## KEY TRANSIT FACTORS

### ☉ Sun \* Sextile ☾ Moon \*

These days you find it easier to know what you actually want and then act on it without second-guessing yourself. Your **practical needs and your emotional needs are pointing in the same direction**, so decisions feel less confusing. This alignment between the *Sun* and *Moon* means you can move forward with both confidence and peace of mind.

### ☿ Mercury qx Quincunx ♇ natal Pluto

Right now your mind is picking up on uncomfortable truths that you normally ignore, and you feel compelled to talk about them even though it makes conversations awkward. You may notice **your words come across more bluntly than usual**, especially about other people's behaviour or secrets, which can create friction in relationships. Over these coming weeks, you'll do better if you pause before speaking and ask yourself whether what you're about to say actually needs to be said right now.

### ♁ Chiron Δ Trine ♃ natal Jupiter

While this lasts, you're more willing to talk about what actually hurt you in the past without getting stuck in blame. Your **practical honesty about your own weak spots** makes people trust you more, and they often open up to you about theirs. Over the coming weeks, this becomes an actual advantage in your relationships and work because you can help others without pretending you have all the answers.

### ♅ Uranus Δ Trine ♂ natal Mars

These days you feel **willing to try things in new ways** without the usual hesitation that normally holds you back. Your practical actions become more flexible, and you find yourself breaking your own rules in ways that actually work out well. Over the coming weeks this confidence gives you the freedom to pursue goals that once seemed too risky or unconventional.

### ♃ Jupiter □ Square ☾ natal Moon

Right now you feel **emotionally restless and dissatisfied** with situations that normally comfort you, like time with family or your home routine. You might overcommit yourself or make promises you cannot keep because your judgment about what you can actually handle is off. Over the coming weeks, this mismatch between what you want and what is realistic creates friction in your personal relationships and leaves you feeling bloated rather than nourished.

### ♃ Jupiter qx Quincunx ♄ natal Saturn

Over the coming weeks, you feel caught between wanting to expand and needing to play it safe. You might say yes to an opportunity at work or in a relationship, then immediately feel anxious about whether you can actually handle it. **This creates a practical tension where you're pulling yourself in opposite directions**, making it hard to commit fully to new plans or let yourself relax into them.

### ☉ Sun ☐ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

### ☉ Sun ♂ Conjunction ♅ Uranus

At the moment, you feel **restless and impatient with routines that normally work fine**. You might suddenly want to change something about how you look, where you work, or how you spend your time, even if there's no real problem. This push to break free or do something different is normal right now, so notice what you actually want to change versus what's just nervous energy looking for an outlet.
