KEY TRANSIT FACTORS

☾ Moon ∟ Semi sextile ♁ natal Chiron

Right now you find it easier to talk about things that usually embarrass or hurt you, and people respond with genuine understanding instead of judgment. Your **willingness to be honest about your struggles** creates real connection with others who have felt the same way. Over the coming weeks, this openness helps you move past old shame without needing to overthink it.

♃ Jupiter ∟ Semi sextile ♀ natal Venus

Over the coming weeks, you find it easier to say yes to social invitations and to express what you actually like about the people around you. **You're more generous with compliments and attention**, which tends to make conversations warmer and more genuine. This small shift in how you show up socially often leads to better connections and a quiet sense of contentment in your relationships.

☿ Mercury * Sextile ♂ natal Mars

These days you find it easier to say what you actually want without overthinking it, and people respond well to your directness. Your mind is **quick and purposeful**, so tasks that normally feel scattered come together faster when you tackle them head-on. This is a good window to pitch ideas, negotiate, or take action on something you've been planning.

☉ Sun ◻ Square ☿ natal Mercury

Right now you're finding it hard to say what you actually mean, and people keep misunderstanding you even when you're trying to be clear. Your **thoughts feel scattered and your words come out wrong**, which makes conversations frustrating for everyone involved. Over the coming weeks, you'll need to slow down and write things out or repeat yourself more often, because your usual way of communicating just isn't landing.

♂ Mars △ Trine ☉ natal Sun

These days you have natural **momentum behind your plans**, and things you start tend to move forward without you having to push as hard. Your physical energy is steady and reliable right now, so you can tackle practical tasks or exercise routines without the usual fatigue getting in the way. The combination of *Mars* and your *Sun* means your confidence and your ability to act are working together, making it easier to do things that actually matter to you.

☉ Sun ∟ Semi sextile ☿ Mercury

These days you find it easier to **say what you actually think** without overcomplicating things or getting stuck in your own head. Your mind and sense of purpose line up naturally, so explaining yourself to others feels straightforward rather than exhausting. This is a good window for conversations, presentations, or decisions where you need to be both clear and confident about what matters to you.

☉ Sun ☐ Square ☿ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. Sun square Jupiter pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

☾ Moon ☒ Quincunx ♃ Neptune

These days your emotional reactions don't match what's actually happening around you, and it takes effort to figure out why. You might feel **vaguely unsettled or pulled in different directions without a clear reason**, making it hard to trust your own feelings. This mismatch between your gut and reality tends to fade once you slow down and check the facts instead of following your first impression.

LUNAR DAY

Moon in ♍ Virgo · Day 11 / 30 · First Quarter

Attention sharpens on what is not working right now — small errors and inefficiencies become harder to ignore than usual. **The tendency to organize, correct, and refine** runs stronger for the next day or two, sometimes at the cost of the bigger picture.
