

Thu, 31 Jul ♀ Venus enters ♋ Cancer

♄ Chiron stations Retrograde

Venus in *Cancer* makes people **more careful about who they let close**, and they often notice themselves wanting **deeper emotional connection** instead of surface-level interaction. In relationships and work, this shows up as spending more time with people who feel **safe and familiar**, while casual friendships might feel less interesting. Most people find themselves **expressing care through practical actions** — cooking, checking in, remembering details — rather than grand gestures or words.
