## KEY TRANSIT FACTORS

### ♊ NNode ☿ Quincunx ♁ natal Chiron

Over the coming weeks, you may notice that **old insecurities are surfacing in new situations**, especially when you are trying something unfamiliar. You feel aware of your weak spots but also slightly out of sync with how to address them. This mismatch between knowing what bothers you and knowing how to move forward can make practical decisions feel awkward or indirect.

### ♁ Chiron ☿ Quincunx ♂ natal Mars

Right now you're noticing that your usual way of pushing forward doesn't feel quite right, and small physical frustrations keep showing up where you'd normally feel confident. Your body might feel slightly off-beat with what your mind wants to do, making you **more aware of how you move and act** than usual. Over the coming weeks, this mismatch between intention and execution can actually help you spot habits that have been holding you back if you pay attention to what feels clunky.

### ♃ Jupiter △ Trine ♂ natal Mars

Right now you feel **more capable and willing to take action** on things you have been putting off. Your confidence in your own abilities is higher than usual, and you find yourself moving forward without the self-doubt that normally holds you back. Over the coming weeks, this is a good window to start a physical project, sign up for something challenging, or push for what you actually want instead of settling.

### ☿ Mercury △ Trine ♂ natal Mars

Your mind works faster than usual right now, and you naturally pick the most direct way to say what you think. You get things done without overthinking because your words and actions line up perfectly. This is a good time to have difficult conversations or push a project forward since you come across as clear and confident.

### ♄ Saturn ∟ Semi sextile ♆ natal Neptune

Right now you find it easier to **turn vague ideas into concrete plans** without losing the creative spark. Your imagination doesn't disappear—instead it becomes practical, helping you sketch out what actually needs to happen next. Over the coming weeks, this steadiness makes you more likely to follow through on things you usually abandon halfway.

### ♂ Mars Rx • ♈ Aries

Drive and initiative are available but misfire easily right now. You may start things with conviction and then lose momentum, or feel frustrated that effort does not produce the results it normally would. Avoid starting major new projects; redirecting existing efforts is more productive than launching fresh ones.

### ☉ Sun ☿ Quincunx ♂ Mars

At the moment, you feel driven to act but something keeps pulling your attention in a different direction, making it hard to move forward with any single plan. Your usual way of doing things no longer feels quite right, and you have to keep adjusting your approach as you go. This mismatch between what you want to do and what actually works creates a practical friction that requires patience and small corrections rather than big changes.

☉ Sun △ Trine ♆ Neptune

These days you feel **more comfortable being yourself around others** without needing to explain or defend who you are. People respond better to you right now because you're relaxed enough to listen to what they actually need instead of pushing your own agenda. This period favors creative work, gentle conversations, and situations where you can help someone without it costing you anything.

☉ Sun \* Sextile ♇ Pluto

These days you find it easier to **spot what needs to change** in your life without feeling overwhelmed by it. The practical support between *Sun* and *Pluto* means you can see problems clearly and actually do something about them instead of avoiding them. This is a good window for tackling projects that require focus and honesty about what's really going on.

LUNAR DAY

Moon in ♊ Gemini · Day 24 / 30 · Last Quarter

**Social activity picks up** for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.
