KEY TRANSIT FACTORS

♇ Pluto * Sextile ☾ natal Moon

You find it easier right now to talk about what you actually feel instead of keeping things hidden. Your **emotional honesty** comes across as natural and calm, so people listen and respond well. Over the coming weeks, this means conversations with family or close friends become more real and less guarded.

♇ Pluto * Sextile ♄ natal Saturn

You find it easier right now to **follow through on difficult commitments** without burning out or second-guessing yourself. The combination of *Pluto* and *Saturn* gives you practical resolve rather than harsh self-criticism, so you can push toward your goals without feeling punished for it. Over the coming weeks, you may notice you're getting real results from work you started months ago, and that feels genuinely good.

♆ Neptune qx Quincunx ♁ natal Chiron

While this lasts, you may notice **difficulty separating your own pain from other people's problems**. You feel drawn to help or rescue someone, but the situation stays unclear and drains you without resolution. Over the coming weeks, set practical boundaries about what you can actually do rather than getting pulled into situations that feel emotionally important but ultimately aren't yours to fix.

☿ Mercury ⊥ Semi sextile ☾ natal Moon

Your thoughts become more **aligned with what you actually feel** right now, so conversations flow more naturally and people respond well to you. You find it easier to put emotions into words without overthinking, which makes social interactions feel less exhausting. This small shift makes everyday exchanges with friends and family go smoother than usual over the coming weeks.

☿ Mercury □ Square ♄ natal Saturn

Your thinking feels slower and more critical right now, as if your mind is working against you instead of for you. You second-guess yourself constantly, rewrite emails before sending them, and **struggle to say what you actually mean**. These delays and self-doubt can make practical tasks like paperwork, contracts, or explaining yourself to others feel exhausting and unnecessarily hard over the coming weeks.

☉ Sun □ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun ☾ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

☉ Sun ☿ Conjunction ♄ Saturn

Right now you are more aware of your own limits and what you actually need to do versus what you want to do. You become **more serious about your responsibilities** and less interested in shortcuts or excuses. This is a practical time to make concrete progress on something that matters, even if it feels slow or requires discipline.

LUNAR DAY

Moon in ♎ Libra · Day 23 / 30 · Last Quarter

The social atmosphere becomes more diplomatic during this transit, with more care taken to avoid unnecessary friction. Decisions slow down as multiple perspectives get weighed, and outright conflict feels harder to initiate than usual.

CLOTHING & JEWELRY
