KEY TRANSIT FACTORS

♃ Jupiter △ Trine ♂ natal Mars

Right now you feel **more capable and willing to take action** on things you have been putting off. Your confidence in your own abilities is higher than usual, and you find yourself moving forward without the self-doubt that normally holds you back. Over the coming weeks, this is a good window to start a physical project, sign up for something challenging, or push for what you actually want instead of settling.

♅ Uranus * Sextile ♃ natal Jupiter

These days you're spotting opportunities that other people miss, and you have the confidence to act on them without overthinking. You feel **more willing to take calculated risks** in practical matters like work or finances, and things that seemed impossible a few weeks ago suddenly feel doable. This is a good time to pitch ideas, pursue opportunities you've been curious about, or make changes that align better with what you actually want.

☾ Moon ♂ Conjunction ♂ natal Mars

Right now you feel **more direct and impatient** than usual, and you're likely to say what you actually think instead of holding back. Your emotional reactions are faster and stronger, so small frustrations can suddenly feel urgent. Over the coming weeks, this makes you either get things done quickly or start arguments you wouldn't normally pick, depending on what's happening around you.

♇ Pluto ∟ Semi sextile ☾ natal Moon

Over the coming weeks, you're finding it easier to **notice what you actually need emotionally** instead of ignoring it or pushing through. Small practical changes—like setting a boundary with someone or rearranging your daily routine—feel less exhausting because you're clearer about what matters to you. This shift gives you a steadier sense of control over your own life without needing to overhaul everything at once.

♁ NNode ⋈ Quincunx ♇ natal Pluto

Over the coming weeks, you may feel pulled in two directions when it comes to control and letting go. You want to move forward in a new direction but find yourself **reluctant to release old patterns** that feel familiar. This discomfort is real, and pushing too hard to change things quickly will only create more friction with yourself.

☉ Sun □ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

☉ Sun △ Trine ♅ Uranus

Right now you feel comfortable taking risks that normally make you anxious, and **you speak up about ideas you'd usually keep quiet**. Other people seem more receptive to what you have to say, and conversations naturally veer toward what could happen instead of what has always happened. This is a good time to propose changes at work, try something new socially, or make a practical decision you've been putting off.

☉ Sun ♁ Opposition ♁ NNode

Right now you are **pulled between what feels safe and what pushes you forward**, and this friction makes decision-making harder than usual. You notice yourself either clinging to familiar routines or suddenly abandoning them, without finding a middle ground that actually works. Over the coming weeks, this disconnect between your comfort zone and growth will keep surfacing in practical situations, forcing you to pick a direction instead of staying stuck.

LUNAR DAY

Moon in ♒ Aquarius · Day 9 / 30 · First Quarter

Emotional detachment increases these days, making abstract discussions and group concerns feel more engaging than personal ones. People respond better to logic than to feeling right now, and the need for independence runs noticeably higher.
