## KEY DATE

### ☉ Sun enters ♓ Pisces

*The Sun* moving into *Pisces* shifts attention toward **listening and flexibility** for the next month, making people naturally more **willing to adjust plans** instead of pushing forward rigidly. At work and in relationships, you'll notice others become **harder to pin down** — deadlines slip, people change their minds, and vague agreements replace firm commitments, which requires patience rather than frustration. *Pisces* season softens the usual drive to compete or win, so **collaboration and going with the flow** tend to work better than direct pressure during this time.

## KEY TRANSIT FACTORS

### ☉ Sun ∟ Semi sextile ♁ natal Uranus

These days you feel **more willing to try new approaches** without forcing big changes or making yourself uncomfortable. You notice small opportunities to do ordinary things differently, and they actually work out. This is a good time to test small experiments in your work or routines because your usual caution is relaxed just enough to let you be flexible.

### ♃ Jupiter □ Square ♁ natal NNode

Over the coming weeks, you may feel pulled to take on more than you can reasonably handle, which can frustrate your actual sense of direction. Your **confidence outpaces your judgment**, making you say yes to opportunities that don't fit your real priorities or skills. This misalignment between what you think you should do and what actually works for you creates unnecessary setbacks and wasted effort.

### ☿ Mercury qx Quincunx ♁ natal Chiron

Over the coming weeks, you may notice that talking about your past experiences feels awkward or incomplete, as if the right words keep slipping away. You find yourself **starting to explain something painful, then stopping halfway through** because the explanation doesn't quite land. This mismatch between what you feel and what you can actually say might frustrate you, but it can also prompt you to try different ways of understanding what happened to you.

### ♇ Pluto △ Trine ♁ natal Chiron

You find yourself **naturally helping others with their struggles** right now, and people seem to trust you more easily than usual. Your own past difficulties suddenly feel less raw, which frees up your attention to actually listen and support the people around you. Over the coming weeks, this practical compassion becomes one of your strengths rather than something that exhausts you.

### ☉ Sun ♂ Conjunction ♀ natal Venus

Right now you're more **drawn to people and less interested in being alone**. You find it easier to start conversations, accept invitations, and let others see you as you really are. This period is good for asking for what you want in relationships, because you're more confident that you deserve it.

### ☉ Sun ∟ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

› Moon ☐ Square ♀ Mercury

Right now your **feelings and thoughts are working against each other**, making it hard to say what you actually mean. You might feel irritated or misunderstood because your emotions are moving faster than your ability to explain them. These days conversations tend to go sideways even when you're trying to be clear, because *Moon* and *Mercury* are pulling in opposite directions.

› Moon ♂ Conjunction ♄ Saturn

Right now you're more aware of what you actually need versus what you think you should want, and you're less likely to chase feelings that don't hold up under real-world pressure. **You become more cautious and realistic about emotional commitments**, which means you might feel less enthusiastic but also less likely to make promises you can't keep. This period favors practical conversations about responsibilities and honest check-ins about relationships, even if they feel a bit heavy.

LUNAR DAY

Moon in ♊ Gemini · Day 9 / 30 · First Quarter

**Social activity picks up** for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.

CLOTHING & JEWELRY
