KEY TRANSIT FACTORS

☾ Moon * Sextile ☉ natal Sun ★

You feel **more comfortable with yourself** right now, which makes it easier to speak up in conversations and take small actions you have been putting off. Your mood is steady enough that you can actually listen to other people instead of getting caught up in your own concerns. While this *Moon sextile Sun* lasts, things that usually feel difficult—like asking for help or sharing what you think—feel more natural.

☾ Moon * Sextile ♆ natal Neptune ★

Your **intuition about other people becomes unusually reliable** right now, and you pick up on what's really going on beneath the surface without needing explanations. You feel more patient with emotional mess, both your own and others', because you're naturally more accepting of complicated feelings. These days you can actually listen without trying to fix or judge, which makes people around you relax and open up more than usual.

♇ Pluto ∟ Semi sextile ♃ natal Jupiter ★

Over the coming weeks, you feel quietly **more willing to take practical steps toward your goals** without the usual second-guessing. *Pluto* is softly encouraging *Jupiter's* natural optimism, so small efforts you make tend to compound into real progress. This is a good time to act on plans you've been sitting with, because your confidence and follow-through are aligned right now.

♇ Pluto * Sextile ☿ natal Mercury ★

Your thinking becomes **sharper and more penetrating** while *Pluto* supports your *Mercury* right now. You naturally spot patterns others miss and can ask the questions that get to the real issue in conversations or problems. This clarity lasts for weeks and helps you communicate about difficult topics with unusual directness and honesty.

♆ Neptune ♂ Conjunction ☉ natal Sun ★

You are less certain about who you are right now, and that shows in how you present yourself to others. Your usual sense of direction feels fuzzy, and you might find yourself **blending in with whatever group you're around rather than standing out**. Over the coming weeks, people may see you as more flexible or dreamy than usual, and you may struggle to remember what you actually want separate from what others want.

☉ Sun Δ Trine ♅ Uranus

Right now you feel comfortable taking risks that normally make you anxious, and **you speak up about ideas you'd usually keep quiet**. Other people seem more receptive to what you have to say, and conversations naturally veer toward what could happen instead of what has always happened. This is a good time to propose changes at work, try something new socially, or make a practical decision you've been putting off.

› Moon ☐ Square ♀ Venus

Right now your **emotional needs feel at odds with what you actually want** — you might crave closeness but feel irritable when someone gets near, or want to be alone but then feel rejected. This mismatch between *Moon* and *Venus* makes it harder to communicate what you need without sounding demanding or cold. Over the coming weeks, pay attention to these moments so you can spot the pattern and name it out loud before resentment builds up.

› Moon ♂ Opposition ♂ Mars

Right now your **irritability is running high** and small annoyances feel like major problems. People around you seem to trigger you faster than usual, and you may snap at them or pick fights without meaning to. These days the gap between what you feel and what you're actually able to do creates real frustration, so patience is thin on the ground for everyone.

LUNAR DAY

Moon in ♋ Pisces · Day 24 / 30 · Last Quarter

The boundary between personal and environmental moods blurs during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.
