## KEY TRANSIT FACTORS

### ☿ Mercury ∟ Semi sextile ♀ Venus ★

These days you find it easier to say what you actually think without hurting people's feelings. Your words come out softer and more **considerate** than usual, which makes conversations feel more natural and pleasant. This is a good time to have difficult talks or ask for something you want, because people are more likely to listen and respond well.

### ♇ Pluto ∟ Semi sextile ☿ natal Mercury

Your thinking becomes **sharper and more direct** while this transit is active, and you find yourself cutting through confusion to get to what actually matters. People respond well to your communication right now because you speak with real conviction and skip the unnecessary parts. Over the coming weeks, you may notice conversations go deeper than usual and that others take your words seriously.

### ☿ Mercury △ Trine ♁ natal NNode

These days you find it easier to **say what you actually mean** without second-guessing yourself. Your conversations flow naturally toward the topics and people that matter most to you, and others respond well to your straightforward approach. Over the coming weeks, this clarity with words opens doors socially and professionally that usually feel harder to walk through.

### ♁ NNode ♂ Conjunction ☿ natal Mercury

While this lasts, you find yourself drawn to people and conversations that feel more meaningful than usual. You're more likely to speak up about things that matter to you and to **listen carefully when others share their real thoughts**. These days your practical communication skills improve, and you notice you can explain yourself more clearly in work meetings or personal discussions.

### ♂ Mars \* Sextile ♄ natal Saturn

Right now you're able to **push forward on projects that actually matter** without burning yourself out or making reckless moves. Your practical side is working smoothly with your drive, so you can set a realistic pace and stick to it. These days you get things done not by forcing them but by showing up consistently and letting the work speak for itself.

### ♂ Mars ☉ Opposition ☾ natal Moon

Right now you're more **irritable and quick to react** than usual, especially when someone upsets your plans or questions your feelings. Your emotional responses feel stronger and harder to control, which can create unnecessary conflict with people close to you. These days you need to notice this pattern and step back before you speak, because your impulse to push back or argue is working against you.

### ♃ Jupiter Rx · ♒ Aquarius

Ideas about social progress, collective improvement, and future-oriented goals turn inward during this period. Idealism that has been driving group efforts may need grounding in more concrete assessment. Reviewing rather than promoting your vision of how things could improve serves you better right now.

### ☉ Sun □ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

### ♿ Mercury ☌ Semi sextile ☿ Mars

These days your mind works faster than usual and you naturally think about how to get things done instead of getting stuck in overthinking. You find it easy to **say what you mean without being rude**, which means conversations at work or home move forward instead of dragging on. This is a good time to tackle a practical problem or make a decision you have been putting off.
