## KEY TRANSIT FACTORS

### ♅ Uranus △ Trine ♄ natal Chiron · peak 1 Feb ★

Right now you find it easier to **talk about things that usually stay hidden**, and people respond well when you do. Your practical understanding of what went wrong in past situations sharpens, letting you explain your own patterns without judgment. Over the coming weeks this shift in clarity can help you move through old hurts in a straightforward way rather than getting stuck in them.

### ♄ Saturn qx Quincunx ☾ natal Moon · peak 28 Feb ★

These days you feel a mismatch between what you need emotionally and what your life is actually set up to give you. You might find yourself feeling restless or slightly out of sync in your daily routines, or noticing that **your usual comfort strategies stop working the way they normally do**. Over the coming weeks, small adjustments to how you manage your time or handle responsibilities may help you feel more settled again.

### ♅ Uranus △ Trine ♃ natal Jupiter · peak 1 Feb ★

You are feeling unusually **open to new possibilities** and willing to try things you normally wouldn't consider. Your confidence is high right now, and you're noticing opportunities appear without you having to force them—people invite you to things, conversations lead somewhere unexpected, or a practical problem suddenly has a solution you hadn't seen before. This period supports taking calculated risks or making changes you've been thinking about, because your instinct for what will actually work is sharp.

### ♄ Saturn ∟ Semi sextile ☉ natal Sun · peak 28 Feb ★

Right now you find it easier to follow through on commitments without burning out, because a quiet steadiness is backing your efforts. Your confidence stays realistic instead of swinging between overconfidence and doubt, which means you make **fewer impulsive decisions** and actually stick to what matters. This is a practical window where showing up consistently—at work, in your relationships, or on personal goals—feels natural and manageable rather than forced.

### ♁ NNode ♀ Opposition ☉ natal Sun · peak 5 Feb

Right now you're running into people and situations that challenge who you think you are. You feel **pulled in two directions**—between what feels familiar and comfortable about yourself versus what others expect from you or what new circumstances demand. This friction can make you feel defensive or uncertain, but it's forcing you to figure out which parts of your identity are actually yours and which ones you've just been carrying around.

### ♆ Neptune □ Square ☿ natal Mercury · peak 1 Feb

Your thinking feels foggy right now, and you struggle to organize your thoughts into clear sentences or plans. You may say things you don't fully mean, misunderstand what others are telling you, or find yourself **second-guessing decisions** you would normally make quickly. Over the coming weeks, you will need to double-check important information and avoid signing contracts or making commitments until this confusion lifts.

#### ♃ Jupiter △ Trine ♀ natal Venus · peak 6 Feb

Right now you're naturally more **generous and open-handed** with people around you, and they notice. You find it easier to say yes to invitations, spend money on things that bring you joy, and let others see you enjoying yourself without guilt. This practical shift in how you move through social situations tends to bring more warmth back to you from the people in your life over these coming weeks.

#### ♃ Jupiter □ Square ♂ natal Mars · peak 18 Feb

Right now you are more likely to **overcommit and overestimate what you can actually do**, which leaves you frustrated when reality doesn't match your ambition. Your impatience is higher than usual, so small delays or obstacles feel like major blocks, and you may snap at people or push harder than makes sense. Over the coming weeks, learning to slow down and check your assumptions before acting will help you avoid wasting energy on projects that won't actually work out.

#### ♇ Pluto ♂ Opposition ♇ natal Pluto · peak 1 Feb

Right now you are facing **resistance to your usual ways of controlling situations**, and this can feel frustrating or even threatening. People around you may be pushing back harder than usual, or circumstances may force you to give up plans you had locked down. Over the coming weeks, you will have to work with less certainty and accept that some things are outside your grip, which is uncomfortable but teaches you where you actually have influence.

#### ♄ Chiron \* Sextile ♿ natal Mercury · peak 28 Feb

Right now you're finding it easier to talk about things that normally feel awkward or painful, and people respond well to your honesty. Your **ability to explain difficult feelings in clear, straightforward language** is sharper than usual, which helps you connect with others without getting stuck in defensiveness. Over the coming weeks, conversations that might have been tense instead become a chance to actually understand each other better.

#### ♄ Saturn ∟ Semi sextile ♃ natal Uranus · peak 1 Feb

These days you find it easier to act on your unconventional ideas without feeling rushed or reckless about them. Your **natural caution helps you test new approaches before committing fully**, which means your experiments with different ways of doing things actually stick around. Over the coming weeks, this steadier pace lets you build something real from the innovations you've been wanting to try.

#### ♆ Neptune △ Trine ♇ natal Pluto · peak 28 Feb

You're finding it easier to let go of situations that no longer serve you without drama or resistance right now. Your practical instincts are sharper about which changes are worth making and which problems will solve themselves if you stop pushing. *Neptune* trine *Pluto* gives you a **calm acceptance of transformation** that makes difficult decisions feel less like crises and more like natural course corrections.

#### ♁ NNode ♂ Conjunction ☾ natal Moon · peak 28 Feb

These days you are drawn to people and situations that feel more emotionally familiar or aligned with who you want to become. You may find yourself **seeking out relationships or groups** that reflect your values more closely, or noticing which connections actually support you. This pull toward authenticity in your social life is likely to last several weeks as the *North Node* activates your *Moon*.

#### ♁ NNode ♁ Quincunx ♄ natal Saturn · peak 1 Feb

Right now you are noticing a mismatch between what you feel you should do and what actually works in your life, which makes **decision-making feel awkward and slow**. You might find yourself second-guessing practical choices or feeling like the obvious path forward has a hidden complication you cannot quite name. Over the coming weeks, the best approach is to sit with this discomfort rather than push through it—your instincts are picking up on something real that needs attention.

#### ♄ Saturn ♁ Quincunx ♃ natal Jupiter · peak 1 Feb

Over the coming weeks, you feel caught between wanting to expand your plans and a nagging sense that something needs tightening up. You find yourself **second-guessing decisions you would normally make quickly**, asking practical questions about timelines and resources that didn't occur to you before. This mismatch between your optimism and your caution isn't comfortable, but it often leads to better-prepared choices once you sit with the discomfort.

## LUNATIONS

---

● New Moon · Sunday, 3 Feb

in ♒ Aquarius

innovation, social ideals, future direction

in H6 — Health & Service

Your daily routines and health habits are ready for a reset. This lunation opens a new cycle around **work, service, and physical wellbeing** — an ideal moment to start a new diet, organize your work environment, or establish habits that will support your energy long-term. Small, consistent changes begun now will compound into significant improvements. Pay attention to your body's signals and don't dismiss minor issues before they develop further.

○ Full Moon · Sunday, 17 Feb

in ♌ Leo

recognition, drama, creative culmination

in H12 — Inner Life & Solitude

Something hidden is surfacing. This full moon illuminates **the private, unconscious, and carefully concealed aspects of your life** — old emotional patterns, self-sabotaging habits, or matters you've kept from even yourself. This is one of the most psychologically significant lunations and often coincides with a release of something that has been draining you in private. What comes to light now, though it may be uncomfortable, ultimately creates space for genuine renewal.

#### KEY DATES

**Fri, 1 Feb** ♃ Neptune □ Square ♃ natal Mercury

♅ Pluto ♂ Opposition ♅ natal Pluto

♁ Uranus △ Trine ♃ natal Chiron

**Sun, 3 Feb** New Moon in Aquarius

**Tue, 5 Feb** ♋ NNode ♂ Opposition ☉ natal Sun

**Wed, 6 Feb** ♃ Jupiter △ Trine ♀ natal Venus

**Sat, 9 Feb** ♃ Mercury enters ♋ Aquarius

*Mercury in Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

**Mon, 11 Feb** ♃ Neptune □ Square ♃ natal Mercury

♁ Uranus △ Trine ♃ natal Chiron

♅ Pluto ♂ Opposition ♅ natal Pluto

**Sun, 17 Feb** Full Moon in Leo

♃ Chiron \* Sextile ♃ natal Mercury

**Mon, 18 Feb** ♃ Jupiter □ Square ♂ natal Mars

♋ NNode ♂ Opposition ☉ natal Sun

**Tue, 19 Feb** ☉ Sun enters ♋ Pisces

*The Sun* moving into *Pisces* shifts attention toward **listening and flexibility** for the next month, making people naturally more **willing to adjust plans** instead of pushing forward rigidly. At work and in relationships, you'll notice others become **harder to pin down** — deadlines slip, people change their minds, and vague agreements replace firm commitments, which requires patience rather than frustration. *Pisces* season softens the usual drive to compete or win, so **collaboration and going with the flow** tend to work better than direct pressure during this time.

**Thu, 21 Feb** ♁ Uranus stations Direct

*Uranus* turning direct after months backward means **stuck situations finally shift** — delays in tech, contracts, or unusual projects resume their forward motion. What felt **blocked or confusing** about your routines, friendships, or work systems becomes **clearer to act on** now that the planet moves the way it normally does. Most people notice they can **make real changes** instead of just thinking about them, whether that's switching jobs, updating systems, or ending relationships that went nowhere during the retrograde.

**Mon, 25 Feb** ♃ Jupiter □ Square ♂ natal Mars

**Wed, 27 Feb** ♃ Mercury enters ♋ Pisces

*Mercury in Pisces* makes your thinking **slower and less direct** — you'll notice yourself taking longer to find the right words, or changing your mind mid-conversation. In work and daily tasks, this transit rewards **intuition and pattern-spotting** over step-by-step logic, so you might solve problems by sensing what feels right rather than working through details. Relationships often improve because you're more **willing to listen without interrupting** and pick up on what people aren't saying aloud, though you may struggle to explain your own point clearly.

**Thu, 28 Feb** ♂ Mars enters ♈ Aries

♃ Chiron \* Sextile ♃ natal Mercury

♃ Neptune △ Trine ♅ natal Pluto

♋ NNode ♂ Conjunction ☾ natal Moon

*Mars in Aries* brings **directness and speed** to how people push for what they want, whether at work or in conversations. You'll notice people **act faster** on decisions and speak up more bluntly instead of holding back, which can get things done quickly but also create friction if someone feels steamrolled. In practical terms, this is when **competition heats up** — at

the gym, in meetings, on projects — and people have less patience for delays or obstacles.
