KEY DATE

♄ Saturn enters ♊ Gemini

When *Saturn* enters *Gemini*, you'll notice **communication feels slower and more deliberate** — emails need more thought, conversations require patience, and quick decisions become harder to make. At work and in relationships, people tend to **take words seriously**, so careless remarks cause real friction, while clear agreements actually stick better than before. Over the next few years, **learning new skills takes real effort**, but anything you actually finish — a course, a certification, better listening habits — tends to last because you're forced to do the work properly.

KEY TRANSIT FACTORS

♀ Venus ☐ Square ♇ natal Pluto ★

Right now you may feel drawn into relationships or situations where you want more control than is realistic, and you become frustrated or resentful when you cannot have it. Your **need to dominate or possess** shows up in your romantic life and friendships, creating tension with people who sense your intensity. Over the coming weeks, this pattern will likely push others away unless you notice it and step back from trying to reshape them.

♄ Saturn △ Trine ♁ natal Uranus

Right now you find it easier to turn your unusual ideas into actual plans that work. You can **think in practical steps** without losing what makes your vision interesting or different. This period is ideal for starting projects that need both creativity and solid organization, because your brain is naturally balancing both at once.

☿ Mercury ☉ Opposition ♂ natal Mars

Right now you're more likely to say things you regret, especially when someone disagrees with you or moves too slowly. Your **impatience with others' words and ideas** is heightened, making conversations feel combative even when they don't need to be. Over the coming weeks, watch for a pattern where you interrupt, argue about details, or push your point too hard instead of listening.

♂ Mars ☉ Opposition ♂ natal Mars

You're running into more resistance than usual right now, whether from other people or from your own body pushing back against what you want to do. **Your natural drive feels blocked or opposed at every turn**, making even simple tasks feel like you're fighting an invisible force. Over the coming weeks, this clash between what you want and what's actually possible will force you to get honest about whether your goals are realistic or whether you're trying to bulldoze your way through something that needs a different approach.

♄ Saturn ☐ Square ♀ natal Venus

Right now you feel **withdrawn and critical** about your relationships, noticing flaws that bother you more than usual. People may seem demanding or disappointing, and you're less interested in socializing or physical affection during this period. This temporary hardness comes from *Saturn* pressing on your *Venus*, making emotional closeness feel like work rather than pleasure.

☉ Sun ☉ Opposition ♁ Uranus

Right now you feel a strong urge to break free from rules or routines that usually work fine, and this creates real friction with people around you. You might act impulsively or reject advice you would normally follow, making **sudden decisions without thinking through the practical consequences**. This period brings frustration because what you want to do conflicts with what actually needs to happen, and ignoring either side leaves you stuck.

› Moon ☾ Quincunx ♄ Saturn

These days you might feel **emotionally restless without knowing exactly why**, as if something needs fixing but you cannot quite identify what. Your practical side wants to organize your feelings into a manageable system, yet your emotional needs keep shifting underneath whatever plan you make. This mismatch between what you feel and what you think should happen creates a low-level frustration that pushes you to keep adjusting your approach until something finally clicks.

› Moon ☾ Quincunx ♁ NNode

Right now you feel pulled in two directions emotionally—what you want to do clashes with what you think you should be doing. You might notice yourself hesitant in social situations or unsure how to express what you actually need. This mismatch between your gut feelings and your sense of direction will ease once you stop trying to force alignment and just observe the conflict without judgment.
