KEY DATE

☿ Mercury enters ♐ Sagittarius

Mercury in *Sagittarius* brings **direct, blunt communication** — people say what they think without much filtering, which can clear the air or create awkward moments depending on who's listening. At work and in conversations, you'll notice **big-picture talk** taking over, with less patience for small details or nitpicking, so getting agreements in writing becomes more important. *Sagittarius* also pushes curiosity and debate, so **arguments stay friendly** longer than usual, even when people disagree strongly.

KEY TRANSIT FACTORS

☿ Mercury ☾ Semi sextile ♃ natal Jupiter ★

While this lasts, you find it easier to **see the bigger picture in conversations** and explain your ideas in ways that actually land with people. Your thoughts naturally connect to larger themes, so even casual discussions feel more meaningful and productive. Over the coming weeks, this mental clarity makes it simpler to learn new things and share what you know without overthinking it.

♊ NNode ☿ Quincunx ☾ natal Moon

Over the coming weeks, you'll notice your usual emotional comfort habits don't quite work the way they normally do. You might feel pulled toward new social connections or group activities that don't match your typical preference for familiar people, leaving you **restless and slightly off-balance**. The mismatch between what feels safe emotionally and what seems important to pursue socially will gradually push you toward small changes in how you relate to others.

♊ NNode ☐ Square ♄ natal Saturn

Right now you feel caught between wanting to try something new and a nagging fear that you will fail or waste time. You become **unusually self-critical about your abilities** and may avoid taking any real action because the stakes feel too high. Over the coming weeks this friction between caution and growth can actually force you to make a real choice instead of drifting, though the discomfort while you decide is genuine.

☿ Mercury ☐ Square ♀ natal Venus

Right now your words and your feelings are out of sync, so you say things that hurt people you care about without meaning to. You notice **blunt honesty replacing your usual tact**, and conversations that should feel warm come across as cold or critical instead. Over the coming weeks, pay attention to how quickly you speak before checking whether what you're saying matches what you actually feel.

♀ Venus ☾ Semi sextile ♁ natal Chiron

Over the coming weeks, you find yourself **more willing to talk about things that usually embarrass you**, and people respond with real kindness instead of judgment. Small acts of self-care start feeling less like indulgence and more like basic respect for yourself. This gentle period gives you a chance to practice being honest about your needs without shame getting in the way.

☉ Sun ☾ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun ☿ Quincunx ♁ Uranus

At the moment you feel pulled in two directions without clear reason, and small changes in routine throw you off balance more than usual. Your usual way of doing things no longer feels quite right, but you don't yet see what would work better, which creates **restless dissatisfaction**. These days minor adjustments in your practical life take more energy and patience than they should.

☾ Moon ☿ Quincunx ☿ Mercury

At the moment your *Moon* and *Mercury* are at odds, which makes it hard to say what you actually feel without overthinking it first. You might notice yourself **second-guessing your own reactions** or explaining your emotions in ways that don't quite fit the actual situation. This awkward angle between emotion and thinking tends to create mild frustration until you accept that some feelings just don't translate neatly into words.
