### KEY TRANSIT FACTORS

#### ♃ Jupiter △ Trine ♅ natal Uranus · peak 28 May ★

Over the coming weeks, you'll find yourself more willing to take practical risks and try new approaches without the usual anxiety holding you back. Your mind works faster than normal, and you spot solutions others miss because you're not stuck in old habits. This is a good time to pitch ideas at work, start something you've been putting off, or reorganize your life in ways that actually feel liberating instead of chaotic.

#### ♅ Uranus △ Trine ♄ natal Chiron · peak 31 May ★

Right now you find it easier to **talk about things that usually stay hidden**, and people respond well when you do. Your practical understanding of what went wrong in past situations sharpens, letting you explain your own patterns without judgment. Over the coming weeks this shift in clarity can help you move through old hurts in a straightforward way rather than getting stuck in them.

#### ♃ Jupiter ★ Sextile ☾ natal Moon · peak 1 May ★

Right now you feel **more at ease with what you're feeling**, and that ease spreads to how you treat the people around you. You're quicker to laugh, more patient with complaints from family or friends, and you actually listen instead of just waiting for your turn to talk. Over the coming weeks, this emotional looseness often leads to real conversations that improve your relationships or help someone feel heard by you.

#### ♃ Jupiter ♂ Conjunction ♄ natal Chiron · peak 31 May ★

Over the coming weeks, you're likely to feel more **willing to talk about past hurts that usually stay private**. People around you may notice you're more open and less defensive when difficult topics come up. This period can actually help you move through some old emotional blocks because you're not fighting against them as hard as usual.

#### ♄ Saturn qx Quincunx ☾ natal Moon · peak 31 May ★

These days you feel a mismatch between what you need emotionally and what your life is actually set up to give you. You might find yourself feeling restless or slightly out of sync in your daily routines, or noticing that **your usual comfort strategies stop working the way they normally do**. Over the coming weeks, small adjustments to how you manage your time or handle responsibilities may help you feel more settled again.

#### ♀ Venus qx Quincunx ☾ natal Moon · peak 1 May ★

Over the coming weeks, you may find your usual way of showing affection feels slightly off or awkward. You might want closeness but struggle to express it in ways that actually land with the people you care about. Small adjustments to how you approach relationships will help you feel more comfortable.

#### ♀ Venus ∟ Semi sextile ☉ natal Sun · peak 2 May ★

These days you feel **more comfortable being yourself around others**, and people respond well to that ease. You're not trying as hard to impress anyone, which actually makes your conversations flow better and your relationships feel less strained. This small shift in *Venus* supporting your *Sun* won't solve everything, but it gives you a genuine advantage in how you present yourself while it lasts.

#### ♆ Neptune △ Trine ♇ natal Pluto · peak 9 May

You're finding it easier to let go of situations that no longer serve you without drama or resistance right now. Your practical instincts are sharper about which changes are worth making and which problems will solve themselves if you stop pushing. *Neptune* trine *Pluto* gives you a **calm acceptance of transformation** that makes difficult decisions feel less like crises and more like natural course corrections.

#### ♄ Saturn ∟ Semi sextile ♃ natal Uranus · peak 31 May

These days you find it easier to act on your unconventional ideas without feeling rushed or reckless about them. Your **natural caution helps you test new approaches before committing fully**, which means your experiments with different ways of doing things actually stick around. Over the coming weeks, this steadier pace lets you build something real from the innovations you've been wanting to try.

#### ♁ Chiron □ Square ♇ natal Pluto · peak 28 May

You're running into situations right now where your usual ways of handling power and control stop working, and that's frustrating. You may notice yourself **pushing harder against resistance instead of stepping back**, which tends to make things worse before anything improves. While this lasts, the practical challenge is learning to let go of outcomes you can't actually control, even though every part of you wants to fight for them.

#### ♁ Chiron \* Sextile ☿ natal Mercury · peak 9 May

Right now you're finding it easier to talk about things that normally feel awkward or painful, and people respond well to your honesty. Your **ability to explain difficult feelings in clear, straightforward language** is sharper than usual, which helps you connect with others without getting stuck in defensiveness. Over the coming weeks, conversations that might have been tense instead become a chance to actually understand each other better.

#### ♄ Saturn ♁ Quincunx ♁ natal Chiron · peak 7 May

Over the coming weeks, you may notice that **old wounds or insecurities surface when you face practical limits**—especially around work, deadlines, or things you cannot control. This happens because *Saturn* is making you take a hard look at what you've been managing poorly or avoiding, and it feels uncomfortable. The shift you need is to stop protecting yourself and instead be honest about where you actually need help or training.

#### ♄ Saturn ♁ Quincunx ♃ natal Jupiter · peak 27 May

Over the coming weeks, you feel caught between wanting to expand your plans and a nagging sense that something needs tightening up. You find yourself **second-guessing decisions you would normally make quickly**, asking practical questions about timelines and resources that didn't occur to you before. This mismatch between your optimism and your caution isn't comfortable, but it often leads to better-prepared choices once you sit with the discomfort.

#### ♇ Pluto ♂ Opposition ♇ natal Pluto · peak 31 May

Right now you are facing **resistance to your usual ways of controlling situations**, and this can feel frustrating or even threatening. People around you may be pushing back harder than usual, or circumstances may force you to give up plans you had locked down. Over the coming weeks, you will have to work with less certainty and accept that some things are outside your grip, which is uncomfortable but teaches you where you actually have influence.

#### ♃ Jupiter ♂ Conjunction ♃ natal Jupiter · peak 31 May

Over the coming weeks, you're likely to feel **more confident in your own judgment** and less interested in playing it safe. You may take on bigger projects, spend more freely, or expand your social circle without the usual second-guessing. This is when luck tends to favour people who actually move forward instead of waiting, so your timing for starting something new is genuinely better right now.

#### ♂ Mars Rx · ♍ Virgo

Critical energy turns inward during this period, and self-criticism tends to be more active than productive action. Health, daily routines, and work habits come under scrutiny in ways that may feel more burdensome than useful. Small consistent efforts now build toward genuine improvement more reliably than sweeping overhauls.

#### ♃ Jupiter Rx · ♎ Libra

The growth of partnerships and social connections pauses for internal review during this period. Beliefs about fairness, collaboration, and what constitutes a good agreement are being quietly re-examined. Clarifying what you genuinely want from close relationships matters more right now than what seems reasonable on the surface.

#### KEY DATES

---

**Tue, 1 May** ♅ Pluto ☊ Opposition ♅ natal Pluto

♆ Neptune ☐ Square ♃ natal Mercury

**Wed, 2 May** ♃ Mercury stations Retrograde

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

**Sun, 6 May** ♂ Mars stations Direct

*Mars* stationing direct means **energy and drive return** after weeks of stalling, so projects you've been stuck on suddenly feel **pushable forward** again. The pattern is clearer now — you notice what actually works versus what was just spinning wheels, and **decisions become easier** because the confusion lifts. In practice, this is when people stop second-guessing themselves about what they want, start **acting on plans** they've been holding, and arguments that felt circular finally move toward resolution or a clean break.

**Wed, 9 May** ♀ Venus enters ♊ Gemini

♆ Neptune ☊ Trine ♅ natal Pluto

♄ Chiron ✳ Sextile ♃ natal Mercury

*Venus* in *Gemini* makes people **more talkative and curious** about the people around them, so conversations feel lighter and flirtation happens more easily. At work and in friendships, you'll notice **shorter attention spans** — everyone wants variety instead of depth, which means plans change faster and people juggle multiple projects or interests at once. This transit typically brings **less commitment** to big decisions about money or relationships, so it's a better time to explore options than to lock anything down.

**Fri, 11 May** ♅ Pluto stations Retrograde

When *Pluto* stations retrograde, expect **delays or reversals** in situations involving power, money, or control — contracts may stall, workplace dynamics shift, or financial decisions get reconsidered. *Pluto* retrograde typically brings **hidden information to light**, so old problems resurface and you notice patterns you missed before, especially around who has influence over what. Over the next months, **internal work matters more than external action** — pushing hard on big changes usually backfires, but reviewing past choices and adjusting your approach actually works.

**Mon, 14 May** New Moon in Taurus

**Sun, 20 May** ♄ Chiron ☐ Square ♅ natal Pluto

♃ Jupiter ☊ Trine ☿ natal Uranus

♁ NNode ☐ Square ♆ natal Neptune

**Mon, 21 May** ☉ Sun enters ♊ Gemini

♆ Neptune ☊ Trine ♅ natal Pluto

*Sun* in *Gemini* brings a **shift toward curiosity and talking things through** — you'll notice people asking more questions, starting conversations they'd normally skip, and wanting to understand how things work. At work and in relationships, **communication becomes easier and faster**, though the downside is that people scatter their attention across more projects and topics than they can actually finish. **Short trips, emails, and quick decision-making** pick up noticeably during this month, so if you've been putting off organizing your schedule or catching up with contacts, this is when that restless energy makes it feel natural.

**Sat, 26 May** ♄ Mercury stations Direct

*Mercury* stationing direct means **conversations and decisions that felt stuck** will start moving again, and you'll notice **clarity returning** to emails, plans, and talks that were confusing before. At work and in daily life, **miscommunications often resolve themselves** once this station passes, and people tend to follow through on things they'd postponed. Over the next few days, **information you've been waiting for** usually arrives, and you'll feel ready to **commit to choices** you'd been sitting on.

**Sun, 27 May** Full Moon in Sagittarius

**Mon, 28 May** ♄ Chiron ☐ Square ♃ natal Pluto
