KEY TRANSIT FACTORS

♂ Mars ☍ Opposition ♃ natal Jupiter

Right now you're likely to **overestimate what you can handle** and push too hard on multiple fronts at once. You feel driven to act on every impulse and opportunity, but this usually leads to scattered effort and exhaustion rather than real progress. Over the coming weeks, the gap between your confidence and your actual capacity becomes the main problem you're working against.

☾ Moon ☐ Square ☾ natal Moon

Right now your **moods are harder to predict and manage**, making it difficult to know what you'll feel from one hour to the next. People close to you may seem off or demanding in ways that irritate you more than usual, and you might find yourself defensive instead of open. Over the coming weeks, this restless feeling will push you to notice what you actually need emotionally, even if the process feels uncomfortable.

☾ Moon qx Quincunx ♄ natal Saturn

These days you feel out of sync between what you need emotionally and what your responsibilities demand. You might notice yourself **starting tasks but struggling to finish them**, or feeling irritable when practical obligations interrupt your mood. This awkward gap between your feelings and your duties will pass in a few days, but right now it's making small decisions feel surprisingly complicated.

♂ Mars qx Quincunx ♇ natal Pluto

You feel a disconnect between what you want to do and what actually works, making it hard to push forward on projects or goals. Your usual drive feels misaligned with deeper patterns in your life, so **you keep starting things only to realize they need reworking**. Over the coming weeks, the practical fix is to slow down and check whether your current direction matches what you actually want long-term.

♃ Jupiter * Sextile ♁ natal Chiron

Over the coming weeks, you find it easier to talk about your past difficulties without getting stuck in them. When something painful comes up, you can **acknowledge it and move forward** rather than dwelling on old hurts. This practical shift makes your conversations with friends or a therapist more productive, and you actually feel lighter afterwards.

☉ Sun * Sextile ♃ Jupiter

These days you feel more **willing to take reasonable risks** and try things you've been putting off. People around you seem more generous with their time and help, making it easier to move forward on practical goals. This period brings a straightforward boost to your confidence without the pressure to overcommit or perform.

☉ Sun ☿ Quincunx ♅ Uranus

At the moment you feel pulled in two directions without clear reason, and small changes in routine throw you off balance more than usual. Your usual way of doing things no longer feels quite right, but you don't yet see what would work better, which creates **restless dissatisfaction**. These days minor adjustments in your practical life take more energy and patience than they should.

☉ Sun △ Trine ♄ Chiron

Right now you find it easier to **talk about what actually happened to you** without getting defensive or ashamed. Your practical ability to understand your own patterns improves, and you can explain your mistakes to others without needing to apologize repeatedly. This makes conversations feel clearer and less emotionally exhausting than usual.

LUNAR DAY

Moon in ♌ Leo · Day 26 / 30 · Last Quarter

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
