KEY TRANSIT FACTORS

♃ Jupiter ☾ Semi sextile ♁ natal Uranus ★

Over the coming weeks, you feel **more willing to try new approaches** without abandoning what already works for you. Small opportunities for practical change show up in your routines, and you have the confidence to test them out. This is a good time to experiment with a new habit or way of doing something because the risk feels manageable and the potential payoff feels real.

♃ Jupiter ★ Sextile ♀ natal Venus ★

These days you find it easier to say yes to social invitations and connect with people who matter to you. You feel **naturally generous** with your time and attention, which makes others want to be around you more. This period is ideal for deepening friendships, starting new relationships, or simply enjoying the company you keep without forcing anything.

♁ NNode ★ Sextile ☿ natal Mercury

Over the coming weeks, you find it easier to say what you actually think instead of holding back. Your conversations feel more natural and people seem to listen better when you speak. This period supports **clearer communication**, especially about topics that matter to you, as *the North Node* smooths the way for *Mercury* to work at its best.

♁ NNode ☐ Square ♀ natal Venus

Right now you are more **critical of your relationships and what you want from them**, and this makes it harder to enjoy the people close to you. You might find yourself questioning whether your partner, friends, or family actually fit what you need, or you push them away before they can disappoint you. Over the coming weeks, this friction can help you get honest about what you will and will not accept from others, but the process feels uncomfortable and isolating while it lasts.

♂ Mars ☾ Semi sextile ♁ natal NNode

These days you feel more **direct and purposeful about pursuing what matters to you**, without the usual second-guessing. *Mars* is giving you a practical push to act on the interests and connections that actually fit who you are. Over the coming weeks, small steps forward in the right direction will feel easier and more natural than they usually do.

☉ Sun ☾ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun ☐ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. *Sun* square *Jupiter* pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

☉ Sun △ Trine ♁ NNode

Right now you find it easier to **do what actually suits you** instead of what you think you should do. People around you notice you seem more confident in small choices, like speaking up in meetings or trying something new without overthinking it. This period supports you in building habits and friendships that feel genuinely right for your life.

LUNAR DAY

Moon in ♒ Aquarius · Day 26 / 30 · Last Quarter

Emotional detachment increases these days, making abstract discussions and group concerns feel more engaging than personal ones. People respond better to logic than to feeling right now, and the need for independence runs noticeably higher.
