KEY DATE

☿ Mercury stations Retrograde

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

KEY TRANSIT FACTORS

♂ Mars qx Quincunx ♀ natal Venus

These days you feel **restless in your relationships and attractions**, as if what usually satisfies you no longer fits quite right. Your desires and your actions keep pulling in different directions, so you end up pursuing what you want in awkward or roundabout ways. Over the coming weeks, you may notice you're making social or romantic moves that feel off-timing, or you're frustrated because your energy doesn't match what your heart actually needs.

☿ Mercury Δ Trine ♃ natal Jupiter

These days you find it easier to explain what you actually think, and people tend to listen without getting defensive. Your mind feels **naturally clear and generous**, so you're more likely to ask good questions and give others the benefit of the doubt when you talk. Over the coming weeks, conversations that normally feel strained or circular often just work out, which can smooth things at work or in your relationships.

♇ Pluto ♂ Conjunction ♁ natal Chiron

You are becoming aware of old hurts or weak points in yourself that you have carried for years without noticing them much. **You feel motivated to examine these painful patterns closely** rather than ignore them as you normally do. This psychological pressure can be uncomfortable right now, but it is showing you exactly where you need to do real work on yourself over the coming weeks.

♄ Saturn ♂ Opposition ♀ natal Venus

Right now you feel less interested in socializing and more critical of the people close to you, which can make relationships feel colder or more distant than usual. You may notice yourself **pulling back from affection** or feeling reluctant to spend money on things that normally bring you pleasure. These days the cost of maintaining connections feels heavier, and you might question whether certain friendships or partnerships are actually worth the effort.

♂ Mars Δ Trine ♃ natal Uranus

Right now you're willing to take risks in practical ways that normally feel too uncomfortable, and it's working out. You act on unconventional ideas quickly without overthinking them, and this **decisive independence** is getting real results. Over the coming weeks, trust that your instinct to break routine and try something different is actually reliable, not reckless.

♿ Mercury Rx · ♍ Virgo

Your attention sharpens on errors and inefficiencies right now, sometimes to the point of paralysis. Details that were overlooked resurface, and work or health plans made earlier may need correction. This period rewards meticulous review but punishes perfectionism that prevents completion.

☉ Sun ☐ Square ☿ Uranus

Right now you are more **restless and impatient with routine**, which makes it harder to stick to normal responsibilities or follow through on what you started. You want to break free from constraints, but the practical world does not cooperate, so you feel trapped between what you want to do and what you have to do. This psychological friction can push you toward reckless decisions if you do not find a safe outlet for the urge to rebel.

☉ Sun ▲ Trine ♆ Neptune

These days you feel **more comfortable being yourself around others** without needing to explain or defend who you are. People respond better to you right now because you're relaxed enough to listen to what they actually need instead of pushing your own agenda. This period favors creative work, gentle conversations, and situations where you can help someone without it costing you anything.

☉ Sun * Sextile ♇ Pluto

These days you find it easier to **spot what needs to change** in your life without feeling overwhelmed by it. The practical support between *Sun* and *Pluto* means you can see problems clearly and actually do something about them instead of avoiding them. This is a good window for tackling projects that require focus and honesty about what's really going on.

LUNAR DAY

Moon in ♌ Leo · Day 2 / 30 · New Moon

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
