KEY TRANSIT FACTORS

☿ Mercury ☌ Conjunction ♃ natal Jupiter

You're thinking in bigger pictures right now, and your conversation becomes more persuasive and generous with ideas. People want to listen to you because you're offering something useful, not just speaking for the sake of it. This **optimistic and expansive way of communicating** can open doors in your work or social life over the coming weeks.

♇ Pluto △ Trine ♀ natal Venus

You find it easier to say what you actually want in your relationships right now, and people respond well to your honesty. Your **natural magnetism increases** — you draw others toward you without trying hard or performing. Over the coming weeks, connections deepen because you're showing up as yourself, and that authenticity makes a real difference in how people treat you.

☿ Mercury ∟ Semi sextile ♇ natal Pluto

While this lasts, you naturally ask better questions when something feels off, and people respond by being more honest with you. Your mind works at **spotting what's really going on beneath the surface**, whether in a conversation or a situation, without needing to force it. This gives you an edge in problem-solving and helps you understand others more clearly over the coming weeks.

☉ Sun * Sextile ♁ natal Chiron

These days you find it easier to talk about your past difficulties without getting stuck in them or feeling ashamed. You're **more willing to help others with their problems** because you can see how your own hard experiences actually taught you something useful. This period brings a practical confidence that lets you turn what once hurt you into real advice people actually want to hear.

♃ Jupiter ∟ Semi sextile ☾ natal Moon

You find it easier to ask for what you need right now, and people tend to respond well when you do. Your mood is steadier than usual, which makes **speaking up about emotional concerns feel less risky**. Over the coming weeks, small conversations that might normally feel awkward often lead to genuine support instead.

☉ Sun * Sextile ♂ Mars

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

☉ Sun ∟ Semi sextile ♄ Saturn

These days you find it easier to stick with practical commitments without feeling weighed down by them. **You can be disciplined and follow through** on plans while still enjoying the process instead of resenting it. The light touch between *Sun* and *Saturn* means your natural confidence supports your ability to work steadily toward real goals.

☉ Sun ♂ Conjunction ♅ Uranus

At the moment, you feel **restless and impatient with routines that normally work fine**. You might suddenly want to change something about how you look, where you work, or how you spend your time, even if there's no real problem. This push to break free or do something different is normal right now, so notice what you actually want to change versus what's just nervous energy looking for an outlet.

LUNAR DAY

Moon in ♑ Capricorn · Day 2 / 30 · New Moon

Focus narrows toward responsibilities and unfinished obligations during this transit, with less tolerance for distraction or small talk. The emotional tone becomes more reserved and measured for the next 48 hours.
