## KEY DATE

### ♂ Mars enters ♉ Taurus

*Mars* in *Taurus* slows down your usual pace, and you'll notice yourself **taking longer to make decisions** at work or in projects — this isn't laziness, it's just how this transit works. In relationships and money matters, people often become **more stubborn about what they want**, and arguments tend to drag on instead of resolving quickly because nobody wants to budge. Most people find their **physical energy shifts toward steady effort** rather than bursts of speed, so this is actually a good time to build habits, save money, or work on something that needs patience rather than fast action.

## KEY TRANSIT FACTORS

### ♂ Mars ☐ Square ♅ natal Uranus

You're more likely to act without thinking these days, especially when someone tells you what to do. The gap between what you want and what you're actually doing widens fast, and you feel **restless and impatient with normal routines**. Over the coming weeks, small frustrations can turn into sudden arguments or reckless decisions that create real problems at work or in your relationships.

### ☿ Mercury △ Trine ♃ natal Jupiter

These days you find it easier to explain what you actually think, and people tend to listen without getting defensive. Your mind feels **naturally clear and generous**, so you're more likely to ask good questions and give others the benefit of the doubt when you talk. Over the coming weeks, conversations that normally feel strained or circular often just work out, which can smooth things at work or in your relationships.

### ♃ Jupiter △ Trine ☿ natal Mercury

Right now your thinking is clearer than usual and you find it easier to explain what you mean to other people. You're picking up on details and patterns you normally miss, which helps you solve problems faster and make better decisions in practical situations. This is a good time to write, teach, negotiate, or learn something new because your mind is working **with less friction** and your words land better with others.

### ☿ Mercury qx Quincunx ♇ natal Pluto

Right now your mind is picking up on uncomfortable truths that you normally ignore, and you feel compelled to talk about them even though it makes conversations awkward. You may notice **your words come across more bluntly than usual**, especially about other people's behaviour or secrets, which can create friction in relationships. Over these coming weeks, you'll do better if you pause before speaking and ask yourself whether what you're about to say actually needs to be said right now.

♆ Neptune ☾ Semi sextile ☉ natal Sun

Right now you're picking up on subtle signals from people around you that you usually miss, and this makes your conversations feel more genuine. You're less interested in surface-level small talk and more drawn to **deeper listening**, which helps others open up to you naturally. Over the coming weeks, this softer attention to what's unspoken can actually improve your relationships and help you spot opportunities that depend on reading between the lines.

♃ Jupiter Rx · ♎ Libra

The growth of partnerships and social connections pauses for internal review during this period. Beliefs about fairness, collaboration, and what constitutes a good agreement are being quietly re-examined. Clarifying what you genuinely want from close relationships matters more right now than what seems reasonable on the surface.

♄ Saturn Rx · ♎ Libra

Commitments, contracts, and relationship structures are being reviewed for their genuine fairness and sustainability. Long-standing agreements that have been tolerated rather than honored may surface for honest reassessment. This period asks you to hold yourself to the same standards you expect from others.

☉ Sun ♂ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun ☿ Quincunx ♃ Jupiter

These days you feel pulled between wanting to take action and doubts about whether you're doing enough, which can leave you **restless and second-guessing your choices**. Your confidence in what you're doing right now doesn't quite match what you think you should be doing, so you might start something and then hesitate or change direction. This mismatch between your actual situation and your sense of what's possible tends to create practical friction rather than clear obstacles.

LUNAR DAY

Moon in ♏ Capricorn · Day 21 / 30 · Waning Gibbous

**Focus narrows toward responsibilities** and unfinished obligations during this transit, with less tolerance for distraction or small talk. The emotional tone becomes more reserved and measured for the next 48 hours.
