## KEY TRANSIT FACTORS

### ☉ Sun ☐ Square ☉ natal Sun

Right now you're running up against your own limits in ways that feel uncomfortable and direct. You may notice yourself **pushing harder on goals that aren't moving**, or running into resistance from people who usually support you. This friction is real, not imaginary—your confidence is lower than usual, and small setbacks land harder, so this is a good time to slow down and reassess rather than force things forward.

### ♁ Chiron ☐ Quincunx ♊ natal NNode

Over the coming weeks, you feel pulled in two directions about your social role and where you fit in. You notice yourself second-guessing decisions about groups or communities you belong to, even though you usually know what you want. This **uncomfortable self-doubt** is temporary, and it often signals that some adjustment to how you present yourself socially is actually needed.

### ♃ Jupiter ☌ Conjunction ♊ natal NNode

Over the coming weeks, you're likely to **say yes to opportunities that normally wouldn't interest you**, and many of them will turn out better than expected. People seem to trust you more easily right now, which makes networking and making new contacts feel natural rather than forced. This is a practical window to expand your professional circle or take on projects that stretch your skills in ways you've wanted to for a while.

### ☿ Mercury ☐ Square ☉ natal Sun

Right now you're likely to **second-guess your own opinions** and struggle to communicate what you actually think. People may misunderstand your words or you may find yourself contradicting yourself mid-conversation, which creates friction with others. Over the coming weeks, you'll need to slow down before speaking and accept that getting your point across will take more effort than usual.

### ♄ Saturn ☌ Conjunction ♁ natal Chiron

Right now you are **taking your old hurts more seriously** instead of brushing past them. You might find yourself wanting to understand where your sensitivities came from, or noticing that certain situations trigger you in ways you have not examined before. This period asks you to stop and look at what actually bothers you, rather than just moving forward as you normally do.

### ☿ Mercury Rx · ♎ Libra

Relationship negotiations, contracts, and pending decisions become tangled right now. You may revisit agreements or feel pressure to reconsider commitments you thought were settled. Avoid finalizing important partnerships or legal matters until Mercury stations direct — clarifying existing arrangements is more productive.

### ☉ Sun ☌ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun \* Sextile ♂ Mars

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

☉ Sun ☊ Conjunction ♃ Jupiter

Right now you feel more confident about your abilities and less worried about what could go wrong. You are **more willing to take on bigger challenges** and speak up in situations where you normally stay quiet. This period tends to bring real opportunities your way because you are actually showing up differently, not because of luck.

LUNAR DAY

Moon in ♋ Cancer · Day 21 / 30 · Waning Gibbous

Sensitivity to tone and atmosphere runs higher than usual over the next 48 hours, making small remarks feel more significant than intended. **The draw toward home, familiar food, and trusted people** dominates most decisions.
