KEY TRANSIT FACTORS

♄ Saturn * Sextile ♁ natal NNode

You are finding it easier to stick with commitments that actually matter to you right now, whether that's a project, a relationship, or a personal goal. **Your ability to follow through** feels natural instead of forced, and people around you notice you are more reliable than usual. This period gives you real momentum to build something solid that aligns with where you actually want to go.

☉ Sun qx Quincunx ☿ natal Mercury

While this lasts, you find it hard to explain what you actually mean, even though your thoughts feel perfectly clear inside your head. People misunderstand you more often than usual, and you might notice yourself **rephrasing things multiple times** without getting your point across any better. The mismatch between what you think and what comes out of your mouth will probably frustrate you until this period passes.

♆ Neptune Δ Trine ♁ natal NNode

While this lasts, you find it easier to **trust your instincts about which direction to take** in life, especially in areas where you've felt uncertain before. People around you respond well to your openness, and conversations flow naturally without you having to push or convince anyone of anything. This period softens the usual friction between what you want and what feels right, so you can move forward without second-guessing yourself.

☉ Sun qx Quincunx ♇ natal Pluto

Right now you feel pulled between wanting to take charge and sensing that things need to happen differently than you planned. You might notice yourself **pushing hard on something, then suddenly backing off** because you realize your approach isn't working. This awkward back-and-forth between your will and what the situation actually requires will ease once you stop fighting it and adjust your tactics instead.

☉ Sun Δ Trine ♀ natal Venus

Right now you find it easier to like yourself and feel comfortable in your own skin, which naturally makes other people want to be around you more. You're less critical of your flaws and **more accepting of who you are**, so conversations flow better and you come across as genuinely relaxed instead of trying too hard. This period is ideal for repair work in relationships, starting something new socially, or simply enjoying the company of people you care about without the usual second-guessing.

☿ Mercury Rx · ♋ Cancer

Your thinking turns inward and emotionally colored during this period, making objective analysis harder. Past conversations or unresolved family matters resurface and demand attention. Revisiting emotional decisions is more useful now than making new ones while this lasts.

♃ Jupiter Rx · ♏ Sagittarius

Beliefs, philosophies, and long-held worldviews are under more rigorous self-examination than usual right now. Optimism that has been unquestioned may suddenly reveal its assumptions. This period is genuinely useful for distinguishing between what you believe and what you actually know.

☉ Sun * Sextile ♂ Mars

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

☉ Sun ☌ Opposition ♇ Pluto

Right now you are more aware of what you cannot control, and this awareness makes you feel **powerless in situations where you normally feel in charge**. People around you may seem to be testing your authority or questioning your decisions in ways that feel personal. This period brings psychological friction because your sense of self is bumping up against forces larger than your willpower.

☾ Moon ☐ Square ♿ Mercury

Right now your **feelings and thoughts are working against each other**, making it hard to say what you actually mean. You might feel irritated or misunderstood because your emotions are moving faster than your ability to explain them. These days conversations tend to go sideways even when you're trying to be clear, because *Moon* and *Mercury* are pulling in opposite directions.

LUNAR DAY

Moon in ♎ Libra · Day 9 / 30 · First Quarter

The social atmosphere becomes more diplomatic during this transit, with more care taken to avoid unnecessary friction. Decisions slow down as multiple perspectives get weighed, and outright conflict feels harder to initiate than usual.
