KEY TRANSIT FACTORS

♀ Venus * Sextile ♃ natal Jupiter ★

Right now you find it easier to say yes to social invitations and to be generous with your time and money without feeling like you're overdoing it. People respond well to you these days because you're **more relaxed and approachable**, which opens doors in both your personal relationships and practical opportunities. This period is ideal for asking for what you want or pursuing something you've been putting off, since your confidence and optimism are naturally higher.

♃ Jupiter □ Square ♀ natal Venus

Right now you are **overestimating what others feel about you**, which makes you push harder for approval or affection than is actually welcome. You may spend more money on gifts or experiences hoping to win someone over, or say too much too soon in a new relationship because you feel so confident about the connection. When the other person does not respond with the same enthusiasm, you feel rejected and confused about where things went wrong.

☉ Sun * Sextile ♃ natal Jupiter

You're feeling more confident about your abilities right now, and you're probably taking on projects or conversations you might normally avoid. Your natural optimism is working in your favor — people respond well to your **straightforward, encouraging attitude**, and doors tend to open more easily. Over the coming weeks, trust this momentum to try something new or pitch an idea you've been sitting on.

♃ Jupiter * Sextile ♅ natal Uranus

You feel more **willing to try new approaches** to problems that have stalled, and practical opportunities show up that wouldn't have occurred to you before. Your natural caution loosens just enough to let you act on ideas you'd normally dismiss as too risky or unconventional. Over the coming weeks, this openness pays off in concrete ways—whether that's a new connection, a different way of working, or simply discovering that change is less frightening than you thought.

♂ Mars ∟ Semi sextile ♁ natal Chiron

These days you're finding it easier to take action on things that usually make you hesitant or self-conscious. Your **willingness to try despite old doubts** is genuine right now, and small steps forward feel less risky than they normally do. Over the coming weeks, you may notice you're actually doing the practical work instead of just thinking about it.

♄ Saturn Rx · ♊ Gemini

Mental discipline and consistency in communication are being tested right now. Projects that require sustained intellectual effort may expose areas where your commitment has been shallow. Returning to half-finished work rewards you more during this period than starting fresh.

☉ Sun ☿ Conjunction ☾ Moon

These days you feel more **aligned between what you want and what you feel**. Your emotional needs and your sense of direction match up, so you act with fewer doubts and less second-guessing yourself. This is a practical advantage when you need to make a choice or move forward on something that matters to you.

☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun ♌ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

LUNAR DAY

Moon in ♎ Libra · Day 30 / 30 · Waning Crescent

The social atmosphere becomes more diplomatic during this transit, with more care taken to avoid unnecessary friction. Decisions slow down as multiple perspectives get weighed, and outright conflict feels harder to initiate than usual.
