KEY TRANSIT FACTORS

☾ Moon △ Trine ♄ Saturn ★

These days your **emotions feel steady and reliable** instead of all over the place. You can handle practical problems without getting upset, and people around you notice you're calmer than usual. This is a good time to sort out real issues because your feelings aren't getting in the way of clear thinking.

☿ Mercury ☌ Conjunction ♆ natal Neptune

Right now your thinking feels **less precise and more imaginative** than usual, which can help you see possibilities others miss but also makes it harder to focus on details. You might notice your mind wandering in conversations or find yourself changing your mind about things you felt certain about last week. These days *Mercury* and *Neptune* are working together, so use this period for brainstorming and creative writing rather than for tasks that need careful accuracy or planning.

☿ Mercury ☌ Conjunction ☉ natal Sun

Right now your thinking is clearer than usual, and you find yourself talking more and explaining your ideas without effort. People around you respond better to what you say because you're **more direct and confident in conversation**. These few weeks are a good time to handle emails, meetings, or decisions that need clear communication.

♄ Saturn □ Square ♂ natal Mars

Right now you're running into delays and resistance whenever you try to push forward on anything. Your usual speed and confidence feel blocked, and you may notice **frustration building because things take twice as long as you expect**. This period is teaching you that forcing your way through doesn't work, though that lesson feels uncomfortable while you're living it.

☾ Moon ∟ Semi sextile ♂ natal Mars

You're feeling **quietly more decisive** these days, and small tasks that usually feel tedious become easier to start. Your emotional state and your drive are working together instead of against each other, so you follow through on what matters without the usual inner resistance. This gentle alignment between *Moon* and *Mars* gives you just enough momentum to turn intentions into action over the coming weeks.

♂ Mars ☌ Conjunction ♁ natal Chiron

You are more aware of where you feel hurt or inadequate, and you want to do something about it instead of just thinking about it. Your instinct right now is to **push through pain or prove yourself capable**, which can help you take practical steps but might also make you rush into situations without patience. These days you need to watch whether you are acting from genuine confidence or from a need to overcome old doubts.

☉ Sun ∟ Semi sextile ♀ Mercury

These days you find it easier to **say what you actually think** without overcomplicating things or getting stuck in your own head. Your mind and sense of purpose line up naturally, so explaining yourself to others feels straightforward rather than exhausting. This is a good window for conversations, presentations, or decisions where you need to be both clear and confident about what matters to you.

☾ Moon ⚡ Quincunx ♂ Uranus

At the moment, your emotional needs and your urge to break free from routine are **pulling in opposite directions**, making it hard to know what you actually want. You might feel restless in situations that used to feel safe, or suddenly need independence just when you were settling into something comfortable. These conflicting impulses won't resolve quickly, so expect a few weeks of awkward adjustments as you figure out what needs to change.
