♁ North Node	in ♎ Libra	21°38'59"	V Rx
♁ Lilith	in ♋ Cancer	12°09'40"	II

KEY TRANSIT FACTORS

☿ Mercury ☌ Conjunction ♅ natal Uranus ★

Your mind is working faster than usual right now, and you're noticing patterns and connections that normally escape you. You might **jump between topics in conversation** or feel restless with routine explanations, wanting to dig into unusual angles instead. These days your thinking is sharp but scattered, so expect your focus to drift unless you deliberately channel this mental energy into something that genuinely interests you.

☿ Mercury ∟ Semi sextile ♀ natal Venus ★

Over the coming weeks, you find it easier to say what you actually appreciate about people instead of keeping quiet. Your conversations flow more naturally when you're being genuine about what matters to you. This small shift in how you communicate makes your relationships feel a bit warmer and less guarded.

☉ Sun ☌ Conjunction ♆ natal Neptune ★

Right now you're more **drawn to imagination and possibility than to facts**, which can make practical tasks feel boring or pointless. You might find yourself daydreaming at work, losing track of time, or making decisions based on how something feels rather than what actually makes sense. These few weeks are a good time to create or reflect, but a poor time to sign contracts or commit to concrete plans without checking the details twice.

☾ Moon ☌ Quincunx ☾ natal Moon

At the moment your emotional reactions feel slightly out of step with what your surroundings actually call for. You might find yourself **feeling restless or defensive in situations that don't warrant it**, or staying calm when something genuinely bothers you. Over the coming weeks, small adjustments to how you respond—pausing before reacting, checking in with yourself about what you actually need—will smooth things out considerably.

☾ Moon ☐ Square ♄ natal Saturn

Right now you feel **emotionally heavy and withdrawn**, as if your normal mood swings have turned sluggish and grey. You notice yourself avoiding people, cancelling plans, and sitting with feelings of inadequacy that feel hard to shake. Over the coming weeks, this low mood will likely push you to look honestly at what you actually need instead of what you think you should want.

☉ Sun ☌ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun ☐ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. *Sun* square *Jupiter* pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

☾ Moon ☌ Opposition ♀ Venus

At the moment, you feel disconnected from what usually makes you happy, and this can push you toward picking fights or withdrawing from people you care about. Your emotional needs and what others want from you are pulling in opposite directions, so small frustrations in relationships tend to blow up. This friction is real—use it to notice where you are actually unhappy rather than blaming the other person.

★ = natal resonance — this transit echoes your birth chart, amplifying its influence

LUNAR DAY

Moon in ♊ Gemini · Day 12 / 30 · Waxing Gibbous

Social activity picks up for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.

CLOTHING & JEWELRY

Tuesday · ♂ Mars · Venus in Pisces

Tuesday is ruled by Mars — bold red, burgundy, or deep crimson channel the day's active energy. Ruby or garnet worn close to the body strengthens initiative and courage.
