KEY DATE

♅ Uranus stations Direct

Uranus turning direct after months backward means **stuck situations finally shift** — delays in tech, contracts, or unusual projects resume their forward motion. What felt **blocked or confusing** about your routines, friendships, or work systems becomes **clearer to act on** now that the planet moves the way it normally does. Most people notice they can **make real changes** instead of just thinking about them, whether that's switching jobs, updating systems, or ending relationships that went nowhere during the retrograde.

KEY TRANSIT FACTORS

☾ Moon △ Trine ♄ natal Saturn ★

Right now you find it easier to stick to what matters and let go of what doesn't, because your emotions are working with your sense of responsibility rather than against it. You show **natural follow-through** on commitments and don't feel as pulled by distractions or self-doubt. Over the coming weeks, people notice you're reliable and calm, and you can handle practical tasks without the usual inner friction.

♀ Venus * Sextile ♆ natal Neptune

You find it easier to be **gentle and accepting** with people right now, even when they disappoint you. Your *Venus* sextile to your *Neptune* makes you more forgiving and less likely to hold grudges over small slights. This softness in how you treat others tends to make your relationships feel safer and more connected over the coming weeks.

♂ Mars □ Square ♆ natal Neptune

Right now you're prone to **acting on half-baked ideas without checking the facts first**, which creates practical problems you have to clean up later. Your usual ability to read between the lines shuts down while *Mars* pushes you to move fast, so you push forward on projects that don't actually work the way you imagined. Over the coming weeks, frustration builds because your efforts feel scattered and your goals keep shifting, leaving you exhausted and wondering why nothing stuck.

♀ Venus * Sextile ☉ natal Sun

Right now you find it easier to **be yourself around others** without overthinking or apologizing for who you are. People respond well to this natural confidence, and social interactions feel less effortful than usual. Over the coming weeks, this *Venus* support to your *Sun* makes it simpler to attract opportunities and build connections without forcing anything.

♂ Mars □ Square ☉ natal Sun

Right now you're running into **friction between what you want to do and what you actually have the energy for**. People around you might feel your impatience or see you push too hard on small disagreements that normally wouldn't bother you. This restless mood will fade in a few weeks, but for now you need to notice when you're forcing things instead of letting them happen naturally.

☉ Sun * Sextile ♃ Neptune

Right now you find it easier to **notice what others need without them having to ask**, and people respond well to this attentiveness. Your practical decisions feel less rigid, and you can hold two opposite ideas at once without getting stuck. This period is good for creative work, counseling conversations, or any situation where you need to read between the lines.

☾ Moon □ Square ♅ Uranus

These days you feel restless and want to break free from routines that suddenly feel suffocating, even if they were fine yesterday. Your **mood swings unpredictably** and you push away people who try to comfort you or offer practical help. While this lasts, small emotional disappointments hit harder than usual, and you may snap at others or make sudden changes you regret later.

☾ Moon ☌ Opposition ♇ Pluto

At the moment, you feel **emotionally defensive** about things you normally keep private, and small comments from others can trigger a disproportionate reaction. The *Moon* opposition *Pluto* brings up buried feelings and makes you suspicious that people want to control or manipulate you, even when they do not. These days, your mood swings are sharper, and you may push away someone close to you just to prove you are not dependent on them.

Moon in ♋ Cancer · Day 16 / 30 · Full Moon
